GOVERNOR EDWARDS

Edward I. Edwards, the new governor of New Jersey, who was elected in a "wet" ticket.

ORGANIZED LABOR ENTERS POLITICS

Washington—Organized labor, 3,000,000 strong, has thrown its hat into the political ring.
Vigorously denouncing congress, which, it was said, "has failed to do its duty," the American Federation of Labor announced the appointment of a national non-partisan political campaign committee which will mobilize trade unionists and "all lovers of freedom" in an effort to defeat candidates indifferent or hostile to labor and to elect "true and tried" friends of the trade-union movement.
Not waiting for the general election in November, the campaign will be started immediately and pursued without relaxation through the primaries, in which, it is stated, all aspirants for office will have their records "analyzed, stated in unmistakable language and given the widest possible publicity."
This program applies to all candidates, from presidential nominees down.

U. S. CASUALTIES 302,614

List includes 221,059 Wounded, 77,118 Deaths, 4432 Captured.
Washington—Corrected figures on casualties in the American expeditionary forces published by the war department brought the total to 302,612, instead of 298,061, as shown in figures compiled from weekly reports furnished the press. The corrected total was compiled by the adjutant-general, after comparing his records with those from France.
The difference was due primarily to the inclusion in the revised statistics of the total number of cases of wounds reported, instead of the number of individual soldiers receiving wounds. It sometimes happened that a soldier was wounded several times.
The corrected figures were 221,059 wounded, 77,118 deaths, 4432 captured by the enemy and three missing in action. Casualties in Siberia were not included.

Railroads Guaranteed 5 1/2 Per Cent.

Washington—A return of 5 1/2 per cent on the aggregate value of the railroads would be guaranteed by the government for a period of two years under an agreement reached by the senate and house conferees on the railroad bill.

Meat Pack Five Billion.

Chicago—Total output of the meat packing industry in the United States for 1919, was estimated at more than \$5,000,000,000 in a statement given out by the Institute of American Meat Packers.

Cattle—Best steers, \$12.25@12.75; butchers, \$10.50; calves, \$7@11.

TREATY AGAIN IS BEFORE SENATE

Peace Pact Brought up For Consideration Monday; Bitter Fight Forecast.

Washington.—The peace treaty was formally brought back into the open senate Monday, but as soon as parliamentary barriers to its consideration had been removed it was put aside again for a period of waiting, which the leaders said would last at least a week.

Suspending its rules by a bi-partisan majority of seven to one and virtually without debate, the senate reconsidered in short order the action by which ratification failed on November 19 and then, as a matter of formality, sent the treaty to the foreign relations committee with instructions to report it back at once with the reservations framed by the republicans at the last session.

Although prompt agreement is expected generally on many of the minor points at issue, a long and bitter contest is forecast over article 10 and perhaps a few other treaty provisions.
Besides the outstanding issues of the treaty fight the most prominent subject of discussion among senators was the letter of President Wilson and made public by Senator Hitchcock. The president's renewed declaration of opposition to some of the language of the republican reservations were interpreted in different ways.

Although the president's letter was written before publication of the statement of Viscount Grey regarding reservations, in some quarters it was suggested that the letter would not have been permitted to become public if the British statesman's views had resulted in any change in the president's position.

TROOPS REPULSE KENTUCKY MOB

Lexington, Ky.—Four persons were killed and fifteen were wounded here when a mob intent upon lynching William Lockett, a negro, who confessed to the murder of 10-year-old Geneva Hardman, charged the court house during Lockett's trial and was fired upon by police and state troops.

Two women were reported to be among those shot by the state troops. The clash with the soldiers held the mob while the authorities managed to slip the negro away to a place of safety.

While the mob, the ring-leaders of which carried a rope, was attempting to get into the court house to get Lockett, a jury found him guilty of first degree murder and a minute or two later the negro was sentenced to die in the electric chair March 11.

Lexington and all of Fayette county were placed under martial law by Brigadier General F. C. Marshall upon his arrival from Camp Taylor with 300 troops of the first division.

LANE TO RETIRE MARCH 1

Both President and Secretary Express Regret at Serving Relations.

Washington—President Wilson accepted, effective March 1, the resignation of Franklin K. Lane, for nearly seven years secretary of the interior.

Letters exchanged between the president and Secretary Lane, which were made public, indicate that good feeling marked the retirement. Both the president and Lane expressed regret. Lane resigned, it is understood because it was necessary for him to earn more money than a cabinet officer's salary.

KOREANS ATTACK JAP POST

Movement Said to Be Initiation of a Big Rebellion.

Washington—Official dispatches received here said a force of 2000 Koreans, armed principally with equipment furnished by the bolsheviks, crossed into northern Korea from Kirin, Manchuria, and attacked a Japanese post of 700 men at night, killed 300 of them and routed the remainder.

According to these dispatches the attack was the initiation of an active rebellion in Korea. It was described as "the beginning of a tremendous affair."

