Official Paper for Sherman County

## The Observer

MORO, OREGON.

FRIDAY, November 5, 1920

The price of The Observer is \$1.50 per year, 75 cents for six months, 50 cents for four months—but if paid in advance we accept \$2.50 in full for 2 years. Shorter terms than one year 12% cents per month. A Blue Mark here will answer an inquiry, when entered upon our calendar, giving the date of the paper as he date at which you can get it at a special price.

In the election held Tuesday Sherman county joined with the majority of the states and counties of the country over and helped swell the tidal wave of republican votes that has put the democratic party out of national and state power in probably one of the few notable elections held in this country any time within its history.

Every state in the Union—outside of what is known as the solid south—with not to exceed one exception has given a majority for Harding. Even among the states referred to as "the solid south" there has been a break away from the democratic party, the first for many elections and in some cases probably the first in their history. The total of the amount of votes lost by democratic party to the republican party has exceeded the expectations of both the national managers of the campaign.

Sherman county gave Harding a majority of 470; Stanfield 148 over Chamberlain for United States Senator; Nick Sinnott will again represent this district in the House at the national capital; Judge Parker will continue to preside over the district circuit court; O. B. Robertson is district state senator; A. M. Wright and Carners will be our state representatives; the county officers were all elected as presented on the ballot, no opposition given; only two of the eleven measures on the ballot received favorable consideration by the voters of Sherman county, these were the increasing the term of county officers and the Port of Portland consolidation bill.

The city ticket also came in for its share of local excitement on election day with the result that of the two tickets nominated councilmen chosen to take the helm of the city ship for the next term were A. M. Wright, F. A. Sayers, R. S. Goff, councilman for 2-year term and G. B. Bourhill, W. S. Powell, and O. A. Ramsey, councilman for 4-year term.

## IN MEMORIAM

Mrs. J. T. Ashby, sister to Mrs. C. L. Ireland, died at Banks, Oregon, last Friday at midnight after an illness of four days caused by an acute attack of pneumonia. The family had moved to Banks less than ten days before her illness, where they had bought a well placed newly built home just at the edge of the city limits and within a few blocks of the business district. Before they left Grass Valley for their new home Mr. Ashby had accepted a position with the Banks Commercial Company and was moving their furniture into the new home when sickness visited them. Funeral services were held from the Methodist church of that city Monday, interment being in the cemetery nearby. Mr. Ashby's three married sisters live in and near Banks, two of the families being owners of the Banks Commercial Co., and the family had anticipated very pleasant surroundings in their new home.

Mary Emily Thomas was born near Mount Bridges, Ontario, Canada, March 23, 1877. Died at Banks, Oregon, October 24th, 1920. She came to Moro, Sherman county, Oregon, from Randall, Minnesota, in May, 1908, where, on October 22d, 1910, she was married to Joseph T. Ashby. Deceased leaves a husband; three sons Clarence Andersen, Francis Andersen, and Boyd Ashby; a sister, Mrs. C. L. Ireland of Moro, Oregon; a brother Frank J. Thomas of The Dalles, Oregon, and a father, Samuel Thomas of Randall, Minnesota.

Lola Ethyl Messinger, eldest daughter of Mr. and Mrs. O. B. Messinger, was born May 16th, 1894, at Erakinville, Oregon. Died November 2d, 1920, at the home of her parents near DeMoss. She graduated from the Moro high school in 1915; taught the Gordon Ridge school two successive terms; in February she graduated from the Oregon Normal College, August 11th, 1918, she was united in marriage to Ray C. Harris; she taught the DeMoss school the terms of 1919 and 1920. She united with the Methodist church in Moro at the age of 19 and has lived a consistent Christian life. She possessed a winning lovable character and every one with whom she met were added to the host of her many friends. She was a worthy daughter and sister and affectionate companion. She leaves to mourn their loss a precious baby, Lola Mahda, her husband, Ray C. Harris, father, mother, two sisters, Mrs. Violet Noonan, Miss Iris Messinger, two brothers, Otis and Ray Messinger. Funeral services were conducted from the Methodist church at Moro Thursday morning, November 4th, by Revs. Ghormley, Dillinger, and Miles, and the body laid to rest in the Baptist cemetery.

