Sunday is "Rally Day" at the Presbyterian church, it is urged that every Sunday School scholar, every church member, every member of the congregation, with all who are not otherwise churching to be present at the morning services commencing at 10 a.m. and running over through the preaching hour instead of the regular sermon which is usual. Let it be made a genuine rally service.

The Ladies Aid Society of the Methodist church met with Mrs. O. B. Messinger last Thursday in their monthly social and work day. The chief object of these social meetings is a good time, but the ladies can't enjoy themselves unless they are at work so during the day they tied two comforters. Mrs. Messinger has that royal gift of friendliness that makes people at ease in her home. Twenty-five were present and all spoke of the good fellowship of the day.

Home Dollars turn the Wheels of Home Industry.

Make the most of your home dollars by keeping them in your home county where they will help pay taxes, build roads, maintain good schools and generally benefit the community. This can best be done by patronizing home merchants.

Home industry depends upon a home bank for the necessary funds for paying home people wages and salaries, buying raw materials, and meeting necessary expenses.

You can help by depositing your surplus dollars in this strong bank where they will earn interest for you. In helping to turn the wheels of home industry, they add to the prosperity of every man, woman and child in the county.
