The HERALD job department has been as busy as usual since the first of the year, although in most towns this is considered the dull season. There does not seem to be any dull season here this winter.

Cast plow shears ground on short notice, "while you wait," at F. A. Hawk's shop. 38441

J. E. Watt, of near Medford, was here Tuesday calling on his old Dakota friend, L. Hatfield. He expects a number of Dakota families to locate here in the spring.

A female San Jose scale critter has a progeny in one season to the number of 3,216,080,400. If the man who says so counted them right, the scale species is certainly not guilty of race suicide.

The Medford coal mine is coming to the front as an actual fuel famine breaker. Last week one car of coal was shipped to Eugene and one to Roseburg to relieve the serious fuel famine at those points.

Two days treatment free. Ring's Dyspepsia Tablets for impaired digestion, impure breath, perfect assimilation of food, increased appetite. Do not fail to avail yourself of the above offer. Sold by Mary A. Mee.

Your money refunded if after using three-fourths of a tube of ManZan, you are dissatisfied. Return the balance of the tube to your druggist, and your money will be cheerfully returned. Take advantage of this offer. Sold by Mary A. Mee.

D. S. Grim made a trip down the road the first of the week to try to hurry up some wood shipments that he has been expecting for several months. He found wood in plenty, but the difficulty is to find cars to transport it. Truly, this car shortage is a serious thing to the people of Oregon.

Portland and all the rest of Oregon except the Rogue River Valley has been at the mercy of snow storms and blizzards during the past week or so, and, while we have had a little flurry or two of snow and about enough frost to sting, such Winter diversions as skating and coasting have not been thought of.

ManZan Pile Remedy put up in convenient, collapsible tubes with nozzle attachment so that the remedy may be applied at the very seat of the trouble, thus relieving almost instantly bleeding, itching or protruding piles. Satisfaction guaranteed or money refunded. Sold by Mary A. Mee.

The President's recommendation that the Panama Canal Commission shall be composed of but one man was received with uplifted eyebrows by the Senators who were listening to the message this afternoon. Rev. F. Sack, pastor of the German Lutheran church, in Medford, was here Tuesday trying to arrange for regular services here in the future. An effort will be made to secure the use of the Baptist church for these services. Rev. Sack holds services either in English or German, and he is said to be a talented speaker. If the arrangements are made, further announcement will be made later.

While the weather here has been somewhat chilly for a couple of weeks, our people should congratulate themselves that they are in the Rogue River Valley rather than in any other section of the Pacific northwest. The coldest weather we have had here was not worse than 14 above zero, while Eastern Oregon and many points in Washington have been struggling with a fuel famine with the mercury at 20 below zero. The Columbia River has been closed with ice almost to the sea and the Willamette has been frozen from shore to shore at Portland.

The relief of Coughs and Colds through laxative influence, originated with Bee's Laxative Cough Syrup containing Honey and Tar, a cough syrup containing no opiates or poisons, which is extensively sold. Secure a bottle at once, obtain a guarantee coupon, and if not fully satisfied with results, your money will be refunded. Sold by Mary A. Mee.

L. Hatfield had a trial shipment of Jackson County coal shipped down from Medford Monday for the purpose of testing its burning and heating qualities. The fuel was so satisfactory that Central Point has about concluded to annex the mine and put a stop to the four-cornered fight that has been going on for several weeks between Medford, Talent, Phoenix and Ashland as to which town really and truly and actually owns the mine. It will be remembered that once upon a time two boys were fighting over a big red apple and another husky kid came along and, to stop the fight, took the apple away from them and ate it. Central Point is getting husky all right.

A Card.

I wish to state to the public, through the columns of the Central Point Herald, that I will not be an applicant for the Central Point school for the coming year. A. J. HANBY.

Card of Thanks.

We take this means of extending our heartfelt thanks and appreciation for the kindly assistance shown us by our friends and neighbors during the long illness and at the time of the death and burial of our wife and mother.

M. S. WELCH AND FAMILY.

A loss to the District.

Prof. Hanby's announcement in this issue, that he will not again be an applicant for the position of principal of the public school here will be a source of regret to most of the patrons of the school. Mr. Hanby has been at the head of the school for a number of years and has built it up from a rather small affair until it is today recognized as one of the very best and most successful schools in the county. During his term as principal this school enjoys the distinction of never having sent a pupil to the teachers' examination who failed to pass that ordeal, which speaks volumes for his thoroughness and conscientious work. His determination to sever his connection with the work here is a distinct loss to the school, as well as to the taxpayers of the district, for it is practically certain that an equally successful teacher and principal cannot be found to succeed him for less than \$25 per month in excess of the salary he now receives.

It is understood that Mr. Hanby has been offered an attractive position in the schools of Multnomah County, at a salary of \$100 per month—one-third more than he receives here, which, it must be admitted, is a sufficient reason for his decision to make a change.

RECENT DEATHS.

Freeman.

Henry Freeman, an old resident of Greenwood, Illinois, died at the residence of his son, W. J. Freeman, in this city Saturday evening, January 19, 1907, in the 70th year of his age, after a lingering and painful illness.

