

So Human
--it amazed all Sherman County

SOME of your friends must have been in the huge audience which heard Alice Verlet in her Tone-test recital at Wasco. Ask them about it. This is the astonishing discovery they made:

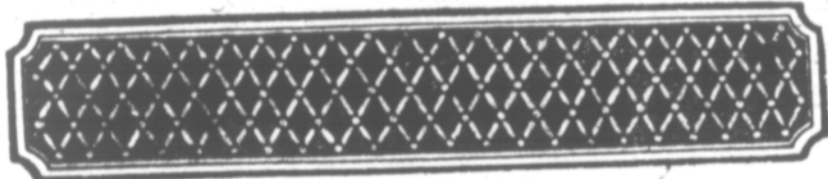

The keenest musical ear can not distinguish any difference between the voice of the living artist and the RE-CREATION of that voice by the New Edison.

And does it not amaze you, too, that Mr. Edison has succeeded in producing an instrument that captures every subtle sweetness of the human voice—that gives you all the ear can give you of the art of the world's greatest artists? No other phonograph dares to make this direct comparison.

THE NEW EDISON
"The Phonograph With a Soul"

The New Edison alone can RE-CREATE music for you. Come in and hear it for yourself. Make the great discovery for yourself.

A Corrective Statement

We wish to amend an item in our last issue in regard to the proposed road leading east of Moro. We are told that our informant, Road Engineer H. S. Wall, was in error about the signers of the remonstrance petition not being legal signers. W. C. Bryant states that practically all of them were free holders residing in road district seven, where the proposed road is located. A few taxpayers, who are not residents of road district seven, signed the remonstrance on the ground that the proposed changes in the route were useless expenditures of public money. It is further said that the idea of the petitioners was an objection to what they thought was unnecessary and expensive changes in the route. No objection was made in the petition to improving the road in its present location.

It is further stated, by those interested in maintaining the road in its present location, that although the road in question has been designated as a market road the changes proposed by the county court were only of record as pertaining to a purely county road and that, if the county court would present the sentiment of the community to the highway engineers and state commission that the changes were not desired by those who mostly travel the road that this would be agreeable to the engineers and commission.

If this latter statement is correct, it appears to The Observer that all matters in controversy could quickly be disposed of by proper action of the county court and road improvements in this vicinity could proceed.

Exhibits Important Part of Our Fair

The Sherman County Fair is less than three weeks distant. The management has done every thing in their power to make a setting for a real county fair and the outlook was never better. Much remains to be done, in fact, everything depends on materializing of the plans. Much depends on the people of the county. We want more and better exhibits than ever if possible.

We believe it the duty of every man, woman and child to exhibit the best they have in any line or any product for which a prize is offered. This creates competition and interest. The entry fee has been removed for this year. You can send your exhibit in, or it can be left at points which will be designated later in each town and arrangements will be made to have these brought to the fair by truck. This arrangement will be for small articles only.

Mrs. S. H. Arbutnot is in charge of the woman's exhibits and has arranged for a glass case so that all fancy work will be protected from the elements this year. Bring your best and help make this department one of the strongest. You can do two things to help make things go: Exhibit and Attend.

If the people of Sherman county play their part this year we will have the best County Fair in the state. Do your part and encourage others to do the same.

The Observer.

IN MEMORIAM

Maria M. Kearney was born in Lane county, Oregon, August 18th, 1855. In 1883 she married T. H. Fraser who came to Oregon from Nova Scotia. To their union seven children were born, four of whom are still living to mourn her death. They are Mrs. Verd Pentecost, Mrs. Christie Simmons, Mrs. Mabel Jones, all of Portland, and Tom Fraser, of Moro, Oregon. Her husband died in December, 1909, and was buried in Rose cemetery where Mrs. Fraser was laid to rest Wednesday, following her sudden death last Saturday from an attack of apoplexy, Doctor J. C. Ghormley of Wasco conducting the services from Moro Methodist church.

The deceased was a member of the First Christian church of Portland and attended services regularly. Mrs. Fraser was a woman of sterling character and a devoted wife and mother. She was beloved by all who knew her and leaves a host of friends to mourn her death. Besides her children she leaves two sisters, Mrs. Ed. Smith of Gresham, Oregon, and Mrs. E. E. Heiler of Moro, Oregon, and a number of nieces and nephews.

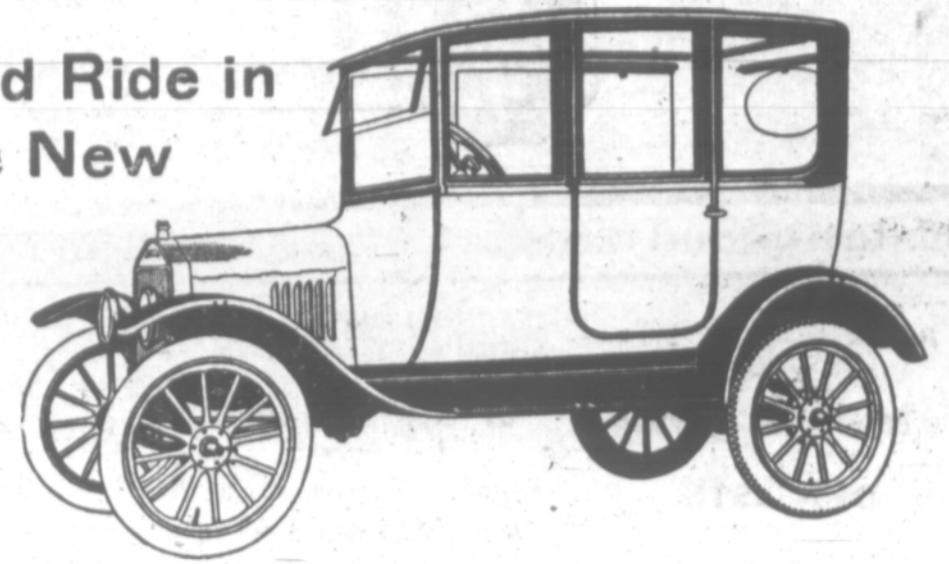

Card of Thanks

We wish to thank all our friends who helped us at the time of the death and funeral of our mother. Their many sympathetic acts of kindness will be long remembered most gratefully. Tom Fraser and Sisters.

Send your hemstitching to Mrs. L. M. Boothby, The Dalles, Oregon.

Be Sure Your Repairs are Properly Executed

When a tire needs repairing it is best to have the work done by a man who thoroughly understands his business. Amateur repairing often results disastrously and it becomes necessary to buy a new tube or casing.
