This warm weather is just the thing for growing grain, which certainly, never looked better. Extreme hot weather is not anticipated as there are more or less clouds and breezes each day.

The ball game last Sunday was not particularly interesting from a "professional" point of view, but just the same, the boys played with spirit, and thoroughly entertained the crowd which came out to see them.

A meeting for the election of a school clerk and one director was held at the public school building Monday afternoon, resulting in the re-election of J. Bright as clerk and Postmaster Tate to succeed himself as director.

W. L. Campbell, Sr., returned to Wheeler county after several months absence in Portland, says the Wheeler County News. Mr. Campbell also spent some time in Wasco, visiting with the family of his daughter, Mrs. Bert Eaton.

A favorite saddle animal, the property of Mr. Clark of the Phalemout stables, stumbled while under the saddle, while being ridden by a young man by the name of McLeod, the result of which was a broken limb. The break was near the shoulder. The animal had to be killed.

An article appeared in the News, issued Friday morning, was wired to Portland in time to come out in the Journal Friday afternoon at 3 o'clock, and came back to The Dalles and appeared in the Chronicle Saturday evening, all without credit, premeditation or malice-aforethought. How is that for publicity? Advertise in the Wasco News.

While attending to the affairs of the stable on Wednesday Frank Clark was kicked by one of the horses. He thinks the kick was intended for a horse and he is sorry it miscarried, but as it was Mr. Clark received the imprint of the animal's shoe on his upper lip, cutting it so badly that it required several stitches and knocking out two of his teeth.

L. W. Ross, the Jeweler.

Dr. Hartley, the dentist, is in the rooms formerly occupied by S. W. Stark as a law office.

Missouri reports are to the effect that the friends of both Fairbanks and Taft are doing their best to 'show her.'

SANDOW FLOUR—It is not necessary to cut prices to sell Sandow Flour. Once used, always used.

The Houston post tells of a carload of Texas hens that laid enough eggs enroute to Chicago, to pay the freight on the shipment.

If you are in need of a good watch, warranted to run, I have them, and at prices you cannot beat any where. L. W. Ross, Jeweler.

They are charging John D. with a "public be damned" attitude. Incredible! John D. is a devout man. The "public be damned" would be his way of saying it.

Tuesday, Mr. George Meader received a telephone message from his son Fred who called up from The Dalles. Fred told his father the happy news of his wedding which occurred the day before at the maiden home of the bride, Miss Olive Brumfield.

This office is happy to acknowledge the receipt of a wedding announcement which tells of the union of Mr Darwin Root and Miss Kara Grace Smart. The ceremony was performed at Denver, June 12th. The News extends hearty congratulations and best wishes.

The recent school election which was held in The Dalles resulted in the election of John Gavin, the anti-Whitney man, who received 308 votes as against 120 received by E. O. McCoy, who was in sympathy with the administration of Professor Whitney, who has been City Superintendent.

A horse was brought to town Monday evening, by Del Andrews, of the Kuney ranch, suffering from a dislocated jaw which had been caused by a friendly kick from another horse. Being unable to secure the services of a veterinary, Mr Andrews enlisted the assistance of Jim Demming and others and they proceeded by throwing the animal in the usual way, a rope held by strong hands having been attached to the animal's jaw. It was the intent of the experimenters to adjust the dislocation when they got the animal on the operating table, but the experiment proved more successful than many of a professional and more pretentious nature, the difficulty having been fully adjusted at this preliminary stage, thereby rendering further experiments unnecessary.

What might have been a most serious accident but resulted really in a severe injury, occurred to Mayor Catron last Tuesday. Mr. Catron started out early in the forenoon with his horse and buggy, on a business trip to Rufus. He was going down the Gerkin canyon and when in a very narrow part of the grade, met a team and a load of wood. In driving out to one side his buggy was forced so near the edge of the grade that it fell over the bank and its rider was thrown out upon the rocks. Mr. Catron felt faint but after his horse was recovered and buggy straightened up, went on to Rufus and then returned to Wasco before receiving surgical assistance. When examined by Drs. Beers and Morse it was found necessary to take eighteen stitches in a deep scalp wound. While the mayor is badly bruised up and is wearing a shaved head he expects to be all OK in a few days.

The Rufus Hardware for hardware, John Mitchell, \$3.50 shoe—At Akers. Buggy whips from twenty-five cents up—at Akers.

The Rufus Hardware Company keeps a line of All's Paint constantly in stock.

For good blacksmithing and horse-shoeing remember Rufus is the place.

When you want something good in the jewelry line don't forget that I have it, as I carry no cheap stuff.

L. W. Ross, Jeweler.

Parties having business with Oregon Fire Relief Association please call on or phone J. R. Howell of Wasco, Oreg., who is their local agent and will write your insurance for one, three or five years, and will guarantee satisfaction.

This office has signed a contract with Rev. Father Hickey whereby we are to print a large section of the Occidental Magazine. This contract calls for thirty-five hundred copies, which material increase over former issues is only a just reward for the high tone of the magazine, both editorially and typographically.

The Arnold Brothers, two young men of Welsh extraction, lately from Missouri, but more recently from Warrenton, at the mouth the Columbia river, arrived in Wasco on Monday and registered at the Western Hotel. The Christian names of the two brothers are John and Henry, but that is a matter of small importance, and will not enable you to distinguish one from the other should you form their acquaintance. To say there is a distinction without a difference between these twin brothers from their appearance to the ordinary observer can be in no wise classified as an exaggeration. They seem to be identical. There is, at present, a slight difference in their dress, although they generally dress alike. They are thirty years of age and weigh 171 pounds each, and are, evidently, young men of a high order of intelligence and good morals. They have spent a year in the saw mills of Warrenton but having heard much of the wheat fields of Sherman they were desirous of seeing for themselves and taking a hand in the harvest work for a season. The brothers say they have turned down many tempting offers in the line of show work, but the calling does not appeal to their tastes. They secured work with Edward Sink on Wednesday and think it possible they may remain in Sherman county. If any of the Sherman county girls become acquainted with the Arnold Brothers we caution them to be careful for they will surely find, when they think they are talking to "one" they will probably be talking to the other.

