## NEWS OF THE COUNTY

### What Our Friends and Neighbors Are Doing.

C. J. Bright.

John Thomas went to Shaniko last week where he will remain.

Mrs. C. C. Huck went to Portland the early part of the week where she will be under the doctors care for a time.

Waists! Waists! At the O. T. Co. they are going regardless of cost.

**SANDOW FLOUR**—It is not necessary to cut prices to sell Sandow Flour. Once used, always used.

Charley Stuberling, of The Dalles, was in town a couple of days this week.

E. O. McCoy was in town a few days this week.

Miss Nell J. McPherson and Miss Gertrude Davis left for Portland and Salem last Wednesday where they will spend several weeks visiting friends.

The Sherman county people never had such an opportunity before to buy good goods at such low prices at the O. T. Co.

The last few days has been good for the ice men.

Editor Hall, of the Kent Recorder Editor Westerfield, of the Grass Valley Journal, and C. L. Ireland, of the Moro Observer were in town Saturday attending the farmers meeting.

#### SANDOW FLOUR.

Rod Cameron spoke very highly of the treatment the band boys received at Goldendale. And also feels gratified at the success of the Wasco Band at the celebration. All who went to Goldendale are well pleased and report a good time. The ball games all resulted in Goldendale victories and likewise most of the horse races.

Tom Taton has returned to Morrow county; his wife is still in Wasco.

Don't fail to see the remnant counter at the O. T. Co.

In the current number of "The American Music Journal" appears a splendid picture of our fellowtownsman Rod Cameron together with a history of his musical career.

Kanemus, the splendid German Coach horse will soon leave, under the management of Mr. Surrat, for a short stay in Klickitat county.

We hear that Dr. Beers has bought Bate Garlock's house.

If there is anything in the theory that explosions cause rain we certainly ought to have torrents in this county soon. It has seemed for the last few days like an artillery duel in the direction of Rufus.

Ed Richardson and Chub Johnson returned the early part of the week from their trip to Old Kentucky where the boys had a fine time. Ed Froebe stopped off at Pendleton and had not returned to Wasco Thursday.

On all our two-piece suits 33-1-2 per cent is given off so boys don't miss the chance at the O. T. Co's store.

Joe Marsh is attending the Druggists Convention this week.

Mr. Al Wright was in Wasco Saturday attending the convention.

Harvest will soon be here but from present appearance there will not be sufficient men to handle the crop. Men are likely to be at a premium.

Grain bags for sale, we can save you \$20 per 1000 on your grain bags. Enquire of Kaseberg Bros.

Wasco, Ore.

The Black Sea fleet has again mutinied and the Czar is dodging with more than ordinary celerity.

Reports the last few days have been much more favorable for crops. The cool weather has caused the grain to revive and fields that a few days ago were dispaired of as failures are beginning to look like they would produce a crop. In all probability the conditions were exaggerated. One man told us that he had seen worse prospects many times when the crops turned out good, and he has had many years experience in farming in Sherman county.

Look! Look! Ladies, at our ready made summer skirts, they are beautiful and going at a big cut.

Dance at Opera House, in Wasco, Saturday evening.

Mr. Thompson and Mr. Meloy, of Rutledge, were attending the Farmers convention, and were very enthusiastic in the good cause.

Mrs. Marsh and Mr. and Mrs. E. A. Tate accompanied Joe to North Beach this week. Miss Minnie Marsh is druggist in her father's absence. She spent the Fourth at The Dalles and had a glorious time. She says that about one thousand railroad laborers celebrated in The Dalles and the big majority of them were drunk.

Mitdell, the slayer of Creffield the Holly Roller, was declared innocent of any crime by the Jury at Seattle on July 10th. This jury had its heart in the right place.

Why not keep cool, when all summer dress good at O. T. store are being sold at a bargain.

#### Revival Meetings To Close.

In spite of the extreme warm weather the meetings at the Methodist church have been of unusual interest, and all that have attended have received great good. Those who have failed to hear Miss Crow have missed a rare treat. The meetings will close with Sunday evening service Miss Crow will speak both morning and evening on Sunday.

The Standard Oil men are dodging Government summonses, strange isn't it that these men should not want to be arrested, from their sternuous declarations of innocence and Mr. Rockefeller's religious pretensions one would think that they would court a legal investigation.

While they last Mason and economy fruit jars will be sold at cost.

Bryan says that Roosevelt did not steal his clothes, but from some things that the boy orator has let drop we surmise that he would like to have a try at wearing the Roosevelt shoes.

City, county and school board in Multnomah county have decided to boycott every insurance company that does not pay in full the San Francisco losses. That is the proper thing and it would also be a move in the right direction if all policy holders would do the same. This part payment scheme in the sadly stricken city together with the raise of rates in Washington and Oregon is about as raw a piece of stealing as one could conceive of.

Roadmaster Rich has opened and repaired the county road running down the canyon to the DesChutes, it ought to be an easy matter to force the railroad company to build a siding at the mouth of the canyon and thus save the producers quite an amount in expense and bother.
