Owing to the present financial conditions—local and other wise—it has been deemed best by the board of directors of the Sherman Electric Co. to discontinue field work until early spring. In the mean time assembly of materials will continue as planned, the stoppage merely being a discount on what would happen at extra expense if crews should be caught in the field in bad weather conditions.

The Presbyterian church had a good attendance last Sunday evening to enjoy the devotional service, the sermon on the "Runaway" and closed with the co-educational work of Uncle Sam in the Philippine Islands. People who are not attending church service are extended a hearty invitation to come and listen to the gospel and participate in the educational part through the intelligence of the eye.

WE GIVE THANKS

It is good for us all to give one day each year to honest recognition of the things we have to be thankful for.

This November we, as a nation, again give thanks in memory of the Armistice that brought us peace.

And we appreciate more keenly than ever the privilege that is given us all as Americans—a voice in selecting those who guide our national affairs.

This Institution is thankful for the friends it has made, for its many opportunities of serving them, and for the vision of greater opportunities ahead.

In keeping with the spirit of the day, we shall be closed for Thanksgiving, November 25th.