For Sale.

Team—seven and eight years old—weighing twelve hundred and fifty pounds each. Price two hundred dollars. For particulars address, GEO. SANDELL, Underwood, Wash.

Notice to Breeders.

Dicknomah, the standard bred stallion, will make the season at 1907, at the Phalemout stables, Wasco. For terms and particulars enquire of Wm. Walker, manager. All care will be taken to prevent accident, but owner will not be responsible should any occur. WM. WALKER, Manager.

# McCOY, ATWOOD CO.

Since opening up our business in the O. T. Co. building, under the cash system, we have been more than pleased with the general results, and find that the cash system is the only system to make friends and hold them after you have made them.

While we realize that we have not been doing business under this system long enough to thoroughly demonstrate this fact, but we feel that if carried out on this plan, we will surely make friends with the general public, hence increasing our business, and by doing so, can offer better inducements to our customers in matters of trade.

Some of our town's people, as well as some of our country friends, are saying that it cannot be possible to run a cash business in Wasco or Sherman county. More especially the way we are proposing to do it, as they say we are getting the "double-shot," as it were, on our customers, by asking them to pay once each month, and if they have not got the money, offering to loan the money to pay for what goods they have bought during the preceding month and charging 10 per cent interest on the amount loaned. This is exactly what we are offering to do, but do not think that this applies to everybody, as we are not loaning money to people that are not responsible, nor are we selling goods to those that are not responsible. For if we did, we would be working on the same old plans as have been carried for years before, resulting by over charging and making responsible customers pay all the bad accounts incurred by selling to irresponsible customers. This kind of business we are cutting out and mean to keep it up; for the simple reason that the dealer and consumer cannot prosper under such conditions; for no other rea-

son than this: That the merchants are obliged to ask the wholesaler for credit, which means a great deal of money and if the merchants are responsible, they will grant the credit required, which on the face looks very good, but how about the prices? The moment they get you into their clutches, up goes the prices on all the goods you want to buy, simply because they have your hands tied. The consequences are that the country merchants are obliged to set the prices up on the customers, hence the high prices for most everything you buy on the credit system. Not so with the cash system, as soon as Mr. Wholesaler finds you are paying cash for goods, he comes to you with all kinds of propositions and will tell you that the prices are the same, but as you are a pretty good fellow, and as you are paying cash, he will give you discounts for what you buy from now on, etc. Hence, the country merchant gets discounts on the merchandise he buys, has no interest to pay on over due bills, and besides, gets his goods on the cheapest market. Consequently, he sells the consumer at a much lower figure, which ranges 10 to 50 per cent cheaper than the old busted up merchant has been doing for years.

Some of our chronic kickers and knockers are telling our friends, that if we only sell goods at a discount of 10 per cent, and if we, as bankers charge 10 per cent for the money we loan to pay the account, the customers just break even. The following table will show that this is not the case. This table is based only on a discount of 10 per cent, which is not as great as we know it will be. It shows the difference between the credit and cash systems for one year. Also the amount of interest paid, in case one should be obliged to borrow money to buy goods with.

CREDIT System		CASH System		INTEREST ON \$90.00	
1907		1907		1907	
Bot in Oct. Goods worth \$100 for \$90				From Nov. 1 to Oct. 1 is \$8.25	
" " Nov. " " 100 " 90				" Dec. 1 to " " " 7.50	
				1908	
" " Dec. " " 100 " 90				" Jan. 1 to " " " 6.75	
Bot in Jan. Goods worth \$100 for \$90				From Feb. 1 to Oct. 1 is \$6.00	
" " Feb. " " 100 " 90				" Mar. 1 " " " 5.25	
" " Mar. " " 100 " 90				" Apr. 1 " " " 4.50	
" " Apr. " " 100 " 90				" May 1 " " " 3.75	
" " May " " 100 " 90				" June 1 " " " 3.00	
" " June " " 100 " 90				" July 1 " " " 2.25	
" " July " " 100 " 90				" Aug. 1 " " " 1.50	
" " Aug. " " 100 " 90				" Sept. 1 " " " .75	
" " Sept. " " 100 " 90				No Interest	
Total credit prices	1200	1080	Cash	Total Interest	49.50
Less cash prices		1080			
Gain above credit price		120			
Less Interest paid		49.50			
Net Savings		\$70.50		On ten per cent discount for cash.	

The above shows a saving on the cash system of \$70.50 over the credit system, which is worth looking after. Besides you are settled each and every month with the merchant, as soon as he renders you an itemized statement of your account. As the old adage says, "Short settlements make long friends."

We do not say that 10 per cent discount is all we give to those buying of us, for our discounts range from 10 per cent to 50 per cent, according to the class of the goods purchased.

We trust that the readers of this paper

will give our system of doing business serious thought, as it is of vital importance to them, as well as to the community in which they live. As a penny saved is a penny earned, and you can earn by saving many pennies when you come and see our stock of goods, which are now open for your inspection.

Trusting that you will take the above in the same spirit as it is given, we are,  
Yours truly,  
McCOY, ATWOOD CO.
