"Sowing" Dollars for a Thrift Crop

SOWING the seed is only one step in the production of a crop. If the harvest is to be abundant, favorable conditions must be maintained. To the business man, this means favorable credit conditions.

The Federal Reserve System is the great stabilizer of commercial credit conditions today. It insures an ample supply of such credit at all times.

Smothered in Bulk Grain Bin

Harold, 10-year old son of Mr. and Mrs. Hans Thompson, living at Fairview school, was smothered to death in a bulk grain bin on his father's farm while at play about nine o'clock Tuesday morning. The children had been in the habit of jumping into the grain and sliding to the center and no one knew that Harold was in the top of the bin when the machinery was started to begin loading onto the wagons the first load of this season's wheat for the haul to the warehouse.

The first any one knew of the accident was stoppage of the grain and in trying to find the cause the boy was found where he had been pulled by the out going grain. In an attempt to rescue him a hole was chopped in the side of the bin, but he was past help when taken out.

Funeral services were held from the Presbyterian church at Moro Wednesday afternoon, Rev. E. E. McVicker preaching the sermon. Interment was in the I.O.O.F. cemetery.

Expects to Move Next Week

C. L. Ireland expects to change residence location—the first of next week, moving to their new home on McCoy street. They have built the place they are leaving from an open pasture for stray horses and cattle to its present pretentious appearance since building the house several years ago. The place was entirely too large for the editor and his family and a move to a smaller house is more desirable. Carpenters were through with their work this week, interior painting, etc. is just about finished and when the plumber says he is through we move to our new home, and we will be glad to be again settled after six months from the date we sold.

Card of Thanks

We wish to most sincerely thank all our many kind friends and neighbors for their many thoughtful acts of kindness and sympathy in our sad hour of bereavement and loss of our beloved son and brother. Also for the beautiful floral offerings.
Mr. and Mrs. Hans Thompson and family.

Spirit of Success.

A writer in Physical Culture denominated enthusiasm as the most precious possession a man may have. It may be inconsistent from lack of intelligent direction. It may bubble over instead of boiling just enough, but it is the spirit that moves the world. Enthusiasm is a quality that keeps its possessor bright, alert and alive.

THE UNIVERSITY OF OREGON

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expansion of public support, the University is now entering upon an era of large development and extended usefulness.

Be Sure Your Repairs are Properly Executed

When a tire needs repairing it is best to have the work done by a man who thoroughly understands his business. Amateur repairing often results disastrously and it becomes necessary to buy a new tube or casing.
