The base ball game last Saturday afternoon at the local fair grounds between the "Fat and the Lean Men" was a laughable success, terminating in a draw between the two contesting sides. At the

Agricultural College State University and Ore. Normal School

classes are so overcrowded, rooms so overloaded, and teachers so few, that the three institutions will have to close the door on at least 100 Oregon boys and girls, and perhaps upon twice that number next fall, unless the new millage support bill passes on May 21.

These three institutions have, when compared with the year when the present millage support bill was passed,

150 per cent More Students but only

15 per cent More Classrooms and less than

4 per cent More Income

The fact that higher education in Oregon is in a crisis cannot be said too strongly. You are urged to work for the Higher Educational relief measure, and to help it with your vote on May 21.
