OREGON STATE NEWS OF GENERAL INTEREST

Principal Events of the Week
Assembled for Information
of Our Readers.

Umatilla county's wheat crop for 1928 was estimated at 4,750,000 bushels by Henry Collins, Pendleton grain dealer.

Heavy marketing of white cedar recently is noted in North Bend, one shipper last week, W. J. Conrad, sending out 3,000,000 feet.

A state highway department crew is placing a two-inch surface of bituminous macadam on the highway between Coquille and Myrtle Point. Fifteen men are at the work, which will occupy about three weeks' time.

Wheat that yielded 66 bushels to the acre has just been harvested from a 36-acre field belonging to W. T. Crook, nine miles southwest of McMinnville. The same field in clover last year brought \$125 per acre.

The warehouse at Fayetteville, belonging to Shultz Brothers was totally destroyed by fire, burning not only the grain stored therein belonging to many of the farmers around Peoria, but a lot of machinery was also destroyed.

J. H. Henry of Pasadena, Cal., and Lincoln, N. H., has started construction of a lumber mill on the Ashland-Klamath Falls highway and plans building a city there, to be known as Lincoln.

One hour after he had robbed the bank of Vernonia, R. E. Doone, 25, had been captured, had confessed and waived preliminary hearing, and had been held to the grand jury under \$5000 bail.

E. C. Lake, for 44 years a resident of Eugene, died suddenly of heart disease. Mr. Lake had been in the granite and marble business in that city for about 40 years.

The California-Oregon power line is being extended from Roseburg eight miles northwest toward Garden valley to supply electrical energy for the farms in that locality.

The amount of money asked for his schools of Bandon has decreased every year since 1924, when the amount asked was \$52,037.23. This year the amount asked is \$47,044.10.

G. G. Parlin, farming west of Redmond, paid a fine of \$10 in justice court at Bend after pleading guilty to a charge of allowing irrigation water to run onto a county road.

The Pine Valley Fair association has decided on September 28-29 as the dates for the county fair and preparation is being made for the biggest event yet staged in Halfway.

DEFICIT FACES TREASURY

Sum Put at \$94,279,346 by Budget Director Lord.

Washington, D. C.—A treasury deficit of \$94,279,346, for this fiscal year is estimated in the annual report of Director Lord of the budget made public recently.

It is the first time since the war the government's estimates have definitely forecast a deficit in their annual reports and they base their contention on an increase in prospective government expenditures, due to increased activities of bureaus during the fiscal year 1929 and to a prospective decrease in revenue.

This switch in estimates has converted the estimated surplus of \$252,540,283, figured upon when the 1929 budget was first fixed, into a deficit. The deficit estimate was arrived at by calculations made in June.

In estimating the cost of operating the government for the year on December 5, 1927, the bureau placed the total of probable expenditures at \$3,801,790,922, and the probable receipts at \$3,707,501,576.

Soldier's Shoe Mail Starts Fire. West Point, N. Y.—Sparks from a soldier's hobbles fire here was blamed for a \$260,000 fire here. A garage and reserve trucks at the military academy here were destroyed.

BRIEF GENERAL NEWS

Senator William H. King was nominated unanimously to succeed himself by the Utah democratic state convention.

One conviction of either reckless or drunken driving will henceforth mean the cancellation of a California motorist's license to operate a car.

The epidemic of dengue, which has already caused 300 deaths in Athens and more than 100,000 cases of sickness, has spread to the Greek army. Bees, whole swarms of them, can be sent through the mails, if delivery can be made within a period of five days, the postoffice department has announced.

The state of Oregon received approximately \$470,000 from the operation of the gasoline tax during the month of July. The gasoline tax produced \$433,500 in July, 1927.

FIFTEEN NATIONS SIGN PEACE TREATY

Pact to Outlaw War is Concluded at Meeting Held in Paris.

Paris.—Representatives of 15 great nations met here Monday and solemnly pledged their peoples to outlaw war from the earth.

Never since the signing of the treaty of Versailles, ending the World war, has there been such a gathering of men prominent in the world's capitals.

The United States, as it did at the Washington disarmament conference, has taken the lead again in the search for peace.

Frank B. Kellogg, the United States secretary of state, who signed for his country, proposed the agreement after an exchange of ideas with Aristide Briand, the French foreign minister.

An effort will be made to have the treaty subscribed to by every nation on earth, Kellogg announced. After the original signatories have ratified it, each of the other countries will be invited especially to subscribe.

Germany signed the treaty first. It is regarded as a happy omen, made possible by the decision to have the nations sign in alphabetical order. In French, Germany is called Allemagne.

Briand signed for France. Kellogg, who signed for the United States, was about half way down the list, as the French name for the American republic is Etats Unis.

Lord Cushendun, acting foreign secretary of Great Britain in the absence of Austen Chamberlain, signed twice—once for Britain, Northern Ireland and the Dominions not reported in the League of Nations, and once for India.

The others were Italy, Belgium, Japan, Union of South Africa, Canada, New Zealand, Australia, Irish Free State, Poland and Czechoslovakia.

ROBBER OF VERNONIA BANK IS CAPTURED

Vernonia, Or.—One hour after he had robbed the bank of Vernonia, R. E. Doone, 25, had been captured, had confessed, had waived preliminary hearing, and had been held to the grand jury under \$5000 bail.

Doone was the second "customer" to enter the bank after it was opened by Alma Kullander, assistant cashier. The first was Frank Heath, a grocer. In addition to these two, Helen Heiber and Lowell Roberts, clerks, were in the bank.

Doone, his face partly covered by a handkerchief, flourished his revolver and ordered Heath and the bank employees into the vault.

After scouring the cages for money, he opened the door and directed the inmates of the vault to pass out the currency.

A few blocks from the bank Doone stopped Tony Norino's car and forced Norino to drive him out of town. Marshal Harry Phelps, responding to the sound of the gun, gave chase and caught the car just outside the city. Doone did not resist arrest.

RAILROAD STRIKE POSSIBLE

Trainmen's Official Says Men Stand Fast for Wage Increase.

Cleveland, O.—Basing his statement upon telegrams received from union officials in various western states, A. F. Whitney, president of the Brotherhood of Railroad Trainmen, predicted that a strike, affecting 70,000 railroad workers west of Chicago, will be called early in September, unless the roads meet the union wage demands.

Members of the trainmen and the Order of Railway Conductors have been balloting upon a strike.

Strike ballots are to be returned to Chicago September 2, but the result will not be announced officially until September 4.

The strike vote is being taken upon the question of the original union demands for increases ranging from 10 to 18 per cent. A compromise offer of 7½ per cent was turned down by the unions.

A contract has just been let for the shoring up of the leaning tower of Pisa, but with the stipulation that it must not be pushed back to the perpendicular. Those modern plans understand the value of advertising.
