HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakens kidneys.

No Doctor

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

THEDFORD'S BLACK-DRAUGHT

Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness.

First, hardly to sleep a wink all night, second, to lie awake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.

They mean that somewhere in the nerve fibres, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To right it, take Dr. Miles' Nerve.

Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Fretfulness, Irritability, Melancholy, Lack of Ambition. They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity. Nothing will give such quick and lasting relief as Dr. Miles' Nerve.

"My husband had been sick for weeks, could not sit up to have his bed made. With all the medical help we could get he continued to grow worse. He could neither sleep or eat. Our baby girl was sent away, and all callers barred, because he could not stand a bit of talking. I read of a case of nervous prostration cured by Dr. Miles' Restorative Nerve. We began giving it to him, and in a few days he was able to be dressed. From that time he steadily improved. Nerve saved his life."—MRS. A. G. HASKIN, Freeville, N. Y.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Marsh & Medler.

Scarletmont is a very handsome bay horse with high style and action and is thoroughly kind in and out of the stable. He has never been worked for speed but has shown a 2.30 gait at Vancouver, and there is no good reason why he should not trot fast if given a chance.