Mary Frances Pichette was born at St. Paul, Oregon, September 1st, 1886, later moving to Oakland, Oregon, where in 1882 she was married to Joseph LaChance. To this union ten children were born, six having passed away and four survive her. May 5th, 1902, she was married to Wm. Nelson of Adams, Oregon, and soon after moved to DeMoss Springs, Oregon, and has lived in Sherman county until death called her from us on October 21, 1920. She is survived by a husband, Wm. Nelson of Kent, Oregon, two sons, Alfred and B. H. LaChance, of Philomath, Oregon, two daughters, Mrs. Grace Gregg and Mrs. Eva Gregg, both of Kent, Oregon, and six grandchildren.

We wish to thank the many friends of our beloved daughter, sister and wife, Lola E. Harris, during our bereavement. R. C. Harris, Mr. and Mrs. O. B. Messinger, J. Ray Messinger, V. Otis Messinger, Iris Messinger, Mr. and Mrs. J. F. Noonan.

We wish to thank our many friends of Sherman county for their kindness during the sickness and for the many floral offerings that were given at the time of the funeral of our beloved wife and mother, Wm. Nelson, Mr. and Mrs. Earl Gregg, Mr. and Mrs. Carl Gregg, Alfred and B. H. LaChance.

## Farmers to Hold Meeting Next Week

Next week there will be a meeting of all the farmers of the county at the Court House in Moro. The date will be announced on posters put up in the towns later. All will be interested because Chester Gray of the National Farm Bureau and G. E. Mansfield of Medford, recently elected temporary president of the Oregon State Farm Bureau, will be there to tell you what the national is doing and what the state federation can do.

It is up to you to say whether Sherman county favors a state organization at this time or not and if so to help make it a powerful organization in the interest of the agriculture of the state. Many leading newspapers state that the national farm bureau movement is the biggest forward step for agriculture in recent decades. Every farmer has much at stake, let us not miss this opportunity to discuss problems which are ours directly and with which these men are familiar. If you are not a member of the local farm bureau this year, you will be next, so come.

W. H. Pough, father of H. T. Pough of Wasco, died at the family home at Long Beach, California, Tuesday. Mr. Pough was one of the early pioneer farmers of Sherman county, selling his property several years ago because of his health.

## Notice of Sale of Real Property

Notice is hereby given, that pursuant to the order of the Circuit Court of the State of Oregon for Multnomah County, made and entered on the 28th day of August, 1920, I will, on and after the 12th day of November, 1920, at the office of Huntington & Wilson, 818 Lewis Building, Portland, Oregon, offer for sale at private sale all of the following described real property belonging to the estate of L. E. Crowe, deceased, to-wit:

# The Telephone Situation

In the engineering of a telephone plant—switchboards, conduits, cables, pole lines and general mechanical equipment—we have always tried to anticipate the growth of a community and provide therefor by advance construction. This course has enabled us to more promptly comply with requirements for service with better construction and at an ultimate expense less than that involved in waiting to meet demands as they arise.

In the war period we were unable to maintain this reserve plant, as the very things we needed for telephone purposes were required and necessarily taken for government purposes. The demand for telephone service did not decrease and our reserve facilities were practically absorbed in meeting it.

As every business man knows, the problems of reconstruction following the war have been acute and prolonged to an entirely unexpected degree. Unusual conditions are prevalent throughout the entire manufacturing, mercantile and social world. The telephone industry has had to meet all the difficulties and handicaps of retarded production distribution and transportation.

This advertisement is not meant to be one of apology, but one of explanation and even accomplishment. In the face of an unprecedented demand for telephone service in the last few months, hampered by the exhaustion of our reserve plant and difficulty in securing materials, we have added more telephones thus far this year in the State of Oregon than in any similar period of telephone history.

In the State of Oregon, in the eight months ending August 31, we have added 6983 telephones. In the eight months ending July 31, 1917—before the war—we gained 2665 telephones.

In the State of Oregon we have approximately 2600 unfiled applications for telephone service. A similar situation exists all over the United States. We will continue to secure all the equipment possible, and the desires of the public will be met as soon as it is humanly possible to do so.

