Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good. If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would feel as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I could be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACH, Leipsic, O.

The Madri Gras Carnival.

The Federated Trades Council, of Portland (composed of 56 Labor Unions with a total membership of more than 10,000), in connection with the Lewis & Clark Fraternal Building Association (composed of 84 of the fraternal orders represented in that city), are to give a Madri Gras and Festival in the city of Portland, commencing on the morning of June 28th, and continuing until the evening of July 9th. All the railroads will give reduced rates. The following letter from the office boy to his sweetheart tells what will be doing:

"Portland, May 20, 1904.

"P.S. they have sent to Pike County Missouri for all the Meddler grae they have to spare."

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va. serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Wasco Pharmacy. Trial bottle free, regular sizes, 50c, and \$1.00.

Local phones are being put in by Messrs. Rich, T. Sink and W. E. Miller at their residences in the country.

A lot of phones arrived in the city this week and are being placed in the homes of about fifteen of our farmers.

Mrs. Nellie Wheat, daughter of W. B. McCoy, died in Portland Wednesday. The funeral will take place at Moro today.

Next Sunday evening there will be a temperance rally at M. E. Church at 8 p. m. All are invited. Subject "Does Local Option Help or Hinder?" and "What Did Local Option do for Texas?"

While fooling with the traditional unfused gun last Tuesday evening, a boy at Grass Valley accidentally shot Gasper Dugger, a livery man of that place. The bullet entered the left side just above the bowels, producing a very painful but not necessarily fatal wound. Mr. Dugger was taken to a hospital in Portland.

The public schools of Wasco closed last Friday, and Saturday morning all primary pupils were at the depot to bid their teacher, Miss Miller, good bye, until after vacation. Miss Miller is one of the most popular primary teachers with her pupils, that has ever taught in Wasco, and all of the little tots are anxious for her return.

Mr. N. W. Kellaway, the popular traveling representative of the International Correspondence Schools of Scranton, Pa., was in town the first of the week, and while here did some work for the two flouring mills, indicating the speed and power of their engines.

Don't forget that the direct primary nominating law will come up for approval at the election next week. If you want to stick a knife in the vitals of ring rule, vote for it. If you want to have a cleaner and more popular government, vote for it. It is the most deserving of your support of all legislative branch of the state government for years. It means Political Purity and Popular Suffrage; it means officers you want and laws you want.

At the recent St. Louis convention of editors a remarkable statement was made. The women delegates complained that the space devoted to "women's interests" in the average daily paper was filled with trivial and inconsequential matter—"plaudits and platitudes, pie crust and pudding." Mr. Melville E. Stone remarked that not a line of scandal would be printed in an American newspaper were it not for the women. That speech is as old as the Garden of Eden, if not older.

Sued by his Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by Marsh & Medler.

DUKE of ORLEANS

Duke of Orleans is a full-blooded black Percheron stallion, weighing one ton. He will make the stand in Wasco Saturdays and Sundays, balance of circuit will be made known later. He can be seen at my barn in Wasco for the present.

CHAS. E. JONES.

FARMERS ATTENTION!

The celebrated stallion, St. Michaels, will make the season of 1904, as follows:— At my private barn in Wasco Saturdays and Sundays; at Moro Fridays; the remainder of the time wherever he is called.

St. Michaels is a beautiful mahogany bay, 16 hands high, weighs 1200 lbs; foaled in 1897, and bred by James H. Sewell, of Hillsboro, Oregon.

PEDIGREE:

By PRINCE ALMONT: Pacing record 2:13 1/4. Son of Almont Medium 2:13 1/4, sire of Prince Almont, p. 2:13 1/4, Billy Hard, p. 2:16 1/4, Mark Medium 2:16 1/4 and ten others in 2:30 list. Dam queen of the West, by Geo. M. Patchen, Jr., 3d, sire of Wells Fargo 2:18 1/4 and nine others and dams of 19 in list. Second dam by Paul's Abdallah, son of Hambletonian 10.
1st dam SKYLARK, by PLANTER 2:18.
Sire of Mark Hannabus 2:24 1/4, Pandora 2:27, Pauline 2:28 1/4, etc. Son of Parson 2:21 1/4, sire of Patronage (sire of Alix 2:38 1/4, etc.), Frodigan 2:16 (sire of John Nolan 2:38, etc.), by TIMOLEON.

This horse was never trained, but shows a world of speed. A careful reading of his pedigree will show that he is anything but a slow-bred horse. He is a very stylish horse and has an excellent disposition and is a horse that will breed a carriage horse of fine size, or a good horse for the city or farm.
I have put the service fee of this horse down much lower than it ought to be, in order that it will be in reach of all.
