Official Paper for Sherman County.

Kent Cookery Club Leads State

A special letter from the Extension Department of the O. A. C. states that first to complete its years club work, making a profit of \$28.74, and the attainment of the 100 per cent record, are some of the things accomplished by the Kent Cookery Club, of Sherman county. Florence Boardman, president; Thelma Dellinger, vice president; Golda Hartley, secretary; Hazel Barry and Martha Wilson are the members. These 13 year old girls prepared 120 dishes and served 404 persons during the year.

Two of the girls, Martha Wilson and Golda Hartley, were sent to the boys and girls two weeks summer school at O. A. C. last year, on the proceeds of a series of cooked food sales. Grace May, county superintendent, brought them to Corvallis in her car, to minimize expenses. They got many new plans and ideas for the years work while enjoying their first taste of college life, according to Mrs. Ruth Hurner, club leader.

A new venture in club work will be tried when these girls will be given an opportunity, by the state representative of a pressure cooker, to demonstrate the use of this cooker each Saturday for an indefinite period of time. Mrs. Hurner states that she considers this a wonderful opportunity for the girls to capitalize their knowledge of cooking.

The people of the Rosebush community have had some interesting evenings at their school house during the past few weeks and as a result have organized a Community Club with Freida Koepke as president, Eula Stark as secretary and Henry Peters as treasurer. The club has plans that will keep the community busy for the remainder of the winter. Rosebush school has been working to meet the Standard and Superior School requirements and will no doubt be one of the Superior Schools of Sherman county before the close of the school year. Miss Amanda Steele is the teacher and deserves great credit for this excellent result.

Federal Power Commission

In compliance with the Federal Water Power Act (41 Stat., 1063) notice is hereby given that Mr. H. S. McGowan, McGowan, Washington, has applied for a preliminary permit for power development on the DesChutes River between Section 27, T. 2 S., R. 15 E., and Section 5, T. 2 S., R. 16 E., W. M., in Sherman and Wasco Counties, Oregon. Any objection against granting such permit, or request for a hearing thereon, together with any briefs, reports, or other data for which consideration is desired, should be submitted on or before April 7, 1921, to the Executive Secretary, Federal Power Commission, Washington, D. C.

Notice of Final Settlement.

In the County Court of the State of Oregon for Sherman County, in the matter of the Estate of John Mathews Parry, deceased.

Notice is hereby given that the undersigned Executor of the Estate of John Mathews Parry, deceased, has filed in the County Court of Sherman County, State of Oregon; his final account as such Executor of such Estate and that Monday, the 14th day of February, 1921, at the hour of ten o'clock a.m. has been fixed by said Court as the time for hearing of objections to said report and the settlement thereof.

Walter F. Parry, Executor of the Estate of John Mathews Parry, deceased.
W. C. Bryant, Attorney for Executor. 5414611

Stockholders Hold Meeting

About 100 attended the informal called meeting of the stock holders of the Sherman Electric Co. held at the Court House Wednesday afternoon, several coming from Grass Valley and Wasco. The purpose of the meeting was stated by W. H. Ragdale, chairman of the committee, to be a desire to look over the books and accounts of the company to the end that all may know what has been done with the money subscribed.

Mr. Ragdale said that there was no disposition to criticize the action of the directors in voting money, but that in some matters they showed a lack of judgment and he was certain that their "minds failed to function at the proper time."

It was clearly brought out that any stockholder has a right to examine the records and on motion six members were added to the present committee, three each from Wasco and Grass Valley. The personnel of the committee as it now stands is W. H. Ragdale, F. E. Fortner, J. C. McKean, J. F. Foss, C. E. Johnson, from Moro; E. D. McKee, Walter May, Herbert Root, from Wasco; R. J. Baker, L. N. Lemon, Fred Cox, from Grass Valley.

The committee is to meet at the office of the company, in Moro, next Friday to make an investigation and inspection of the books and records, contracts, etc.

Vernon L. Agee and Miss Ruby Rich were united in marriage January 23d at the home of the bride's parents in Wasco, Dr. J. C. Ghormley, officiating as clergyman. At the wedding were present the immediate family who enjoyed the first dinner of the newly weds. Miss Rich was one of the popular young set of Wasco and her chosen one is a promising young business man of North Bend, Oregon, where the couple have gone to make their home. They were given a rousing send off at the station with many wishes from many friends for a life of happiness.

