

PICTORIAL LIFE OF HERBERT HOOVER

1. En route to China, Hoover married his college sweetheart and took her honeymooning to Manchuria.

2. Rumors of discontent spread through North China. Violence threatened all foreigners.

3. When the Boxer uprising started, Hoover built defense works; Mrs. Hoover cared for the wounded.

4. Civil war ended Hoover's promising explorations in China, and he sailed with his wife for home.

OREGON STATE NEWS OF GENERAL INTEREST

Principal Events of the Week
Assembled for Information
of Our Readers.

The Boy Scout troop of Mosier is organizing a drum and bugle corps under the supervision of Guy Duval.

A three-day Christian Endeavor convention will be held at the Christian church in Estacada November 2, 3 and 4.

Dalton Biggs, judge of the Ninth district, which includes Malheur, Grant and Harney counties, died at his home in Ontario.

The cranberry harvest on Clatsop Plains has been completed and according to growers the yield has been quite satisfactory.

Plans for the season's turkey activities have been tentatively outlined by the Douglas County Co-operative Turkey Growers' association, a new marketing agency said to control about 80 per cent of the county's crop. At a meeting of growers in Oakland, headquarters of the association, an estimate of the birds already signed up with the organization showed a total of about 40,000, with others still expected.

Walnut growers of Oregon are in better shape this year from a marketing standpoint than they have ever been. The crop is a record one for the state, and with crops in all other walnut producing countries of the world small, prices are high and the demand strong. The Oregon nut harvest is now on and will continue for about 30 days. The walnut crop is estimated at from 1200 to 1500 tons as compared with about 500 tons in 1927. The filbert crop is close to 100 tons and last year was only a third as large.

World's Immense Debt to Enthusiastic Fool

Some one should write a poem, dedicate a library or erect a glorious statue to the enthusiastic fools of the world, says Thrift Magazine. A fool is a man with a great idea which he can't prove. After he has shown the soundness of his thesis the world acclaims him a genius. If the people back in dear old Spain prior to 1492 knew what it meant to be cuckoo or woozie or dotty or something like that, they would have said Columbus was that way. Fulton was the laughing stock of New York until the Clermont sailed the Hudson. Lindbergh up to that day in May, 1927, when he gave the world the greatest supply of gooseflesh it has had in centuries, was called the "flying fool."

It would be possible to string out a series of human interest stories longer than a camp meeting prayer about enthusiastic fools who have accounted for the great things that have been done for civilization in advancing it to its present stage of jazz by radio, grade-crossing accidents and wrong numbers. Conservatism and caution have their place in the world, but we would still be running around in ox carts and getting just all excited and nervous over stereopticon exhibitions if there had not been a lot of enthusiastic fools in the world.

Increasing popularity of Crater Lake National park in Oregon is clearly indicated in attendance figures for the 1928 season just issued by department of interior. None of Uncle Sam's great parks showed as great an increase in visitors as did Crater lake this season. According to department figures, 113,323 persons visited this national domain, as compared with 52,354 during 1927. This is an increase of 50,969.

COOLIDGE TALKS TO KING OF SPAIN

Washington, D. C.—Speaking over a radio and cable circuit 6500 miles long, President Coolidge and King Alfonso of Spain inaugurated a telephone service between their two countries, acclaiming the new means of communication as a great factor in the perpetuation of friendship and peace between them.

Availing himself of his first opportunity to speak by radio-telephone with Europe, Mr. Coolidge told King Alfonso that with the possibility of communicating with far countries by word of mouth, "the danger of any serious disagreement is immeasurably lessened."

President Coolidge's voice required about one-fifth of a second to reach the king of Spain, 6500 miles away in Madrid. The circuit employed included wire transmission from Washington to Rocky Point, Long Island, whence Mr. Coolidge's remarks were broadcast across 3000 miles of ocean to Cupar, Scotland. From Cupar 1154 miles of direct wire circuit brought the chief executive's voice to the border of Spain, over British and French telephone lines and through a submarine cable across the channel.

BRIEF GENERAL NEWS

The official receipts and attendance figures for the 1928 world series announced were: paid attendance, 198,075; net receipts, \$777,290.

The United States potato crop declined slightly during September, the October estimate being 463,722,000 bushels, compared with the September 1 estimate of 466,515,000 bushels.

The Wyoming Woman's Christian Temperance union has cautioned members not to drink cider after it has stood 24 hours. A resolution to that effect was adopted.

Representatives of American, English and French banks are negotiating with the Polish government regarding a loan, conclusion of which depends upon agreement on details and purposes of credits.

A charge of conspiracy against Jose de Leon Toral, Mother Concepcion and 11 others held in connection with the assassination of General Obregon was ordered withdrawn by the superior court of Mexico City.

Prince Gustavus Adolphus, oldest son of the Swedish crown prince and prospective heir to the throne, will visit the United States next month to act as best man at the marriage of his father's cousin, Count Bernadotte, and Miss Estelle Mayville of Pleasantville, N. Y.

\$200,000,000 Film Merger Formed, New York, N. Y.—A \$200,000,000 motion picture combination through which Warner Brothers Pictures, Inc., obtains control of the Vitaphone corporation, the Stanley Company of America and First National Pictures, Inc., was announced here.

To do without—and act as if you liked it—is one of the first lessons to learn in the art of being happy.

43 Lose Lives on French Submarine.

Paris.—The submarine Ondine, one of the newest units of the strongest arm of the French navy, is at the bottom of the ocean and all her crew of three officers and 40 men are dead. The ministry of marine learned that the tragedy occurred about midnight, October 3, when the submarine was rammed off Oporto by the Greek cargo carrier Alkaterini M. Gouladris. The advice came in brief dispatches from the French consul at Rotterdam.

Ontario Ministers Asked Not to Smoke

Toronto, Oct.—A resolution adopted by the Ontario branch of the Women's Temperance union requested clergymen not to smoke in public. Forbearance was asked as an example to the younger generation.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

FORD MOTOR COMPANY

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.
