Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

One thing that doesn't improve with age is a detour.

Newest records for the high jump are in brooks' hands.

She may be warm-hearted, but her knees are probably cold.

Cleanliness is next to godliness, and equally annoying when advertised.

It is easier to get married on \$5,000 a year than stay married on \$500,000 a year.

Forgive and forget sounds well, but most folks are more for getting than for giving.

The old-fashioned girls who used to go in for frills are now coming out strongly for thrills.

Still, the race would be making no progress if your kids had no reason to feel superior to you.

Another unexplainable thing about him is that after all that banqueting he is still Slim Lindbergh.

Lapse: Something or other that happened to the policy two days prior to the incident in question.

Many of the candidates who think they are running for the Presidential nomination are just limping.

Kuppa: Americanism, meaning "cup of"—as in "Givvus a dime, willya, Mister, for a kuppa coffee."

The motor world still has a mark to shoot at: Even the advanced models aren't as fast as the rumors.
