Easter Services at Moro Churches

Next Sunday morning at the Presbyterian church, the Sunday School and preaching service hours will be combined. Opening with a short period for study of the lesson and then continuing with a Sunday School program followed by a Decision Day sermon and meeting with the Session for reception of members. In the evening the regular Easter Sermon will be delivered and special Easter music will be rendered during the hour. All will be made welcome at both services.

The Methodist Sunday School will give an Easter Program Sunday, March 27th, at 7:30 p. m. The program consists of dialogues, recitations, and songs from Cradle Roll scholars up to the Intermediate grade. Much time is being spent on preparation. We are sure you will enjoy it. The public is invited. An offering will be taken for Missions. Preaching at Spaulding at Noon.

Annual Congregational Meeting

The Presbyterian church is arranging for their annual meeting on Wednesday evening, March 30th, at which they expect not only the members of the Church, but others of the congregation including attendants and supporters.

They will begin to serve dinner at 5:30 p. m., continuing until 7:30 p. m. Then, at 8 p. m., they will all gather in the Auditorium for the business meeting and program which will be interspersed with readings, reports, special music, election of officers, and two reels put on the screen. Thus making a business and general social gathering of the entire constituency of the Church. This will be the means of bringing the people more closely together and forming closer ties for the future and placing the Church more in the position where it belongs in the community.

Those on the program are Greta Freeman, Grace Muir, Adeline Hockman, Naomi Young, Imogene Stephens, Mrs. C. L. Poley, Mrs. Chas. McKinney, and the High School Glee Club.

Notice to Contractors

Notice is hereby given that J. Thomsen, clerk of School District number 11 of Sherman County, Oregon, has been authorized by the Board of Directors thereof to receive sealed bids for the erection of a new school building in said district. Plans and specifications may be seen at the office of the County School Superintendent in Moro, Oregon. Contractors are requested to submit bids on or before Saturday, April 23d at 1:30 p. m., at which time bids will be opened at the office of the County School Superintendent above mentioned. All bids must be accompanied with a certified check amounting to five per cent of the price of the bid made. The school board reserves the right to reject any and all bids. You may send your bids to J. Thomsen, school clerk of School District number 11, Klondike, Oregon. 3t-m25

Kent News Letter

Two young men from our neighborhood made a trip to The Dalles Saturday, but returned single.

The Misses Rose and Iva Howell took the train for The Dalles Saturday. We will miss Miss Rose from our community and Miss Iva from our high school.

A number of Kent people attended the funeral of Mr. Soren Hansen at Moro Sunday.

Spring! Sure Thing! Some little boys, some big boys, some men and some women have been seen tossing the lucky horse shoe.

A fine assortment of hats is on exhibition at the Kent Trading Co. Call and see the new spring beauties.

The sudden noises and jars noticed by many lately are not miniature earthquake shocks, but the new county road in process of materializing. Let the good work go on.

Road Master Wall is authority for the statement made recently that it would take all of a month to complete the road program on the mile and a half of crushed surface roadway being put down in and through our town leading east and west from Kent.

County Judge McKee, County Commissioner Peetz of Moro, and State Representative A. M. Wright were visitors in our city during the week, on business matters concerning the north and south road through the county.

The party fever is still going on. Another was held at the home of Mrs. C. A. Gillmore, Saturday evening in honor of the Misses Jennie Hogue, Rosa Howell and Iva Howell. A pleasant time was enjoyed by all. A large number enjoyed the games, but nix on "the" kissing bug.

One of our young men, Ralph Haynes, is home again from Corvallis where he has been attending college.

W. A. Givens, accompanied by his two sons and M. Simon, made a quick trip to Portland Thursday, returning Monday.

Mrs. Givens, we are sorry to learn, is not so well this week.

Proposals invited

Subject to all the provisions of Ordinance No. 80 of the City of Moro, Sherman County, Oregon, sealed proposals, addressed to the Common Council of said city, will be received by said Council at the City Hall, on Main Street, Moro, Oregon, until 1:30 o'clock p. m. of April 4, 1921, for the completion of the following street improvement, viz:—Surfacing with crushed rock or gravel that portion of First Street from the northwesterly line of Scott Street to the northwesterly line of the Oregon Washington Railroad & Navigation Company's right of way, a distance of 320 feet; also grading same and constructing the necessary catch basins and drains, and building concrete curbs and gutters, the distance between curbs to be 52 feet.

Plans and Specifications have been prepared by the City Engineer and are now on file in the office of the City Recorder.

All work on said street improvement must be completed, and the street ready for public travel thereon, within ninety days from and after the date of the contract awarding said work to the bidder.

Each bid must be accompanied with a certified check for a sum equal to five per cent of the total amount of such bid.

All bids must be endorsed "Proposals for Improvement of First Street."

The Common Council reserves the right to reject any or all bids if deemed unreasonable.

