VICTORIES OF PEACE EQUAL THOSE OF WAR

Whether the task is the construction of a colossal harbor improvement project, or the administration of a newly acquired insular possession, the Department of War is always prepared to bring to the task a high degree of skill and masterful judgment. How "peace hath her victories no less renowned than war" for the military department of the nation is interestingly described and illustrated in one of an instructive series of articles on Our Government now being distributed exclusively by this Institution.

We shall be pleased to see that you receive the complete series, if you will send us your name and address.