Deceased was born at Pottsdam, Saint Lawrence County New York, June 23, 1839. When a child he came to Illinois with his father, his mother having previously died. The family settled near Greenwood, where his home has since been. He was a veteran of the civil war, having served three years as sergeant in the 95th Ill. Volunteers. On his return from the service he was married May 3, 1866, to Sarah H. Howard, of Greenwood, Ill.

Besides the widow he leaves four sons: W. J. Freeman, of Central Point; L. L. Freeman, of Live Oak, Cal.; Horace C. Freeman, of Greenwood, Ill.; and Lysle H. Freeman, of Hebron, Ill.; and Mrs. Myra L. Duggert, a daughter, of Greenwood, Ill. Four sisters also survive him: Mrs. Eliza Eckert, of Woodstock, Ill.; Mrs. Job Toles, of Greenwood, Ill.; Mrs. B. F. Wiley, of Salem, Oregon, and Mrs. C. P. Wiley, of Carleton, Nebraska. His only brother, Horace Freeman, died while in the service of his country during the civil war. He also leaves fifteen grandchildren.

Mr. Freeman with his wife and sister, Mrs. Toles, came to Oregon last Summer to visit their relatives here, and soon after their arrival Mr. Freeman was stricken with the illness which ended his life.

The remains were taken to his old home for interment, being accompanied by Mrs. Freeman, Mrs. Toles and W. J. Freeman.

Welch.

Mrs. Mary Welch, wife of M. S. Welch, of this city, passed away at an early hour Tuesday morning, January 22, 1907, after a long and painful illness, aged 68 years, 10 months and 15 days.

Mary Nossman Welch was born at Indianapolis, Ind., March 7, 1838. When 11 years old she removed to Iowa with her brother. There she grew to womanhood, and on April 26, 1855, she was married to Mr. Welch. In 1883 the family removed to Kansas, and from that state came to Oregon in 1890. Since that time they have been respected citizens of Central Point.

Mr. and Mrs. Welch were the parents of thirteen children, eight of whom are living—Mrs. Robert Ashworth, Mrs. F. A. Hawk, Mark and Joseph Welch, of Central Point, Oregon; Mrs. W. H. Ashworth, of Golden, Colorado; Mrs. J. C. Barnard, of Talent, Oregon; William Welch, of Dawson, Oklahoma; Mrs. C. V. Beeler, of Jewett City, Kansas.

The funeral was held yesterday afternoon, a simple service at the house being conducted by T. M. Jones, interment in Central Point cemetery.

Rev. Carlisle P. B. Martin, L. I. D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." Sold by Central Point Pharmacy.

Against Unlawful Fencing.

The following order from the Secretary of the Interior and addressed to the Commissioner of the General Land Office relative to the enforcement of the law against the fencing of public lands is of general interest:

WASHINGTON, D. C., January 3, 1907. SIR: Referring to the circular of instructions to special agents of your office, approved by me on January 29, 1904, relative to their duties under the act of February 25, 1885 (23 Stat., 321), entitled "An act to prevent unlawful occupancy of the public lands," you are advised that said circular is hereby amended and modified as follows: Strike out from said circular paragraphs 5 and 6, and insert in lieu thereof the following:

It shall be the duty of the special agent on receipt of any charge or complaint or upon information being acquired by him from any source, that an unlawful inclosure is being maintained by any person or persons, association, or corporation, to at once proceed to secure sufficient data, including a description of the lands inclosed, with reasonable certainty, not necessarily by metes and bounds, nor by Governmental subdivisions of surveyed land, but only so that the inclosure may be identified and the person or persons guilty of the violation, as nearly as may be, and by description if the name can not, on reasonable inquiry, be ascertained, and to at once submit each case, with the data thus obtained, to the United States attorney for prosecution.

It shall be the duty of the special agent, and he shall be so instructed, to be alert and vigilant to detect the existence of unlawful inclosures in his district and to proceed in accordance therewith as hereinabove directed, and that he is not to construe his duties as requiring that, before proceeding in the matter of an unlawful inclosure, there must first be filed with him a formal complaint by some person or persons acquainted with the facts, but it shall be his duty, as hereinabove stated, to take the initiative himself.

In this connection you are further instructed, by direction of the President, to at once notify all of the special agents and receivers and registers of local land offices throughout the United States, and to give the widest publicity thereto that the provisions of said act of February 25, 1885, for the summary destruction of inclosures and obstructions existing in violation of said act will be rigidly enforced on and after April 1, 1907.

Respectfully,
E. A. HITCHCOCK,
Secretary of the Interior.

People are Waking Up

on the orchard proposition in the Rogue River Valley. A good orchard on the right kind of land is very attractive.

The right kind of an orchard will prove a bonanza; the wrong kind is sure to prove a "white elephant" on the owner's hands. A man who is not in touch with the orchard business cannot put you right on the proposition any more than a blind man can lead a blind man. If you want to avoid getting left with a "white elephant" on your hands, do business with the

Rogue River Land Company, Medford, Oregon.

They are in touch with the orchard business, thoroughly familiar with every tract in the valley, know what each district is best adapted for, and they will see that you are put right in every instance. Every man who has ever bought through his agency can sell to-day for a great advance over his purchase price. This is endorsement enough. Consult any business man, bank or orchardman in the valley as to their reliability.
