Egyptian Reed Pipes.

Specimens of Egyptian reed pipes, some of them more than 3,000 years old, have found their way into the museums. In them are, perhaps, to be found the secrets of those scales which are all that survive of a musical art too ancient for history. One writer assumes that the instinct for harmonious proportions and symmetry possessed by primitive man led him to place the holes at equal distances along his reed pipe. Thus a system of scales came into being quite naturally by purely mechanical means.

Meaning of White Spots on Nails.

One who has white spots on the nails should not become alarmed. These do not point to an early death, but are rather due to inferior nutrition and may be regarded as a warning that poor health, mental or physical, may be expected unless it be guarded against.
