A Benton county man, says an exchange, sold his wheat crop in the field a short time ago for $800. The rains set in, and the buyer, being an Eastern man, sold it back for $120 in cash, 100 bushels of wheat and 50 bushels of oats, amounting to about $190. The owner then threshed 700 bushels of wheat and sold the remaining 125 acres of wheat and 100 acres oats for $300. He has realized $800 cash, $300 cash, and 700 bushels of wheat, and has paid out $120 cash, 100 bushels of wheat and 50 bushels of oats; a net profit of about $1300. His crop was surely well sold.

The programme of the Dewey celebration in New York is printed by many newspapers and will have wide reading. The people of the United States take interest in all that pertains to the admiral. They honor him because he gave the world a demonstration of American courage and character. They respect him not only for his prowess, but because he proved as great in repose after the victory at Manila as he had been stout in conflict. They admire him not only for his achievement, but for his modest demeanor. They love him because he was equal to his opportunity and measured up to the high ideal of the navy. They need no excuse for their interest and affection. Virile nations all pay homage to warrior chiefs. The metropolis of the republic must give fitting welcome to the man who promptly destroyed the power of Spain in half the world. No reception can be too magnificent, no greeting to hearty, for the supreme figure of the Spanish war.—Oregonian.

There are all kinds of garments, knives, machetes, monte cards, Mauser cartridges, and other articles in use over at Manila. Dan is proud of his collection, and justly so. Every article is of a priceless value to him, as a memento of the year spent in the Philippines with the Second Oregon.

Many women throughout the country make pin money out of chickens. We have known of women who have clothed the entire family with the proceeds of the poultry yard, and some have paid off mortgages and others bought their homes by intelligent management of their flocks. Everybody interested in chickens should get Biggle Poultry Book. It is so full of helpful suggestions and short cuts to success, and has so many years of costly experience boiled down for its pages, that it is poor economy to be without it. It will help increase the income from the poultry yard, and has started many an amateur or misguided professional on the right track. The price is fifty cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

MADE YOUNG BY THE CIRCUS.

A Childless Pittsburgher's Vain Quest for an Excuse to Visit the Sawdust Ring.

It is surprising how paternal men become when a circus comes to town. They must get fatherly to become childish. A Pittsburgh Dispatch reporter saw one man the other day who spent most of the forenoon trying to "borrow a boy to take to the circus." He confided to me that the circus was one thing that made the blood thrill in his veins, but his dignity would not permit him to attend one without sufficient excuse. As he had no children of his own he was forced to hunt up somebody who would loan him a child to take to the show. He said: "But the strangest part of it all is that I was unable to get one. Now, you would imagine that there would be plenty of children around anxious to see a circus, and you would be right; but the supply did not equal the demand. By actual count I went to twelve of my friends who have growing boys and requested that I might give the little fellows some pleasure by taking them. Without a single exception they thanked me very much for my kindness, and said they were going to take them themselves. Now, I would feel foolish going to a circus without I had a child with me. Yet I do not know of anything I like better. It brings back the old days when I was in the country, a barefooted boy following the parade, looking with wonderment at the lone elephant plodding along. The smell of the sawdust, the cries of the peanut and lemonade man are as pleasant to me as the new mown hay and singing birds. They are the chemicals which develop the unseen image which is upon the plate of memory, and it comes forth in all its glory. But I missed this all, for, thanks to the same feeling in the hearts of my father friends, all the available 'excuses' were taken up. Go myself? What do you take me for? Do you think I would allow anyone to think I would enjoy such a thing as a circus? Never."

CHRONIC MALARIA

Differs materially from ordinary chills and fever. It is the result of repeated acute attacks. The liver and spleen are principally affected. They act as storehouses for the malarial poison and the blood takes it from them. The poison must be driven out of the system. HUDYAN will eradicate every trace of it. HUDYAN will destroy the action of the poison and eventually drive out the last particle of it from the system. In addition to this, HUDYAN will restore the lost appetite. It will build up the weakened system. HUDYAN will make new blood and new flesh. The pains in the bones will disappear. The befuddled brain will become clear. HUDYAN will do all this and make you well. HUDYAN has cured others and it will cure you. We describe the symptoms. Study them carefully. They are yours. Do not delay longer, but take HUDYAN now and you will be cured.

HERE ARE YOUR SYMPTOMS:

1. CONSTANT HEADACHE AND TROUBLED BRAIN. The malarial poison is circulating in the brain. HUDYAN will drive it out. HUDYAN will purify the blood and the brain will receive it in a pure state. Your headaches will disappear and your mind will become clear.

2. PALE OR YELLOWISH COMPLEXION. HUDYAN will establish a free circulation of pure blood and cause the cheeks to assume their natural color.

3. LOSS OF APPETITE AND GNAWING IN THE STOMACH. HUDYAN will clear the stomach and restore the appetite and the digestion of food will become perfect.

4. FEELING OF WEIGHT OVER THE LIVER. This is due to the enlargement of the liver. It is filled with the poison of malaria. HUDYAN will drive out the poison and cause the organ to assume its natural size.

5. HEAVINESS IN THE REGION OF THE SPLEEN. The spleen becomes greatly enlarged. HUDYAN, by its direct action on the malarial poison, will lessen the congestion and cause the heaviness to disappear.

You are suffering from Chronic Malaria and you can be cured. The relief is held out to you. It is HUDYAN. HUDYAN will relieve your every symptom and make you well. When you have used HUDYAN tell your friends what it has done for you. Hudyan can be obtained of all druggists for 50c per package, or six packages for $2.50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco or Los Angeles, Cal. Remember that you can consult the HUDYAN DOCTORS FREE. Call and see the doctors. You may call and see them or write, as you desire. Address

MENDEL'S DYNAMIC TABULES

In some places more familiarly known as "the thousand dollar prescription," act just the reverse of the old constipating cough syrups. They reduce and eliminate the coagulated serum that is the cause of colds and crowd the work and effects of a week's old-time treatment into twelve hours and abort the cold in a night. It is the delay in controlling colds and coughs that permits them to develop into pneumonia and similar serious troubles. Price 25 cents.

We have secured the local agency for this new scientific treatment for colds and have the Dynamic Tabules now on sale.
