Official Paper of Sherman County

FRIDAY, OCTOBER 21, 1904.

There is no longer any doubt about the success of the Lewis and Clark fair. From definite information received by the Fair management, it is almost a certainty that all the eastern and southern states will make liberal appropriations for state buildings and exhibits. It is likely that all the New England states will combine in erecting one vast exhibit palace to be known as the New England building. New York and Massachusetts have each made arrangements for a large building. But what is wanted now, more than anything else, is that the railroads grant such cheap rates from eastern points that everybody can afford to come; the farming classes especially. The rates should be much cheaper than the present rate from western points to the St. Louis exposition, as it will be more to the railroad companies' benefit to get future immigration started west.

With all his fault finding, Judge Parker is finding it a very difficult matter to convince the American people that there is anything seriously wrong with the present government. They know that they are prosperous and that starvation and want where such a thing exists is the result of private worthlessness or circumstances and not the fault of the present administration and propose to let well enough alone, at least until the Democrats or some other political party is able to give them something that is probably better. And they never will elect a man who's principles change with the wind. Roosevelt has principles and all know what they are; when we vote for Roosevelt, we know what national principles we are voting for.

What state in the Union can make a better showing of general, all-around prosperity for everybody, than old Oregon? None. Oregon, the state of bounteous crops and a mild climate, has even surpassed all her former records this year. In Eastern Oregon, the farmers have harvested extraordinarily large crops of wheat, and are receiving liberal

prices for all they sell; the same is true of the hop growers of the Willamette Valley; while in the mining sections of the state there has been more gold taken out, and more gold mines discovered than in any other one year. Truly, residents of Oregon will have many, many blessings to give thanks for when Thanksgiving Day rolls around this year.

The Hood River Glacier showed unusual enterprise last week, during the Fruit Fair and Editorial Convention held in Hood River, by printing an up-to-date, four page daily paper. The Glacier says this was made possible by the liberal patronage of Hood River business men, through their advertising. However the Glacier editors deserve the most praise, for so successfully supplying the wants of the people during the fair.

Grover Cleveland originated the phrase: "It is a condition that confronts us, not a theory." Applying it to the present situation it may be remarked that the condition is Republican prosperity and the theory consists of Democratic promises.

A vote for Judge Parker in the coming election will be a vote of censure on Theodore Roosevelt. It is inconceivable how any patriotic, fair-minded American can take that position toward a man of President Roosevelt's character and record.

If there is a citizen of the United States anywhere who has too much business and too much employment and longs for the stagnation that prevailed from 1893 to 1896, he can contribute to that end by voting the Democratic ticket this year.

**Vote For The Man.**

(Respectfully dedicated, NOT to the meteor Parker, who is but flashing through the sky, but to the stars, Roosevelt and Fairbanks, which will shine every night.)

Vote for the man  
 Who never to himself hath said:  
 "I fear the lofty heights I tread."

Vote for the man  
 Who left his desk and trenchant pen  
 When his country needed men.

Vote for the man  
 Who stormed the heights of old San Juan,  
 There proved the soldier and the man.

**Chorus.**

Where was Justice Parker then?  
 Fighting battles with his pen,  
 Moulding bullets in the shade,  
 Loading guns Democracy had made.

Vote for the man  
 Who took from martyred hands the reins,  
 And carried out McKinley's aims.

Vote for the man  
 Who plucked from out a tyrant's hand  
 Poor Panama and freed the land.

Vote for the man  
 Who signed the long fought Isthmian bill,  
 And joined two oceans by his will.

Vote for the man  
 Who comes, who sees, who always acts,  
 To whom no burden seems a tax.

Vote for the man  
 Who's proved his worth, who's ever true  
 To self, to country, and to you.

 Portland, Ore.

**COMMITTED SUICIDE.**

Unknown Man, a Stranger in the Country,  
 Hung Himself at Rufus.

An unknown man, evidently of Scandinavian birth, committed suicide by hanging, last Tuesday night at the Rufus Hotel in Rufus, Oregon. In his work of selfdestruction he tore all the clothes hooks from the wall of his room trying to find something substantial enough to hold his weight, and finally, as a last resort, he tore strips from his clothing and made a rope which he threw over the corner of the door, and by dropping on his knees succeeded in strangling himself to death.

Early in the evening, after the stranger had secured a room for the night, the landlady, Mrs. Harvey, heard a noise in his room, and went to his door to ascertain the cause. Getting a glimpse of him moving around in the room, she thinking he was insane, went for help, but as no further disturbance was heard the matter was dropped until morning, when her husband went to the room. Through the partially open door Mr. Harvey saw the man on his knees, and spoke to him, and upon getting no response he opened the door and entered to find his roomer dead. Coroner Logan, of Moro was notified, and collecting a jury, held and inquest, the verdict of which was suicide.

Before going to his room, the deceased made inquiry for Scandinavians. Other than this, nothing whatever is known of him, not even his name, as he did not register at the hotel and there were no letters or personal effects on his body.

**Some Reasonable Advice.**

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all Druggists.

**Saves Two From Death.**

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to day she is perfectly well." Desperate throat and lung disease yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by Wasco Pharmacy. Trial bottles free.

**How to Cure Corns and Bunions.**

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all Druggists.

**For Sale.**

600 acres of land, near town, for sale. Fred Meader, Wasco, Oregon.

**A Love Letter.**

Would not interest you if you're looking for a guaranteed salve for sores, burns or piles. Otto Dodd, of Ponder, Mo. writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica salve cured me. It's the best salve on earth. 25c at Wasco Pharmacy."

**For Rent.**

Two sections of the best wheat land in the Horse Heaven country, about six miles south of Prosser, Wash. Plenty of water on the land. Fencing material furnished and all of the first crop, with liberal terms thereafter. About 100 acres of the land is broken. Call on or write at once to M. Z. Donnell, The Dalles, Oregon. A good proposition to the right party.

**Broke Into His House.**

S. La Quina of Cavendish, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at Wasco Pharmacy.

**Notice.**

To whom it may concern; you are hereby notified that I will pay no bills contracted by my wife, Marie E. Draper, or be responsible for her contracts in any way.

Norman Draper.

I am at a loss to know why Mr Draper has published the above notice as I never run bills in my life for him to pay. I have paid all my bills even before he deserted me. My life will stand any investigation and I dare say Mr. Draper can find no fault with me unless it is because I would not give him my last dollar that he might spend it as he has spent so much money.

Mrs. Marie Draper.

In addition to the other properties, I have for sale the W. A. Murchie house and property in North part of town.  
 C. J. Bright
