SHERMAN COUNTY WINS

School Exhibits at the State Fair Takes High Rank

The usual Sherman county booth at the state fair attracted considerable attention. In 1922 Sherman county took 3d place on display of club work and on the booth. In 1923 she took second place and in 1924-25 she took first premium. Although there was no premium for this given in 1926 it was quite generally conceded that Sherman county had the outstanding exhibit as in previous years.

In the bachelor's sewing, Donal McNab of the Biglow school took fifth premium, while in baking, Jane Stephens of Moro took second place and Emma Jean Stephens, took fifth in the special prize for home canning Viola Hanson of Moro took first, and in the canning team contest, Sherman county took fourth. June Bracket of Rufus took a sixth place on a Pol and China pig. A frame of honey bees exhibited from Sherman county took first place in the state.

The children from Sherman county who earned a trip to the State Fair were Dorothy Fox and Alta Belsher who went on the canning team and John Decker of Kent and Ray Brown of Rufus. Viola Hanson of Moro also was granted a trip as a result of outstanding achievement.

This is of special interest to Sherman county people who come in touch with these problems first hand. All young people are cordially invited to join this course which will meet on Tuesday evenings. "WELCOME BACK" PARTY

Grass Valley and Moro Friends Visit With Pastor and Family

Rev. and Mrs. R. A. Feenstra were most happily surprised last Friday evening when about sixty Moro and Grass Valley friends dropped in on them loaded with the best of things to eat and a hearty welcome for another year as pastor of the Methodist churches at Moro and Grass Valley.

Games, songs, and a lively debate, intermixed with a spirit of beautiful fellowship, made it a most happy evening. The debate on the question "Resolved that the old folks when they were young had a better time than the young folks of today," was won by T. M. Rolfe and Wiley Knight for the negative team. Carelessness

A VERY BAD HABIT

To overcome carelessness, one must take an interest in everything he does. VERY often carelessness is caused by hurry, hurry is the result of putting off a thing until the last minute. PLANNING ahead overcomes hurry, subsequently avoids carelessness. Have you not often found when tomorrow comes there are a lot of things that should have been done yesterday or the day before?

THEN in order to catch up, carelessness creeps in trying to clean up. RECKLESS spending is also carelessness and it is the great American bad habit and is destructive in its effects on a career that might otherwise be successful.
