Mr. and Mrs. G. E. Jones were pleasant callers at the HERALD office Tuesday. Mr. Jones expects to leave in a short time for a social and business trip to North Dakota, where he will probably spend the Summer.

The Central Point Dancing Club will give one of their deservedly popular balls tomorrow (Friday) night in the opera house. Every member of the club will be on the reception and floor committees and all visitors are assured a delightful evening.

ManZan Pile Remedy put up in convenient, collapsible tubes with nozzle attachment so that the remedy may be applied at the very seat of the trouble, thus relieving almost instantly bleeding, itching or protruding piles. Satisfaction guaranteed or money refunded. Sold by Mary A. Mee.

Frank Amy and Ed. Farra returned Tuesday afternoon from a business trip to Trail, where they went to look up some timber matters. They report everything booming at the river town. A crew of loggers are at work for the Condor Water and Power company cutting sawlogs and placing them in the river. The logs will be driven to the company's mill at Gold Ray. A big crowd of timber claim seekers are also at Trail and the two hotels are full to overflowing.

Charlie Gay, a former well-known resident here, now living at Medford, was in town Tuesday. Charlie didn't locate on Coos Bay and a Coquille paper was so chagrined that it "roasted" him for being chicken-hearted, getting homesick and having "cold feet" on "his first trip away from home." Mr. Gay pleads guilty to all the charges and says that all the above-named calamities are not half what are coming to a man who would be foolish enough to leave the Rogue River valley and locate on Coos Bay.

The relief of Coughs and Colds through laxative influence, originated with Bee's Laxative Cough Syrup containing Honey and Tar, cough syrup containing no opiates or poisons, which is extensively sold. Secure a bottle at once, obtain a guarantee coupon, and if not fully satisfied with results, your money will be refunded. Sold by Mary A. Mee.

Sam Koplinger, of Weston, Umatilla County, was here for a few days during the week visiting his old friend, T. J. O'Hara, and looking over the country with a view to locating permanently a little later. Mr. Koplinger was more than pleased with the prospect here and surprised at the great difference in climate. He left two feet of snow at home and in a couple of days stepped from the train into almost Summer weather. He expects to close out his interests there during the coming Summer and return here in the Fall.

D. D. Thompkins, of Salem, who has been making numerous trips into the timber up the Rogue River, locating clients on timber claims, returned Monday from the mountains, where he went a few days ago with his mother, Mrs. Thompkins, of Salem, and Mr. J. A. Wetzel, of this place, both of whom he located on good claims. Mr. Thompkins is a conscientious locator and a most pleasant gentleman and believes in an absolutely square deal in the timber and land business. He expects to return soon with a few more clients, as he knows of a few fairly good claims yet remaining and which have escaped the latest drag of the forest reserve net.

Bee's Laxative Cough Syrup containing Honey and Tar is especially appropriate for children, no opiates or poisons of any character, conforms to the conditions of the National Pure Food and Drug Law, June 30, 1906. For Croup, Whooping Cough, etc. It expels Coughs and Colds by gently moving the bowels. Guaranteed. Sold by Mary A. Mee.

Postmaster Guy Tex announces that after March 1st he will sell one-cent postage stamps in book form, 24 stamps in a book, for 25 cents.

Mrs. Frank Mee, of Hills, California, came over Saturday and spent Sunday with her sisters-in-law, Miss Mary A. Mee and Mrs. Emma Beebe.

Mr. and Mrs. W. O. Vaughn, of near Prospect, are in town for a few days. Mr. Vaughn is 82 years young and rustles around like an old man of 22. He made delivery of a lot of cattle here yesterday.

Mr. and Mrs. G. E. Jones were pleasant callers at the HERALD office Tuesday. Mr. Jones expects to leave in a short time for a social and business trip to North Dakota, where he will probably spend the Summer.

Back from the East.

W. J. Freeman returned from the East Monday morning after having accompanied the remains of his father, who died here a few weeks ago, to their final resting place, at Woodstock, Illinois, his former home.

Mr. Freeman was accompanied on the trip East by his aged mother and aunt, who with his father came here last September on a visit. The party went via the Central Pacific route and were fortunate in missing the snow blockades by which the northern routes were closed at that time. They left Central Point Tuesday morning and reached their destination, near Chicago, the following Sunday morning, being delayed but five hours on the entire trip. His mother and aunt, who are both quite aged, stood the long journey well.

The weather in Illinois ranged from zero to 15 below while Mr. Freeman was there and it is needless to say that he is thoroughly enjoying the pleasant Spring weather here. He returned via the Rio Grande route, and found rather pleasant weather in Western Kansas, Colorado and Utah, and was again fortunate in escaping delay then being caused in Nebraska by floods and wash-outs.

Mr. Freeman says business of all kinds is very prosperous in the East, but in spite of that there are indications of a heavy emigration to the Pacific coast this Spring. Many persons are turning their thoughts to Oregon, and the railroad companies are making extensive preparations to carry a heavy travel towards the setting sun after the first of March.

Social Notes.

One of the most pleasant social events of the week among the younger set was the Valentine Heart party given by Miss Esther Merritt last Thursday evening at her home on Pine street. The rooms were tastily and elaborately decorated with pink and red hearts, the same effect being carried out in the dining-room, where covers were laid for 13 couples. The heart scheme was also carried out in the dainty refreshments which were served at midnight.

