Bend basements were flooded and no less than 35 telephone lines put out of commission as the result of a violent electrical storm accompanied by hail and rain which recorded a precipitation of .3 of an inch in three minutes.

Fred G. Buchtel, member of the public service commission who was defeated in the recall election May 19, by Newton McCoy of Portland, expects to abide by the result of the official canvass of the vote without recourse to the courts.

Railroads operating in Oregon have been requested by the chairman of the public service commission, to declare their intentions regarding freight rate reductions in conformity with the recent reductions ordered by the interstate commerce commission.

At the last meeting of the Scio city council the control of public dances was discussed and steps are being taken to prevent any disturbance in the future. There have been many complaints that wholesale bootlegging has been carried on outside the dance halls.

Good progress is reported in poisoning squirrels in various districts of the state with a view to protection of crops, according to advices sent out by the government biological survey and agricultural college extension service, which are co-operating in the work. In Lane county alone it is reported that 6000 pounds of poison were distributed.

W. K. Johnson and family motored to Walla Walla last week, where Mrs. Johnson is visiting with her parents. Mr. Johnson expected to return Sunday night, but a steering yoke broke near Arlington and delayed him a day.

W. C. Bryant and daughter Ruth left Tuesday for Monmouth to attend the State Normal commencement exercises. Mr. Bryant is a member of the State Normal board of regents. Miss Ruth will remain with relatives in the valley for a six weeks visit and to take special instruction on the 'cello.

Those enjoying the camping were Harold Bryant, Clarence Lusk, Clifton Benson, Harry MacDonald, Eugene Amidon, and Ethan Woods.

Winston Churchill is a great novelist. Paramount produces great pictures. A combination of the ability of the two is bound to give a worthy result. "The Inside of the Cup" will be shown at the Moro Theatre Saturday night, and might be said to be one picture in a thousand, as far as being a real honest good picture is concerned.

Chris Andersen and wife, accompanied by R. Rasmussen, Portland, and Mrs. Robert Urquhart and daughter Laura of this city, motored to Portland on Monday. Mr. and Mrs. Andersen continued to Monmouth to be with their daughter Miss Bessie who graduates this term from the State Normal. It will please many to know that Miss Bessie has been elected by the Moro school board to teach the 5th and 6th grades next school term.

Rev. H. G. Hanson has received a letter from J. J. Handsaker, state director for the Near East relief, stating that fifteen tons of clothing of an unusually fine grade are baled and ready for shipment on the steamer Nebraskan about June 15th from Portland. This is a credible shipment of clothing from Oregon and will go a long way toward helping prevent suffering among the people of war torn country where the Near East Relief committee is working.

J. C. Harper and wife returned Sunday from an auto outing that included a visit with friends and relatives at different places in the Willamette valley.

Among the pilgrimage of visitors in this city from Grass Valley Tuesday were V. B. Eakin, E. E. Barnum, and Mrs. John Conrad and daughter Anna.

The first success to come with the Hulery Brothers' radio set was in the reception of sermon given by Dr. Mathews of the First Presbyterian church of Seattle. The announcements of the Morning Oregonian station were also heard, but not the concert given. A vocal duet by two girls was heard indistinctly. At this time the set was installed at the fair grounds.

People who have read the works of Winston Churchill will know without being reminded that the pictureization of his famous novel, "The Inside of the Cup," will be well worth seeing on the screen at the Moro Theatre Saturday night. It is not replete with scenes of mushroom love, nor are there any prominent gyrating dancers. It is a story of practical Christianity; it deals with the common problems of life, and in so doing approaches the heights of motion picture art.

**MAKING THEM AMERICANS**

How few of us realize the importance of making over the foreigner—of implanting American ideals, ideas and common sense in place of socialistic and maybe anarchistic theories. It means a lot to every American citizen. This work and many other interesting activities of the Department of Labor are discussed in the twelfth issue of the series of beautifully illustrated booklets on Our Government which we have been distributing to representative citizens of this community.

If by any chance you have failed to receive regularly your copies of this series that has been so favorably commented upon, visit us today and from the limited supply on hand we will gladly complete your set.