Bids will be opened on the above date by the Common Council. The successful bidder will be required to execute the usual bond to the City of Moro, in such cases provided.

By order of the Common Council of the City of Moro.

Dated at Moro, Oregon, this 23d day of March, 1921.

F. E. Fagan, Recorder of the City of Moro, Sherman County, Oregon.

The entire community was sorry to learn Sunday that an operation was submitted to on that day by "Uncle" Jas. Woods for surgical relief from a trouble of long standing that had recently become acute. The necessary operation was performed at the home of Mr. Woods in this city by Dr. C. L. Poley and Dr. W. N. Morse. At this date information is to the effect that Mr. Woods has rallied nicely from the shock of the operation. His daughter, Mrs. N. P. Hansen of Portland, and son, Anson of Walla Walla are with him.

Mr. Peter Hansen, who was in Moro this week in attendance at the funeral of his brother, Soren Hansen, wishes to express his deep appreciation of the way the people of Moro have treated him and his brother's family. More particularly for the manner in which the funeral was conducted and for the many acts of kindness and sympathy extended to him personally during his stay. Mr. Hansen visited for a short time at Kent before returning to his home at Renton, Wash., accompanied by Mrs. Soren Hansen.

F. M. Boyer has bought the E. B. Miller plumbing business and supplies and will move the shop to the old Perry building. The front part of the street floor will be used as a sales room and basement as a repair shop.

DENTAL HYGIENE

One of Series of Articles Written Specially
For the Observer by Dr. Howard Gove

Prophylaxis

A while ago a huge dirigible balloon exploded in the air and plunged through the roof of a building in one of our large cities. Many people, who were doing their best to be useful citizens, were killed at their work as the burning wreckage came down upon them. A set of city ordinances were passed at once to prevent a similar catastrophe in the future. It always takes a severe lesson to wake Americans up to the fact that an ounce of prevention is worth while.

Why must we always wait? Why not prevent in the first place? Prophylaxis means: Early treatment for prevention. Prophylaxis also means: Do the right thing and avoid the accident. So many regrets can be eliminated by doing the right thing first. In the mouth, the right thing is to have the teeth and mouth thoroughly cleaned at frequent intervals. Every surface of every tooth should be carefully gone over and each little particle of stain and every deposit of tartar removed.

Teeth frequently have very rough enamel, almost as if nature had neglected to polish them. This rough enamel is a favorite resting place for food and bacteria. It should always be smoothed and polished. Every little cavity should be filled. Have your teeth filled while the cavities are small. It does not hurt to fill little cavities and little fillings prevent big ones.

It is very important to remove all stains. Where there is a stained spot it indicates that there is a spot that is not cleaned by the friction of the tooth brush and it usually means that the enamel at that point has been attacked by the acids from decomposing food. Every stained area should be cleaned, smoothed and polished. Where fillings are good but rough, they should be ground to the right size and shaped and polished; if they are defective they should be removed and replaced by perfect ones.

One of the most important things about fillings in teeth is the contact point. This is the spot where each tooth touches its neighbor. Any fault at this point allows food to pack between the teeth causing great discomfort and making the gums sore. Prophylaxis is the best tooth insurance.

Service That Is of Service

WHY WE DO MORE - - - WHY WE DO IT BETTER

There is no word so much abused as this word SERVICE. It is a great word to conjure with and make promises on. It either means much, little or nothing.

What you expect of it and what you get from it are too often very different.

So when we say "SERVICE THAT IS OF SERVICE" we mean just what we say.

As the BEST TRACKLAYER serves you—as it has so faithfully served thousands during the past five years and so it is with us—WE ARE GOING TO SERVE YOU.

As the Best 60 does more and does it better, so we propose to do by you.

The manufacturers of this wonderful Tractor have spared no pains, no time, and no expense in producing the best the market affords.

It is our clean cut duty and our policy to go all the way in backing up the C. L. Best Co. in producing this Tractor and to go all the way in backing up our own reputation by giving you the service and the cooperation that you expect.

The Best Tractor is as nearly trouble-proof as is humanly possible to build. It is free from complications and numerous parts, and is the most accessible Tractor made.

However, if there are any minor adjustments to be made we can be of Service to you in its operation and care.—If we can assist you in any way and thereby enable you to get the most from your engine call on us freely.

Possibly you may have some wiring or oil problems that we may help you solve that will save you and your men many hours of work.

Here again we ask you to call on us for we are headquarters for the BEST TRACKLAYER. We also handle the HUPMOBILE and the FOGOL TRUCK. And, last but not least, we carry a good stock of parts for all of these.

We are here to keep old customers happy, to keep new customers informed and to keep prospective customers posted on the many advantages of the BEST TRACTOR.

We welcome you all to our Salesroom and Machine Shop. Come often and bring your friends and learn.
