A man in Chicago claims he can make the feet grow where the head ought to be and the head where the feet ought to be. This may be a valuable scientific discovery but we fail to see its practical value as the head and feet seem to be in just about the right place.
The government has a weed patch at the St. Louis Fair, where every species of weed that troubles the farmer of any section of this country is to be shown. It would be a joke on the department if it could not get the weeds to grow.
We have heard some complaint about a dead horse lying by the roadside just above Rufus. The stench is something very unpleasant, and whoever the horse belonged to should make haste to bury or burn it. It is against the law to leave carcasses so near the road.
At the annual school meeting of Rufus precinct, at the Brock school house on the 20th ult., Ira Hill was elected clerk and Arnold Buhman director for a term of three years. They expect to have school start by September 1st.
A band of horses are reported to be running at large in the Scott canyon above Rufus, some of which seem to be quite badly affected with the mange, or some such disease. It would be well for our stock inspector to look into this at once. Someone should report to the gentleman, and see that these animals are properly taken care of.
