

Will You Elect A U. S. SENATOR

To Stand by The President —
To Please a Political Machine —
OR —
TO STAND BY OREGON?

Bert E. HANNEY

OREGON'S CANDIDATE FOR

U. S. SENATE

Democratic Candidate

"I will support the administration with the Democrats or with the Republicans or with the Progressives whenever its program is in Oregon's interest; and I will oppose it with the Democrats or with the Republicans or with the Progressives or alone whenever its program and policy is not in Oregon's interest."

BERT E. HANEY.

Oregon is Regular and IGNORED!

All Western States Aided In Development Except Oregon. Why?

Although one of the oldest of the Western states, with unsurpassed natural resources and with the same class of people as her neighbor states, Oregon lags behind in the process of development. Compare with Washington. In 1880 Oregon had over twice the population of Washington. Today Washington has over twice the population of Oregon. Washington has received millions for development where Oregon has received thousands. Washington is considered doubtful; Oregon is considered republican.

In the last session of Congress, both Oregon and Washington requested large appropriations for reclamation. Washington received millions, while Oregon was handed a few thousand. Washington has been assured of seven new buildings, Oregon none. Washington received millions for their navy yard, aviation fields, Camp Lewis and

harbors. Oregon was given her usual pittance for harbors and otherwise ignored.

Washington has the system. When they seek an appropriation, Jones (Rep.) works upon the Republican senators, while Dill (Dem.) takes care of his associates. The result is they receive enough votes from the two groups to put over their appropriations. Oregon senators are both Republican. They can't reach the Democrats. Remember, that 90% of the measures before Congress are non-partisan, including appropriations, and party lines are ignored.

Every western state except Oregon has a bipartisan congressional delegation or else extreme progressives like Borah and Johnson, who are far from regular. They get things, Oregon is ignored.

PROGRESSIVEISM

is the Great Issue and BERT E. HANEY is Oregon's only Progressive Senatorial Candidate

FREDERICK STEIWER boasts of his regularity; pledges his support to reactionary group; supported locally by Oregon reactionary forces; his pledged support commits him to vote for seating of Vare of Pennsylvania and Smith of Illinois.

ROBERT N. STANFIELD voted for the seating of Newberry of Michigan and thereby supported the buying of senatorial seats; voted against consideration of measure providing for investigation of Illinois and Pennsylvania primary scandals; voted for heavy reduction of taxes on great wealth, thereby placing a greater burden on the poorer man; voted to abolish federal tax on inheritances; voted against publicity of income tax; upheld veto of postal pay bill; stood with predatory wealth all down the line and classified by "Labor," Washington D. C., spokesman of organized labor, in issue of September 25, 1926, as one of "Old Guard" of reactionary politics.

BERT E. HANEY, acclaimed throughout the nation as Oregon's fighting progressive; fought against reactionary control of Shipping Board even to the sacrifice of a position more desirable than a senatorship; holds man above the dollar, and has a life-time record of progressive activity; pledges himself to oppose seating of Vare of Pennsylvania and Smith of Illinois, if newspapers reports be found true; will affiliate with farm bloc and progressive group in Senate, including such men as Walsh, Wheeler, Norris, Dill, and others.

Carelessness

A VERY BAD HABIT

TO overcome carelessness, one must take an interest in everything he does. VERY often carelessness is caused by hurry, hurry is the result of putting off a thing until the last minute.

PLANNING ahead overcomes hurry, subsequently avoids carelessness. Have you not often found when tomorrow comes there are a lot of things that should have been done yesterday or the day before?

THEN in order to catch up, carelessness creeps in trying to clean up.

RECKLESS spending is also carelessness and it is the great American bad habit and is destructive in its effects on a career that might otherwise be successful.
