PLACE YOURSELF IN THEIR POSITION

Eminent Divine Explains the
Modern Application of
"Golden Rule."

Golden Rule Sunday is December 6. On that day people of more than fifty countries will partake of a simple meal, will read about the orphan children of the Near East and then make such a gift as they would have some one make if their children were among the desolate in the Bible lands.

"The essential thing about Golden Rule Sunday is not the day on which it is observed, nor the eating of an orphanage meal," states Rev. W. B. Hinson, Pastor of the East Side Baptist church of Portland and Vice Chairman of the Northwest Regional Committee of Near East Relief. "The essential thing is that we should each for ourselves answer the question, 'What would I have some one else do if my children were hungry and some one had my income here?'"

"Golden Rule Sunday sets a terrifically high standard of giving. Parents worthy of the name will go hungry any time that their children might be fed. No sacrifice is too great if it is for their children. Jesus demands the same standard of sacrifice for others

as we have for our own. It is drastic, revolutionary but imperative. 'Why call ye me Lord, Lord, and do not the things which I command you,' he cries.

"The one who would observe Golden Rule Sunday should, in his imagination, see his children deprived of their natural protectors, scattered like sheep having no shepherd, hiding by day from their enemies, gathering that food they can by night, exposed to the bitter cold of winter or the burning sun of summer, claiming refuge at an American orphanage only to be told there is no room.

"He should see old Hargue struggling through snows, an orphan grandchild by each hand, with the baby on her back, who finds at night that the baby has frozen to death.

"He should see twelve year old Charlamus struggling along with other deportees bearing along with them their meager possessions, carrying his body even after he thought the boy was not only the symbol of almost countless thousands of children, but he must see in them his own boys.

"There is little use to attempt to visualize the vast number, 25,000 orphans, now in American care and the equal or greater number whose helplessness is a claim on American charity, but for whom no provision can be made. When we see our own children comfortable and happy we can think of the same number homeless exiles in the Near East.

"There are few spiritual exercises more fruitful than this, and men and women who honestly attempt to apply the Golden Rule to these other children will not measure their gifts by pennies, but by dollars, by fives and tens and hundreds and thousands. 'All things therefore whatsoever you would that men should do to you (or to your children if left destitute) do ye to them likewise.'

'THREE GREAT DAYS' SAYS L. J. COLMAN

Northwest Chairman N. E. R.
Urges Observance of "Gold-
en Rule Sunday."

Lawrence J. Colman, of Seattle, has accepted the Chairmanship for the Near East Relief and Golden Rule Sunday for the Northwest Region, including Utah, Idaho, Montana, Oregon, Washington, British Columbia and Alaska, of which J. J. Handeaker, of Portland, is the Regional Director.

Colman is well known through the Northwest on account of his interest in religious and philanthropic institutions, among them being the Senbeck, Wash., conference grounds, which he has donated for the use of various summer groups.

Speaking of Golden Rule Sunday, he says, "There are three great days in November and December. The first, Thanksgiving Day, the third, Christmas, and midway between comes Golden Rule Sunday.

"On Thanksgiving Day we count our blessings. We count our enormous wealth of more than three billion dollars. We think of our vast farms, great universities and colleges, factories and other evidences of material prosperity. We are, or should be, thankful for a government under which both property and life are safe.

"Christmas is again a day of feasting and mirth, to which we invite our friends and with whom, too often, our 'gifts' become merely exchanges.

"On Golden Rule Sunday, December 6th, we can remember the word, 'When thou makest a feast, call the poor, the halt, the maimed and the blind.' We can practice that pure religion which visits the fatherless and widow in their affliction. Surely there was never a greater contrast in all history than the one between our wealth, prosperity and security and the condition of the people of the Near East, exiled from their home lands without employment, homes or food.

"In more than fifty nations on Golden Rule Sunday, December 6th, many persons will provide for their Sunday dinner approximately the menu that is provided when funds permit by the Near East Relief for the tens of thousands of orphan children in its care, most of whom are under twelve years of age.

"When this simple meal has been eaten and the plight of the unfortunate children of the Near East has been thoughtfully considered, then give, give as you would have some one give if your children were in the Near East orphanage, were amongst the 4000 about to be turned out for lack of funds, among those asking and being refused one meal a day.

"Full particulars of the day may be secured from the Near East Relief, 613 Stock Exchange Bldg., Portland; 339 Burke Bldg., Seattle; and for the Golden Rule Campaign temporary offices have been opened at 301 Walker Bank Bldg., Salt Lake City; 627 Peyton Bldg., Spokane; Bristol Hotel, Boise, and Y. M. C. A., Tacoma.

"The crumblings of Marshal Chang, Tso-lin's Manchurian empire, which leaves General Feng Yu-shiang in virtual control of all of Central China, and the quiet infiltration of thousands of Russian troops disguised as civilians, are the main developments in what is regarded by diplomats as a gigantic soviet plot to communize China.

General Feng is openly backed by the soviet, who for many months have been pouring arms and ammunition into Kalgan, his stronghold, east of Peking.

Russia's activities in China are said to be based on a desire to smash the British empire in Asia by spreading soviet propaganda in India, which is regarded as a fertile field.

The proffer was made in order to stop litigation which has been going on for some time. The former emperor has won most of the actions brought by him for restoration of property and Prussia thought it wise to make an agreement on the present basis.

Roadside Court to be Fought.
Washington, D. C.—The American Automobile association announced that it would support a program of placing all main highways of the country under state road patrols and abolishing the fee system of arrests, in order to "rid motorism of its worst infestation, the speed trap and the roadside court." Other recommendations of the program are that arrests be based on recklessness rather than "technical" speed violations and that evidence obtained by "speed traps" be barred by law.

