We're Making History

With the Easter Season we come again to the open doorway of Spring—a Season of renewed life and activity is ahead of us.

This Spring the Nation has a new President to guide its affairs. He needs the support and cooperation of all its citizens.

Suppose we remember, as we take up this new Season's activities, that the eyes of the world are upon us. We are making history in the way we shoulder our responsibilities.

Let's write a record that the whole world will read and admire.

This Institution is ready to do its share, through its service to individuals and the community.
