My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middleton, O.

If the first bottle does not help you, the druggist will refund your money.

Special Excursion to the World's Fair.

The Denver & Rio Grande, in connection with the Missouri Pacific, will run a series of Personally Conducted Excursions to the World Fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points enroute. The first of these Excursions will leave Portland June 7th, and the second June 17th. The rate from Biggs will be \$62.35 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning via a different route. This is the most pleasant way, as well as the most delightful route, to cross the continent. The stops arranged give an opportunity of visiting the various points of interest in and about Salt Lake City, Denver and Kansas City. If you wish to accompany one of these excursions write at once to W. C. McHaffey, 124 Third St., Portland, Ore., for sleeping car reservations.

The A. O. U. W. grand lodge closed its session in Portland Saturday. At this session of the lodge there was a long discussion of the new assessment rates adopted by the supreme lodge, and on a final vote the proposition to adopt the plan was voted down. It was the opinion of a majority of the delegates that Oregon can take care of itself on the old classified plan of assessment, and that it would be detrimental to the order in this state to adopt the new plan.