Music, games and cards furnished the evening's entertainment, which lasted until 2:30 a. m.

Miss Merritt was assisted in receiving her guests by Miss Etta Williams.

Mr. and Mrs. Joe Hoagland entertained the whist club at their comfortable home across the creek last Saturday evening and the members and guests present all report one of the very pleasant evenings in the club's history. The regular meeting of the club should have been on Thursday evening, St. Valentine's day, and in the tasteful decorations and dainty refreshments the heart effect was carried out to perfection. Sixteen members and guests were present and the enjoyment of progressive whist lasted until midnight.

A Freak Railroad.

Last week the Medford Tribune reported a tour of inspection recently made by the newly appointed receiver, the chief engineer and officials of the company, over the Medford & Crater Lake railroad, the object being to ascertain the condition of the property. Everything at that time must have appeared lovely, for the report above referred to stated that the chief engineer said that the road could be put in condition to operate trains over for \$300. Another "tour of inspection" was made last Sunday, which is reported in Monday's Tribune as follows:

Receiver Reddy, Fred Blakeley and a party of gentlemen made a tour of the Medford & Crater Lake road yesterday for the purpose of ascertaining the exact condition of the track and the probable expense of placing the completed section of the road in condition for service.

From a practical railroad standpoint, the Medford & Crater Lake line is a freak. No practical railway engineer would have perpetrated any such a joke on the stockholders. The original survey was the work of a rank amateur, and the grading might have been the work of a country roadmaster. In its present condition the line is practically valueless. It will require the expenditure of \$10,000 to put the completed section in condition for up-to-date service.

The track requires ballasting for seven-eighths of the distance between here and Eagle Point but an abundance of excellent gravel is available for this purpose.

Wonder what the trouble is. Has there been an earthquake out along the line or has the annual pass of the Tribune man been revoked?

Chamberlain's Cough Remedy a Favorite.

"We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by Mary A. Mee.

London Apple Market.

(Reported by W. Dennis & Sons, Covent Garden Market, London, for week ending February 2nd. Courtesy F. H. Hopkins.)

The market for Oregon Newtowns has considerably improved and is now ranging from 12s to 15s per box. At the latter figure very few have been sold, but we are in hope of establishing this figure for anything really good in the next and subsequent weeks.

The first arrival of Australian apples is due here the first week in April and there is therefore a period of fully two months during which the Oregon Newtowns will be the only best table fruit available and there must be a strong demand for the Oregon product this year because the Watsonvilles are of such moderate quality.

Neglected Colds Threaten Life.

[From the Chicago Tribune.]

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold."

Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by Mary A. Mee.

Dunkard Colony Coming.

Information reached here a day or two ago that Benton Bowers, who owns a large tract of land four miles north of this place, near the mouth of Bear Creek, has bonded the entire tract to representatives of a colony of Dunkards from the East, who expect to locate there and establish a permanent colony. Details of the matter are not at hand, but it is understood the settlement will be on the village plan, with small farms and intensive methods of farming. A church and school will be established in the village.

EXPOSURE

To cold draughts of air, to keen and cutting winds, sudden changes of the temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds.

Ballard's Horehound Syrup is the best cure. Mrs. A. Barr, Houston, Tex., writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." Sold by Central Point Pharmacy.

Garden Seeds.

The HERALD has been favored by Senator Fulton, and the fact that the mails are being weighed just now for the purpose of basing the estimates for the remuneration of the railroads for carrying the mails for the next four years, with a big sackful of garden seeds, which we will be glad to distribute free to our friends and patrons while they last. Call early and stock up and go into the garden business.

Rebekah Lodge to Organize.

A Rebekah Lodge will be organized here Tuesday evening, February 26th. Mrs. Maud Steckle, of Gold Hill, D. D. G. M. of the Rebekahs, will institute the new lodge. It is expected the new lodge will start with about 50 members.

A Gentleman of the Old School.

Lady Dorothy Nevill in her reminiscences tells a story of her father, a gentleman of the old school, "in nankin shorts, with white stockings and a brass buttoned blue coat, with big collar, over a beautifully embroidered waistcoat." But he swore, after the manner of the age. "He was traveling at night on the continent alone in a post chaise when the postboy, while passing through a forest, began to drive like a man anything but certain of his way. My father's wrath soon rose, and the explosion of strong language which issued from the carriage so alarmed the driver that, murmuring, 'Je ne veux pas conduire le diable' (I will not drive the devil), he pulled up and, having expeditiously unfastened the traces, made off with his horses at a gallop. My father, I believe, passed the whole night alone in the woods."

People are Waking Up

on the orchard proposition in the Rogue River Valley. A good orchard on the right kind of land is very attractive.

The right kind of an orchard will prove a bonanza; the wrong kind is sure to prove a "white elephant" on the owner's hands. A man who is not in touch with the orchard business cannot put you right on the proposition any more than a blind man can lead a blind man. If you want to avoid getting left with a "white elephant" on your hands, do business with the

Rogue River Land Company, Medford, Oregon.

They are in touch with the orchard business, thoroughly familiar with every tract in the valley, know what each district is best adapted for, and they will see that you are put right in every instance. Every man who has ever bought through this agency can sell to-day for a great advance over his purchase price. This is endorsement enough. Consult any business man, bank or orchardman in the valley, as to their reliability.
