A Picture That Thrills

A motion picture that will thrill
audiences wherever it is shown, not
only because of its absorbing story,
but because of its powerful heart ap-
peal, is "The Miracle Man," a new
feature produced by George Loane
Tucker, which has been booked at
Moro Theater for Saturday, March
27th. The story deals with a notor-
ious band of crooks operating in New
York's Chinatown, who learn of an
ancient patriarch living out in the
country and possessing the power to
heal the sick and make whole the
crippled.

With the idea of making money out
of his operations, Tom Burke and his
pals go to the deaf and blind healer.
Then commences a transformation in
these crooks, that makes one of the
most fascinating stories of all times.
The chief roles are finely interpreted
by Thomas Meighan, Elinor Fair,
Betty Compson, and others of similar
calibre.

The Right Use of Money

Helps the Owner Helps Business
Helps the Community

The need of the times is for individual money surpluses.
The buying value of a dollar today, when dollars are
cheap, may double some day when dollars are dear. This
is the best possible time to gather a surplus and the Bank
of Moro is the best place to safeguard that surplus.

Place your dollars with us; they will grow in value and
we will place them, under our sound banking policy,
where they will help business and the community.

The call of the hour is for funds for productive enterprise.
They are needed to finance farms and all business, to in-
crease production, to better conditions throughout the
United States and right here in Moro.

If you have not a Checking or Savings Account already,
you are invited to open one as a means of personal better-
ment, and as an indication of public spiritedness. If you
have an account, now is the time to build it up.
