IS NOW ON

And going fine. This is self evidence our prices and merchandise are right. Listen folks—

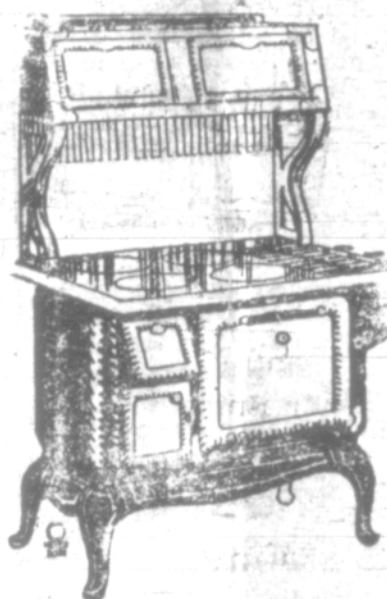

This great and extensive selling campaign has been brought about by general aggressive methods of the present times. The average merchant is very reluctant in getting down to brass tacks when inaugurating a selling campaign. However we have taken hold of our own situation,—"being of progressive nature"—and resorted to a special drive to gain volume of business. We intend to make a turn over of at least one third of our stock in this venture, regardless of expenditure or loss entailed.

Don't miss it friend, because this is the most legitimate selling event you have ever had the good fortune to attend.