Miss Alberta Porter, from the German school, writes that the Sewing Club girls of that school are preparing for a bazaar to be given with the idea of raising money for desired improvements. The interest taken by the girls in this project has enlisted the mothers who are adding their part. Special entertainment will be prepared for the evening when the articles that are being made are to be sold. With the united efforts of the girls, their mothers, and Miss Porter this idea will surely be decidedly successful.

Some thoughtful person attending the legislature has proposed a law to reduce all auto licenses to a flat \$5 per car per year, regardless of the horse power. To replace the funds thus lost to the state it is proposed to increase the tax on gasoline. It is considered that the two measures would equalize the present license tax and place the larger burden of highway construction and cost on those who use the highways.

Our attention has been called to a poster advertising a home talent play at Mikhalo Hall, in Gilliam county. The poster carries the cast of characters and here we noticed the name of Chas. A. Nish as Jeremiah Jerkin, the Jonah, and around whom the action of the play centers. The "Jonah" of the play is a nephew of Owen Thompson, farming west of Moro, and formerly owned the Monkland store and postoffice.

COMPLETE MYSTERY

"Half the world doesn't know how the other half lives."
"I don't know how anybody lives with these prices."—Louisville Courier-Journal.

New England Folklore.
The folklore of New England is not confined to rural communities, nor to the illiterate—not by any manner of means. And it's safe to say that the reader, if a New Englander, will not protest the "racy manner of means." Who in Rhode Island does not know that a "cat-nap" is a short dose of that a "whopper" is a big lie? "What are you driving at?" is as staple as baked beans on Sunday morning, and "What are you going to 'tax' me?" is a daily inquiry.—Boston Globe.

Temperature and Plant.
Certain tropical plants and ferns would be found in the frigid zones if the earth's atmosphere possessed a sufficient amount of carbon dioxide to raise its mean temperature a few degrees. The glacial form of the earth is responsible for the mean temperature of different parts of its surface. The effectiveness of temperature upon the growth and development of plant life is readily demonstrated upon the slopes of high mountains, where certain plants seem to flourish almost up to a fixed line and then disappear.

Notes From Moro School

At Grass Valley, Friday evening last, Moro carried away both games in her usual manner, the boys winning by a score of 29 to 11 and the girls by 33 to 8. In the first half of the boys game the score was overwhelmingly in our favor, Moro scoring 19 points and Grass Valley only three from foul basket. In the 2d half they did better, but all in vain. We were slightly jammed while going and coming in Ford trucks, but regardless of this and the sold, every body enjoyed it and said they were willing to go again.

The third number of our Lyceum Course, the "Jubilee Singers," was given an exceptionally full house and proved to be a great success. The company, although they were a substitute troupe, gave an interesting program.

The girls' team challenged the Sophomore and Freshman boys to a basket ball game the other afternoon. It was won by the boys at a score of 22 to 26. It gave the girls a very good practice.

We have a basket ball game this Friday with Wasco. The game will decide the championship for the girls.

Dale Lusk, who entered school the first of this semester, played guard for us at the Grass Valley game. Dale will be a valuable asset to our athletics.

Don't forget the biggest basket ball game of the season, to be played here Friday evening, January 23. This game will decide the boys and girls basket ball championship of Sherman county. If Wasco wins these games they will have tied us, but if we win, the championship is ours. We are nearly sure of the girls winning, but the boys—just come and you'll see a game for your money.

Assembly Monday afternoon was conducted by the Junior class and Miss Calkins room. A very interesting entertainment was given. One number, an exercise by the 3d and 4th grades, setting out the Mother Goose rhyme "Old Mother Hubbard" was a very unique idea.

December 3d, 1920, the I. O. O. F. third degree was conferred on 900 members of the I. O. O. F. lodge in Baltimore, the initiation ceremonies, being held in one of the large theater buildings in the presence of more than 3000 members. This is said to be the largest class of candidates ever receiving the I. O. O. F. degree of any lodge at one time.
