National Thrift Day

JANUARY 17th.

As the birthday anniversary of Benjamin Franklin, America's most ardent exponent of economy, Thrift Day holds a dual and deep significance.

Designated as a day not only on which to reflect upon and realize the individual and national importance of thrift, it will be primarily

A Day for United Action

when many will consider the establishing or increasing bank accounts as particularly appropriate.

With the enthusiastic cooperation of hosts of Americans, the war waged on waste will be won—and THRIFT set in the place of honor.

The Wonders of America

By T. T. MAXEY

THE CATHEDRAL OF ST. JOHN, THE DIVINE.

THE corner stone of this great Episcopal house of worship, which crowns Morning-side Heights in New York city, was laid on December 27, 1892. This church was designed to be the largest and most costly church edifice in America and the fourth largest in the world. St. Peters at Rome and the cathedrals at Seville, Spain and Milan, Italy, only being larger. It will be over 600 feet long and its greatest width 300 feet. The total cost will exceed \$10,000,000, and although it has been under construction for more than twenty-six years, no one can now say when it will be completed.

The architecture is of the French gothic style. The plans for the great organ call for 7,000 pipes and a chime. The crypt will seat 500 and the altar is to contain 150,000 pieces of mosaic glass. It will contain seven chapels of tongues: St. Martin of Tours or Huguenot chapel, representing the French rite; St. James or Spanish chapel, representing the Mozarabic rite; St. Ambrose, representing the Italian rite; St. Saviour, representing the Oriental rite; St. Columba or Scots chapel, representing the British rite; St. Boniface or Holland chapel, representing the German rite, and St. Augustine or Swedish chapel, representing the Scandinavian rite. There is to be also an open-air pulpit with a 40-foot high spire and ornamentations in gothic structures.

Donations, large and small, have come from every conceivable source and direction, to assist in the erection of that which is to be America's greatest cathedral—a cathedral for the people in America's greatest city.
