NEWS TERSELY TOLD.

The bleak wind whistles through our pants
In manner sharp, unfeeling,
And many a desperate jig we dance
To keep us from congealing.

Of pantlets for our leglets,
Or else we die and soar on wings
To where they never wear such things.

Andy Pearson's little boy came very near drowning on Monday. He was playing with some companions in the ditch, when in some way the child fell face forward into the water. Being too young to help himself, and his companions about the same age, he was in a fair way to drown. The little fellows, however, screamed at the top of their voices, and Mrs. L. Clark happened to hear the screams. She hurried to the boy's assistance, pulled him out of the water unconscious, and took him to her home and called Dr. Beers, who soon brought him to. It was a narrow escape.

The Workman lodge in this city has chosen sides, half the number on each side, to solicit new members. The losing side will provide a magnificent oyster supper for themselves the winners and the new members, together with the families of all interested. The boys are rustling now, and the final outcome on April 5 will be watched for with much interest.

Not one of us but has wished to change places, and in the January "Cosmopolitan" the brilliant Edgar Saltus writes on "The Delights of Trying to be Someone Else" in a manner that makes the folly of the almost universal wish excusable and even commendable. The article is heavily illustrated with pictures of people who for the time being have tried to be somebody else.

Rivers on the Rampage.

Saturdsy's telegraphic report of the rise in streams relate an unprecedented freshet throughout the upper country. From Walla Walla the highest water since 1883 is reported. Trains were delayed and bridges washed out. Below town the railroad bridge was washed away and one bridge was lost by the city. The damage is considerable, but the water is receding.

At Pendleton the Umatilla river rose six feet in one night, and at Thorn Hollow, 18 miles east of Pendleton, a railroad culvert was washed out and the river spread all over the bottoms. Extensive damage to the railroad and wagon bridges is feared.

Palouse city reports the river having reached high-water mark at that point, and is still raising. No damage has been done there, although the water is three feet deep in lower main street, but the Northern Pacific railroad bridge is in grave danger. Aside from the railroad property, Palouse can stand three more feet of water without damage. The snow in the mountains above Palouse is nearly all gone, and if the rain continues the river will rise much higher, in which case considerable damage will result at Elberton and Colfax.

At Lewiston the rainfall was heavier than had ever before known and Clearwater was 18 feet higher than at this time a year ago. Considerable damage was done wagon and railroad bridges, and no trains were run into Lewiston for two days.—T.-M.

HINTS FOR THE DAIRY.

A cow abominates an unclean person.

Many dairymen feed too much; more feed too little.

Cows need roots from October to May for best results.

Salting the cows is one of the things too often neglected.

Do not milk your cows before they calve. Reduce the food if udder is getting too hot, but do not milk.

There is good reason to believe the colastrum, or first mess, should be divided between the cow and calf.

In dairying brains are needed as much as "blood;" yet the amount of brains is not as essential as the quality.

Most cows prostrated with fever can be cured if prompt attention is given. The remedy is not physic, but warmth.

The greatest blessing that ever comes to a dairyman is a sweet-tempered wife, who can make fine butter. I know this by experience. The wife appreciates having her husband say nice things about her and her work.—Midland Farmer.

STRANGE SUICIDES.

Forked branches of an apple tree were used as a noose by a Stroudsburg (Pa.) suicide.

Because his mother would not let him go in swimming an Arkansas boy cut his throat.

Her husband wanted to move and she did not. This led a Connecticut woman to drink poison.

Champagne with arsenic in it was used by a San Francisco man as a means of self-destruction.

"Ah, to see the moon at a distance of one meter," was the note left by a Paris suicide explaining his motive for death.

Fearing that his wife would scold him for getting home late, a newly-made London bridegroom committed suicide.

NEW ENGLAND EPIGRAMS.

The future keeps her secrets for history to tell.

Touch is a magic wand that stirs the blood and rakes the soul.

Mistakes pervade our lives; they are our teachers, but in this school diplomas are withheld.

The wind makes steps at every door, but when the friendly hinges turn the phantom feet are gone.—Springfield (Mass.) Republican.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of impure blood. CATARRH OF THE STOMACH

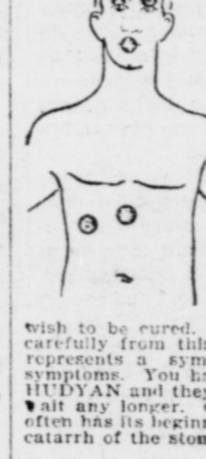
Is essentially a chronic disease. There is an inflammation of the inner coating of the stomach. A thick, ropy mucus forms and this causes the more pronounced symptoms. It remains in the stomach and decomposes. Then of course digestion cannot be properly performed. The liver also becomes involved and in a well marked case the symptoms are most severe. The great vegetable remedy HUDYAN never fails to effect a cure. HUDYAN can be had of all druggists for 50c per package. When you have used HUDYAN tell your friends about its effects. They also wish to be cured. Study your symptoms carefully from this chart. Each number represents a symptom or a group of symptoms. You have the symptoms. Use HUDYAN and they will disappear. Don't wait any longer. Cancer of the stomach often has its beginning in a severe case of catarrh of the stomach.



THE SYMPTOMS ARE:

1. BILIOUS HEADACHE—This is more pronounced in the morning, though usually occurring at frequent intervals through the day. HUDYAN will relieve the headache.

2-3. RED AND WATERY EYES—HUDYAN will cause the redness to disappear and make the eyes assume their normal healthy appearance.

4. COATED TONGUE AND FOETID BREATH AND BAD TASTE IN THE MOUTH—HUDYAN will clear the tongue, make the breath pure and sweet and cause the bad taste to disappear.

5. PAIN AND TENDERNESS IN THE STOMACH—This is due to indigestion. HUDYAN will cause the food to become perfectly digested and the pain and tenderness will disappear.

6. ENLARGEMENT OF THE LIVER AND A FEELING OF HEAVINESS AND WEIGHT—HUDYAN will lessen the congestion, establish a free and perfect flow of bile and reduce the enlarged liver to its normal size.

HUDYAN will relieve you of the above symptoms and make you well. Do not delay.

You will find full and explicit directions wrapped with each package of HUDYAN. Go to your druggist at once and procure a package of HUDYAN for 50c, or 6 for $2 50. If your druggist does not keep it, send direct to the HUDYAN REMEDY COMPANY, San Francisco or Los Angeles, Cal., and they will send it to you. You can consult the great HUDYAN DOCTORS FREE. Do not forget that. Call and see them if you wish. You may call and see them or write, as you desire. Address
