The National Educational Association will hold its annual convention in San Francisco from 7 to 14 of this year. The people of San Francisco and, in fact, the people of the whole Pacific Coast are preparing a welcome and reception to the teachers the equal of which has never been given to any organization.

The educational value of these meetings is well known and those interested in education throughout the state are anxious to have our teachers participate, first because it will be many years before another National Educational Association will be so accessible and, second, because our standing educationally will be judged largely by the attendance of Oregon teachers at this convention. The railroad and steam boat lines have granted very liberal rates and

## FIRE DEPARTMENT.

Council Calls Meeting for Next Tuesday Evening.

## EVERYBODY INVITED

City Officials Aawke From Slumber and Move to Organize Fire Company.

Recorder Meader informs us that the city council have at last woken up, and have called a meeting of all those who signed the fire company petitions are requested to be at the council room next Tuesday evening when the organization of the two intended fire companies will be completed. Everybody interested is invited to attend. Be sure to be there, don't let the council enter another of its trineal slumbers or have a chance to open up one of its important internal personal scraps again, wait till those fire companies are organized, thereafter the fire companies can cool them off when they get up too much heat of the unofficial kind.

the local committee at San Francisco assures us that there will be no advance in the regular rates at hotels, rooming-houses and restaurants in San Francisco during the convention week.

Any data or information in any way relating to the meeting can be obtained by addressing the California Committee, N. E. A. No. 25, New Montgomery St., San Francisco California or J. H. Akerman, Salem, Oregon.

## State Treasurer.

Although there are six candidates in the field for State Treasurer it is now conceded that either Ralph Hoyt of Portland or E. V. Carter of Jackson county will be nominated.

Mr. Carter says, "If elected I will reside in Salem and give the office my personal attention." Mr. Hoyt is silent on this point.

Mr. Carter says, "If elected I will turn over to the State every dollar of the interest paid on state bonds." This money, from \$10,000 to \$20,000 per annum, has heretofore been retained by the Treasurer. As Mr. Hoyt is silent on this point also it is fair to assume that he intends to pocket this interest money as has been done in the past.

Will you vote for a Portland man and thus continue this graft? A vote for E. V. Carter is a vote to stop this graft and reduce taxes correspondingly.
