## Home Dollars turn the Wheels of Home Industry

Make the most of your home dollars by keeping them in your home county where they will help pay taxes, build roads, maintain good schools and generally benefit the community. This can best be done by patronizing home merchants.

Home industry depends upon a home bank for the necessary funds for paying home people wages and salaries, buying raw materials, and meeting necessary expenses.

You can help by depositing your surplus dollars in this strong bank where they will earn interest for you. In helping to turn the wheels of home industry, they add to the prosperity of every man, woman and child in the county.
