J. H. Gay, the well-known lumber dealer, reports business in his line almost at a standstill on account of the difficulty in securing lumber. Mr. Gay has made contracts with almost every lumber mill in Southern Oregon during the last month or so for the purchase of stock for his yard, and almost invariably they have disappointed him. Car shortage is given as the reason by the mills down the road, and scarcity of teams and big demand for lumber is the excuse given by many local mills.

J. L. Downing and wife, of Ashland, are visiting relatives here this week.

Messrs. Hammersly and McLendon, two prominent citizens of Gold Hill, were in town yesterday.

Space has been reserved in this issue by "The Toggery," of Medford, and some interesting matter regarding clothing and furnishings will appear next week.

The Savage alfalfa huller is running full time now, and the yield of seed is better than was even expected. Some fields are said to be yielding as much as \$30 worth of seed per acre.

Ray Crow, of Eugene, has taken a position in Cranfill & Robnett's establishment. Mr. Crow is a U. of O. man and was a member of the crack football team of that institution a few years ago.

Ed. Waud brought in the prize Jonathan apples the other day from the Freeman ranch on Bear Creek. They are from four-year-old trees and one sample measures 1 1/4 inches around. Mr. Waud also brought in a fine sample of corn from the same ranch. It carries two big ears to the stock with extra heavy foliage.

The Medford laundry wagon will call for work in Central Point each Monday afternoon and Friday morning. Expert ironers from City Hall French laundry, San Francisco, employed. First class work guaranteed. 7-1f

Oliver G. Ward arrived from Condon, Gilliam County, Monday to take a look at Southern Oregon. Mr. Ward recently sold a valuable farm near Condon, and is so well pleased with Southern Oregon that he has already purchased a stock ranch in Josephine County. He is more than pleased with the valley around Central Point and is likely to make some investments here.

W. J. Freeman and family returned from their eastern trip last Monday evening. While they were in the east they visited with his parents in Illinois and also visited relatives in Michigan. On their return they were accompanied west by Mr. Freeman's father and mother, Mr. and Mrs. Henry Freeman, and also by the elder Freeman's sister. They stopped off at Salem Monday to visit relatives there and will come on to Central Point later. Mr. Freeman and family report having had a very enjoyable trip but did not see any place that suited them so well as Central Point.

Mrs. M. E. Fries and son Clover returned from the hopfields near Grants Pass last Friday after having spent a pleasant and profitable vacation at that place. A number of Central Pointers and Medfordites were there and all had a pleasant outing besides making good wages as hoppers. Mrs. Robert Boswell, of Medford, lost a valuable watch the morning the party broke camp at the yard and did not miss it until they had arrived at the depot. She telephoned to the yard, and one of the proprietors went to the camping place and was fortunate enough to find it. The case was made from native Jackson County gold which was mined by her father, and the watch is much prized by Mrs. Boswell.

The State Press Meeting

The annual meeting of the Oregon Press association which closed at Newport last week was one of the very best meetings ever held by that organization. It was business from start to finish, and by cutting out all undue formality every member was given an opportunity of being heard on questions of importance that were up for discussion.

The meetings were held in Irvin's log cabin club house, that quaint but cosy structure having been placed at the disposal of the association by mine host Irvin, of the Irvin hotel at Nye Creek Beach.

The daily sessions began at 9 o'clock each morning and continued until 10 o'clock at night, with only short intermissions at the luncheon and dinner hours. The greater portion of the time of the convention was devoted to discussion of uniform advertising rates. The result of this discussion was the adoption of resolutions and a contract proposed by Mr. C. C. Chapman, the well-known advertising agent of Portland, whereby uniform rates will be guaranteed to all foreign advertisers. An effort will be made to organize county press associations for the purpose of bringing the publishers of each county into an agreement on the rates to be charged foreign advertisers in such county. It is believed that when the publishers once effect organization by counties, it will be an easy matter to reach a uniform rate law in the state.

Sunday was given over to rest and recreation, a number of the newspapermen and their ladies making an excursion to the government lighthouse at Cape Foulweather, six miles from Nye Creek. The trip was a highly interesting one and the party was shown every courtesy by the lightkeepers in charge. The lighthouse was completed in 1872, and for 34 years it has given nightly warning to mariners of the treacherous rocks at its feet. The light is of 500 candle power, but by powerful magnifying lenses it is increased to 9000 candle power, and may be readily seen from a point 14 1/2 miles out at sea. In the evening a pleasant social meeting of the association was held in the spacious parlors of the Irvin House, when Geo. H. Himes, historian of the association, read a highly interesting paper on "Oregon's First Agricultural Paper." A splendid classical musical program was also furnished the members by the Misses Fitzpatrick, of the Monterey Hotel, Nye Creek, and by Miss Fay Dellinger, of Astoria.

A live business session was held Monday morning, and in the afternoon the members were entertained at the life-saving station by an exhibition drill given by Captain Wellander and his excellent crew of life savers. These men constitute a part of one of the most important branches of the government service and also one of the most poorly paid. They must be ready at all times to take their lives in their hands in an effort to save the lives of others, and must brave the worst storms and the most inclement weather that sweeps the coast, and for this service they receive \$60 a month and board themselves.

The newspaper men were the recipients of every courtesy at the hands

Table Rockets

The bulk of the grain raised in this section was marketed in Central Point.

Dr. Pickell was in attendance on Mrs. Eisenhart Wednesday. She has an attack of rheumatism.

Those operating the fish hatchery are doing a rushing business giving away the fish after securing the eggs.

A. C. Chittenden is having his cane made into syrup at the Adams mill and will soon have a fine article for sale.

Wm. Mayfield, of the Meadows, accompanied by Mrs. Mayfield, will leave on an extended visit to a son in Klamath county soon.

Harvey Richardson, our road supervisor, called on our citizens to donate work on the road near the bridge, and met with a generous response.

The raid of town hunters has caused our farmers to post trespass notices. After fattening the Chinese pheasants the grangers want to eat some of them.

Frank Adams and Emmet Nealon, two old Table Rockers, have rented the old McDonough farm at Tolo for the next year, and if energetic hard work counts for anything, they will "win out."

The Rogue River Land Co.

The object of all development leagues is to induce immigration of good citizens from the eastern states to the Rogue River Valley.

The Rogue River Land Co. has been a pioneer in this development business, having made the first move in the valley to induce desirable immigrants to remove here and to partake of our advantages and climate. In the last two years we have located a large number of the best citizens to be found in the valley. Central Point has attracted many of them.

The Rogue River Land company guarantees fair treatment to its customers. We will in a short time again send a man east to extol the merits of this section. Give us a credit mark and boost our way. It is high time for all sections of this valley to pull together and quit "knocking."

Executive—D. W. Bath, Hillsboro Independent; E. H. Flagg, St. Helena Mist; E. R. Bradley, Hood River News Letter; Frank Davey, Salem Statesman; J. S. Dellinger, Astorian.

Finance—A. D. Moe, Hood River Glacier; S. A. Pattison, Central Point Herald; K. E. Carter, Ione Proclaimer; Walter Lyon, Independence Enterprise; R. W. Watson, Tillamook Herald.

The next meeting will be held in Salem on January 22, 1907, when the united strength of the organization will be exerted in an effort to secure needed newspaper legislation at the hands of Oregon's lawmakers.