The Telephone Company regrets the inconvenience to prospective subscribers. It is anxious to give service as the patron is to receive it. The Company is doing all in its power to remedy conditions and furnish service in accordance with normal standards.

The Pacific Telephone and Telegraph Company

We Guarantee Our Mechanical Work.

## YOUR CAR DESERVES FIRST CLASS WORKMEN

Our Shop Foreman, Mr. Williams has had ten years of exceptional experience. Two years in first air service mechanical regiment. Mechanical instructor in mechanical courses in Portland and other towns.

# DELCO-LIGHT

A New Model

\$425

A 1/2 kilowatt DELCO-LIGHT at a greatly reduced price is offered to you. This plant generates plenty of electricity for the average requirements of the farm home, for abundant electric light, power for pumping water and for running the machines ordinarily turned by hand.

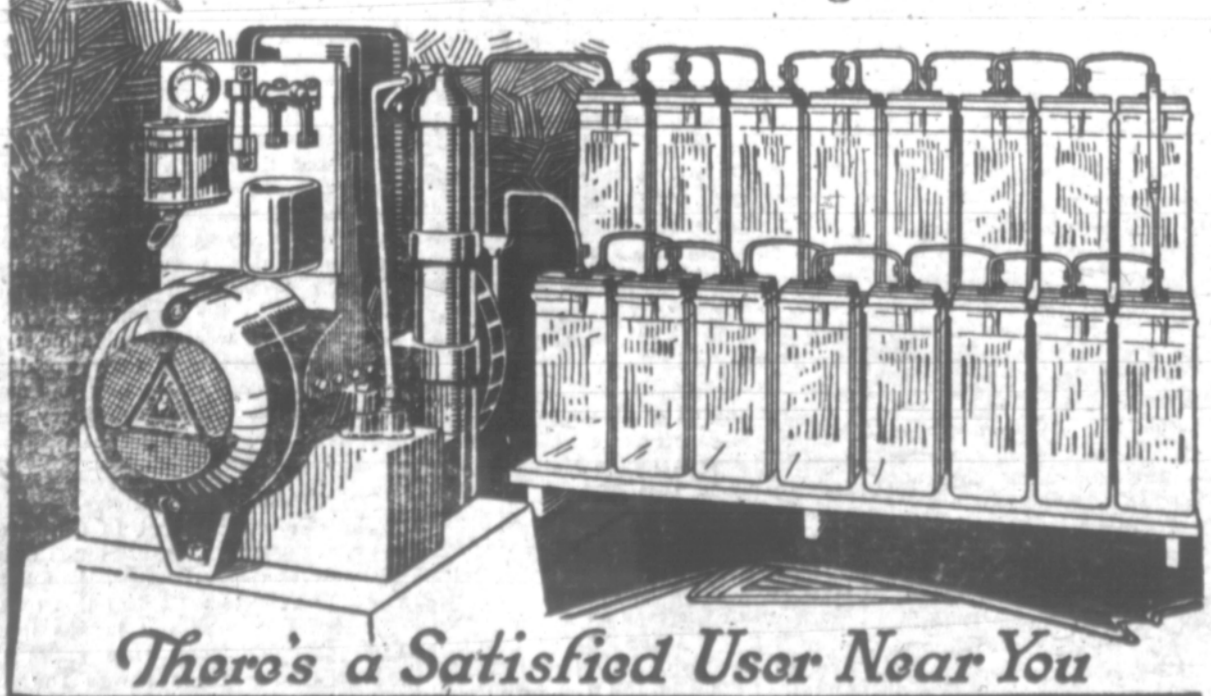

And the price is only \$425 f. o. b. Dayton, Ohio

There are larger DELCO-LIGHT models for larger requirements—at prices lower than those paid for former models of the same capacities. All DELCO-LIGHT models have the same unexcelled mechanical features. They are self-cranking, self-stopping, air-cooled, have only one place to oil, and are equipped with thick plate, long-lived battery.

No matter where you live, there is a satisfied user near you, enjoying the comforts, conveniences and labor-saving features of DELCO-LIGHT. Over 125,000 plants in daily usage are your assurance of the continued satisfactory and economical service of all DELCO-LIGHT models. There is a size DELCO-LIGHT to meet your needs.