U. S. Court Affirms Albers Sentence.

San Francisco.—The United States circuit court of appeals here affirmed a decision of the federal district court of Portland, Or., imposing a fine of \$10,000 and three years' imprisonment on Henry Albers, a Pacific coast miller, on charges of violating the federal espionage act.

Lloyd George Less Harsh on Germans. London.—Premier Lloyd George is reported to favor a substantial modification of the list of Germans whose surrender the allies demand, the Westminster Gazette says.

FRANKLIN K. LANE

Franklin K. Lane, secretary of the interior, whose resignation has been accepted by President Wilson.

EVIDENCE AGAINST I. W. W. OUTLINED

Montesano, Wash.—The evidence on which the prosecution will attempt to prove the guilt of the 11 defendants accused of murder in connection with the Armistice day shooting at Centralia was outlined by Herman Allen, prosecuting attorney of Lewis county, in his opening statement to the jury.

That the tragedy was the fruition of a conspiracy laid weeks in advance, and that the firing upon the ex-service men was not in self-defense, but was a premeditated, murderous assault, is what the state has declared it will produce many witnesses to substantiate.

The plea of the defendants, it has been announced, is self-defense. An effort will be made to show that members of the American Legion "rushed" the I. W. W. hall in Centralia before the radicals fired a shot. The state, in its opening outlines of the prosecution's case, denied this and declared that the veterans in the parade were in line and marking time when rifle bullets thudded into the bodies of Grimm and other comrades.
The taking of testimony followed an opening statement for the defense, made by George F. Vanderveer, I. W. W. counsel.
Vanderveer's statement for the defendants was a spirited plea of the right of self-defense, combined with an exposition of the aims and principles of the I. W. W.
"I exonerate now, and forever after, the American Legion, as an organization, from any responsibility," was one startling statement. He charged, with vehemence, that the Centralia chamber of commerce fomented the class strife that led to the Armistice day affair.

BRIEF GENERAL NEWS

Two sets of delegates were elected to the Chicago national convention by the South Carolina republican state convention.

Money in circulation in the United States on February amounted to \$5,846,000,000, an increase of \$120,000,000 in one year, the treasury department announced.

Oklahoma delegates elected to the national democratic convention at San Francisco were pledged to support Senator Robert L. Owen of Oklahoma for the democratic presidential nomination.

Earl Burgess, a motion picture actor, was instantly killed near Los Angeles when he fell 700 feet from an airplane on which he was performing in the making of a comedy.

James Perry and Frank Johnson, representatives of the Y. M. C. A., were the Americans killed in the recently reported attack by Turkist brigades on a convoy of American relief supplies near Abnay in Syria, the state department was advised.

Conditions in Mexico were described as "intolerable" by General Robert Lee Howe, commander of the El Paso district, when he testified before the senate subcommittee investigating the Mexican situation at El Paso, Tex.

\$1 Day Urged for "Vets."

Washington.—Every man serving in the war would get a world war veteran bond, worth \$1 for every day in service and bearing interest at 4 1/2 per cent, under a bill introduced by Representative Osborne, republican, California. The issue would be limited to \$1,500,000,000.

Democrats Against Universal Training.

Washington.—House democrats in caucus rejected President Wilson's advice and went on record by a vote of 108 to 125 as opposed to universal military training.

Public Sale

At my Farm on the Kent Road
Four Miles South of Grass Valley

Thursday Feb 19th 1920

- Four milk cows, fresh
- Four fat hogs, weight 225

M. O'Brien, Clerk. N. Hammons, Owner

Navy's Great Airship Hangar.

The navy is purchasing its first rigid airship in England at a cost of \$2,500,000. To house it a huge hangar is to be erected at Lakehurst, N. J., which will be 800 feet long, 205 feet wide, and will have a clear inside height of 174 feet, while the total height from the ground to the peak of the roof will be over 200 feet. The steel framework will be over 6,000 tons. Two elevators and several stairways will lead to the roof. The many shops necessary for the maintenance of the airships will be built in between the great arched trusses that support the roof. Three railroad tracks will run the entire length of the building. The hangar will be large enough to hold one ship of 10,000,000 cubic feet capacity, and a smaller one at each side, or two 5,000,000 cubic feet ships side by side.—Scientific American.

Loggers Use Electricity.

A lumber company cutting timber from one of the national forests has installed over a mile of electric transmission line through the woods to supply an electric logging engine with power. It is planned ultimately to use electricity for the entire camp. Current is developed at the mill. Since many forest fires start from logging equipment and camps, the government foresters regard the introduction of electrical equipment with much favor.

Practical Economy.

"Wife ever get an economical streak?"
"She does. Only this summer she figured out she could save \$8, in one week by doing her own housework."
"How did it work out?"
"She got a cook book. I got dyspepsia and the doctor got the \$8."
