SWEET MORSELS Offered by Pease & Mays, The Dalles

In our last advertisement we spoke of "Tempting Prices," and we undoubtedly struck the keynote, for it has had the desired effect; and to prove to our patrons that we thoroughly appreciate the manner in which they grasped the central thought, we have concluded to offer a rare list of plums as sweet morsels for the approaching holidays.

Sherman county has within its borders an old soldier who is a fit subject for the Soldier's home. He has been down about Hood River and the Valley making a fool of himself; and its a shame. He is harmless, and not in condition to be buffeted about aimlessly. The man served his country faithfully during the war, and now he should be permitted to rest. The Soldier's Home is his proper place whether he wants to go there or not.

A very curious presentation of the number of Irishmen, of the stamp of Wolsely in England, the Duke of Tetuan in Spain, General O'Brutscheff in Russia, Viscount Taafe in Hungary, who are leaders in many nations, is given in the January Cosmopolitan under the title, "Irish Leaders in Many Nations." It will be found interesting to all who have even a drop of Irish blood in their veins. "The Jews in Jerusalem" is another article in the same number possessing interest for a large class.

The NEWS has received a full set of the Century Dictionaty and Cyclopedia. It is not only a handsome and tasty addition to our office, but it is the best work that could be added to any library. We prize it highly. The Oregonian is to be thanked for putting this valuable work within the reach of everybody.

"Apple-Pie" Party.

The "apple-pie" party on Tuesday evening was a decided success, both socially and financially, and the ladies of the W. C. T. U, by whom it was given are highly gratified with the result of their efforts. The programme consisted of music, speeches and games, and an additional zest was given in a big slice of apple pie, such as mother used to make, and a glass of fresh milk. An amusing feature was the weighing of everybody as they entered the building, and collecting one-fifth of a cent per pound avoirdupois from them. In this the heavy-weigh people were the victims of much sarcasm; especially as the ladies, to show them they had no hard feelings in the matter, would cheerfully weigh overcoats, rubbers and all. The party broke up about 10:30. The receipts of the evening were something over $20