German Navy Hero Joins U. S. Army.
New York, N. Y.—A gunner in the German fleet during the historic battle of Jutland, Wilhelm Giesecke, was enlisted for service in the ranks of his one-time enemy—the United States army. It was announced Sunday that he had been accepted as a private in the sixteenth infantry, quartered on Governor's Island. He was personally decorated by the Kaiser for bravery in action while a member of a German submarine crew.

New Refugee Problem in Syria.
Beirut, Syria.—The Near East Relief will distribute 50,000 pounds of refugee clothing here, to assist in caring for 20,000 Christian villagers rendered homeless by the rebellion of the Moslem Druses against the French government. All Americans have been ordered to leave Damascus, where 2,500 persons were killed in the fighting of the past fortnight. Thousands of refugees are pouring into Beirut.

October 31st there were 30,000 Armenian refugees in Beirut, crowded into an "unspeakable" camp, and refugees were arriving from Damascus at the rate of 4000 daily. The refugees were sheltered in houses constructed of oil tins and "the crowding was terrible," as many as nine people living in a single small room, cooking, eating and sleeping in this tiny quarter. The sanitary arrangements were totally inadequate and water scarce. Many of the refugees were ill, with no medicines, and the children were pale and stekly.

Prussian Ministry of Finance Decides to Grand Claims of William.
Berlin.—Former Emperor William is to receive from Prussian state a goodly amount of his holdings which were sequestered when the monarchy fell and William went into exile in Holland.

It has been decided by the Prussian ministry of finance that it will meet the claims of the ex-kaiser for restoration by giving him about \$7,500,000 in cash, 180,000 acres of forests and agricultural lands, three palaces in Berlin and in Babelsburg and in addition some house property in the capital.

Judge Bennett suffered a paralytic stroke several years ago, from which he never fully recovered. He was a pioneer of Wasco county. Judge Alfred S. Bennett was born in Dubuque, Iowa, June 19, 1854.

FIVE POWERS SIGN LOCARNO TREATY

England, France, Germany,
Belgium and Italy Ratify
Document.

London.—Germany and her principal antagonists in the world war signed the Locarno treaty and collateral pacts guaranteeing peace in Europe and the submission to arbitration of any disputes that may arise between them regarding their frontiers. The contrast between the signing of this momentous pact and the peace treaty of Versailles six years ago was marked in two respects.

Today there was none of the magnificence and glamour surrounding the Versailles signing. The ceremony, which lasted only an hour, was notable for its extreme simplicity.

And this time the Germans came of their own free will. They signed gladly with smiling faces, in striking contrast to that other occasion when the delegates of the Reich appended their signatures under compulsion with white faces registering a mixture of fear and anger.

Today's ceremony was carried out in a spirit of optimism which was hailed as auguring well for an era of peace throughout Europe.

To the click of motion picture cameras and a blaze of Klieg lights, Chancellor Luther of Germany, Premier Briand of France, and Foreign Secretary Chamberlain entered the famous golden reception room of the foreign office, arm in arm, conversing and smiling.

After them came the delegates of Italy, Belgium, Poland and Czechoslovakia, followed by Premier Baldwin and all his cabinet.

RUSSIANS SEEK
CONTROL OF CHINA

Washington, D. C.—Soviet Russia has begun its long threatened—and feared—campaign to bore openly into Chinese affairs, according to confidential advice reaching official sources here.

The crumblings of Marshal Chang, Tso-lin's Manchurian empire, which leaves General Feng Yu-shiang in virtual control of all of Central China, and the quiet infiltration of thousands of Russian troops disguised as civilians, are the main developments in what is regarded by diplomats as a gigantic soviet plot to communize China.

JAPAN DISSATISFIED WITH TOLEDO ACTION

Toledo, Or.—Japan refuses to regard the deportation of the half dozen Japanese employes of the United States Spruce corporation here last July as a closed incident, nor is the Imperial government satisfied to accept the filing of civil actions in the nature of damage claims aggregating \$125,000 against Toledo citizens, as satisfactorily fulfilling the obligations of the United States in the matter.

These developments, reflecting Japan's insistence that the leaders of the mob deporting the Japanese be duly prosecuted and punished, were indicated in a letter received here by E. P. Conrad, district attorney of Lincoln county, from Governor Pierce.

The Oregon governor wants to know what Lincoln county is going to do about it, and that is something Lincoln county officials do not appear to have any definite idea upon.

Investigations have been made by a number of agencies and Governor Pierce is known to have received a letter from the Japanese government, forwarded by the state department at Washington, D. C., demanding that the leaders of the mob be prosecuted. An attaché of the governor's office was sent to Toledo to investigate the affair, but nothing definite transpired as a result of this probe.

BRIEF GENERAL NEWS

The senate elections committee met Wednesday to inaugurate hearings on the contest to unseat Senator Brookhart, republican of Iowa.

The chamber of deputies fully ratified the \$100,000,000 loan to Italy from America which was floated for Italy through the house of Morgan.

The annual Christmas appeal to "mail early" has been issued by Postmaster-General New, along with the announcement of plans to expedite the service.

All the statesmen who negotiated the security and arbitration treaties at Locarno, excepting Premier Mussolini of Italy, came to London for the formal signature of documents on December 1.

Turkish council of ministers, under Mustapha Kemal Pasha, has decided to refuse the compulsory arbitration by the league of nations in dispute with Great Britain over Mosul territory in Mesopotamia.
