CONGRESS PLANS PERMANENT BODY

Portland, Or.—Steps toward formation of a permanent organization were taken at the session of the Northwest Rivers and Harbors congress which convened here Monday.
 Charles Hall, president of the Oregon State chamber of commerce, which called the conference, was elected chairman. In his address he urged a lasting organization to carry on the work of encouraging river and harbor development in the Northwest and forwarding marketing of Northwest products.
 More than 100 delegates from Oregon, Washington, Idaho and Northern California points, were welcomed to Portland by Mayor George L. Baker. Responses to the address of welcome were made on behalf of Washington by Mayor W. H. Clay of Everett and on behalf of Oregon by Earl Kilpatrick of the University of Oregon.
 U. S. Senator Charles L. McNary of Oregon and United States Senator Wesley L. Jones of Washington were among the prominent speakers who addressed the conference.

 Death Summons Murray Crane, Dalton, Mass.—W. Murray Crane, former United States senator and for years a power in the Republican party, died here in the family home. The end came quietly, after four days of heavy sleep, almost of unconsciousness. The sleeping sickness had set in after an illness of several months, and it was this which immediately preceded death, the actual cause of which was said by his physician to be inflammation of the brain.

CLEAN BASEBALL TRIBUNAL WANTED

Men Above Question Desired to Take Charge and Purge Game of Evils.

Chicago.—Representatives of four major league baseball clubs have started a movement designed to "clean up baseball forever" by taking control of the game out of the hands of men financially interested and placing it under a "civilian tribunal" to be composed of men "of unquestioned public standing."
 A letter was sent to every major league club and dozens of others interested, asking their approval of the plan.
 It proposed that the national commission be abolished because "in its present form it cannot be impartial," and that in its place there be a tribunal whose members would receive higher salaries than anyone now connected with baseball. General Pershing, Major-General Leonard Wood, former President William Howard Taft, Senator Hiram Johnson, Judge K. M. Landis and William G. McArdoo are some of the men proposed for the tribunal, but the letter adds that none has been approached.
 The tribunal would be in absolute charge of all organized baseball leagues, of the players, the managers and owners and league presidents and its decisions would be beyond appeal or dispute.

HAYWOOD CONVICTION UPHOLD BY COURT

Chicago.—The United States circuit court of appeals handed down a decision upholding the conviction of William D. Haywood and ninety-three other I. W. W. who were found guilty and sentenced to Leavenworth for obstructing the draft law during the war.
 Haywood, former general secretary of the I. W. W., and most of the other defendants have been at liberty under bond for more than a year, pending hearing of their appeal.
 Haywood and fourteen other defendants were sentenced to twenty years in prison by Judge Keneaw M. Landis, and in addition were fined sums ranging from \$20,000 to \$25,000.
 Of 166 persons indicted for conspiracy, ninety-seven were found guilty and all but three appealed. Some have served out their sentences and been released.

BIG NAVY ADVOCATED

Chairman of House Foreign Relations Committee for Preparedness.
 San Francisco.—Members of the American congressional party which has been touring the Orient for the last few months, arrived in San Francisco aboard the United States army transport Madawaska.
 "America must be prepared," was the statement of Congressman Porter of Pennsylvania, who is chairman of the house foreign relations committee. "We must build first line battleships; we must recruit our navy to full strength. Present conditions make it imperative that we have a navy second to none."

Cleveland Wins First Game.
 Brooklyn.—Some 25,000 fans, the edge of whose enthusiasm was no whit dulled by the White Sox baseball scandal, filled all stands in Ebbets field and saw the Cleveland Indians, pennant winners of the American league, win by a score of 3 to 1 from the Brooklyn Dodgers, champions of the National league, in the first of this year's world series.

W. Murray Crane, ex-United States senator, who died suddenly at his home in Dalton, Mass.

DEFENSE CHARGES TORTURE IN JAIL

Pendleton.—Charges that ammonia was applied to the mouths and noses of at least three of the five prisoners recaptured following the jailbreak and the slaying of Sheriff Taylor and that other cruel means were adopted to force confessions from the men were made during the argument of the motion made by the defense in the trial of John Rathle and Elvi D. Kerby to throw out the testimony of Robin W. Fletcher, member of the grand jury, who was called to repeat the voluntary statements of the prisoners to that body.
 The motion of the defense was overruled by the court on the ground that the statements made by the defendants before the grand jury were made ten days after the alleged third-degree application in the jail, and that the defendants were not under the influence of fear when appearing before the grand jury.

FRANCE HONORS PERSHING

Medaille Militaire is Presented to American Commander.
 Washington.—"In the name of the American army that fought in France," General Pershing accepted the award of the medaille militaire, the highest military decoration within the gift of the French government.
 The presentation was made at Fort Myers by the French General Marie Fayolle, who commanded the first American troops on the western front.
