I. C. Robnett was offered \$2500.00 cash for his young 4 1/2-acre orchard west of town last Thursday and quickly refused the offer. The price offered was \$71.50 per acre, which is going some even for the Rogue River valley.

To show something of the fertility of foothill soil L. F. Van Vliet the other day brought in a section of grape vine from his orchard 2 miles west of town, the growth of last season, which measured almost 25 feet in length. If any other grape country can beat this showing the HERALD would like to hear of it.

Mr. and Mrs. C. M. English and G. L. Treichler and daughter, Miss Gertrude, who have been visiting Mr. and Mrs. L. Hatfield and other friends for several days, expect to leave for their Dakota home this evening. Mr. Hatfield and Mrs. English enjoy driving as well in Oregon as they formerly did in North Dakota.

Lynn Purdin, of the Gold Hill News, George Putman, of the Medford Tribune, Jas. Fay, of the Medford Mail and E. J. Kaiser, of the Ashland Valley Record were here last Saturday evening attending a meeting of the Jackson County Press Association. An excellent dinner was served the visitors at the Central Point Hotel before the meeting.

The Bazaar given by the Rebekah ladies last Saturday evening was a decided success both from a social point of view as well as financially. Practically every article in the booths was sold before the close of the evening and the stacks of hot tamales which had been prepared for the occasion were all gone before five o'clock. The ladies realized between \$75 and \$80 from the affair and are correspondingly happy.

A large audience greeted the Williams Jubilee singers in the opera house Monday evening and it is not too much to say that no entertainment ever given in the town pleased and delighted the people more than this one. The company is considered the best colored company on the road today and their repertoire is at once refined and entertaining. Every number called forth rounds of applause and when the last number was announced there were cries of "go on!"

Mrs. Geo. P. Mims and children arrived from Coeur d'Alene, Idaho, last Friday to join Mr. Mims, who recently purchased the McLendon ranch below town. Mr. Mims has planted most of the place to the best varieties of commercial apples and pears, and with his family expects to make a permanent home here. He says he can give each one of his children a ten-acre orchard tract, in bearing and has enough left to make himself and Mrs. Mims pretty independent and comfortable, thank you, for all time to come.

Spoilin' for a Game.

The Central Point first baseball nine has been reorganized, with A. Naash as manager and "Toots" Ross captain of the team. The boys are anxious to get on with some of the crack teams of the county, but as yet they have not been able to induce any of the ball teams in the county to cross bats with them. The boys are feeling like two-year-olds and think they can down any team in Jackson County. Mr. Nash, manager of the team, is an old-time ball player and has been coaching the team for the past month, until now the "little fellows" think they are "IT."

All Roads Lead to Central Point.

PORTLAND, ORE., MARCH 17, 1908.
"Mr. S. A. Pattison,
"Publisher Central Point Herald,
"Central Point, Oregon.

"DEAR SIR:—
"I have before me your kind letter of the 11th inst. and am glad to know the business men of Central Point are working harmoniously in an earnest effort to secure the best possible results from the low colonist rates which are at present in effect from the East to Central Point, for the fact is that, during this month and next month, ALL ROADS LEAD TO CENTRAL POINT."

"Since the first of the month our records show that the Rogue River Valley is securing a good percentage of the travel, and trust it will continue so to the end of the season and that your community will be benefitted. Your success is ours and we wish to work with you in every way possible.

"Yours truly,
"WM. McMURRAY,
"Gen. Pas. Agt. S. P."

Beall Orchard Sold.

The Ashbury Beall orchard, across Bear Creek, which was sold last Fall to the Rogue River Land Co., of Medford, for \$9000.00, was resold Monday to W. W. Glasgow, of Medford, and Mr. English, of Niagara, N. D., for \$15,000.00. This is one of the most promising young orchards in the valley and the purchasers got an excellent bargain in the deal. Mr. Glasgow came here from North Dakota two or three years ago and purchased the Corum orchard, on the foothill road, later selling the place to H. C. Cook at a good advance. He knows what Rogue River fruit land is worth. Mr. English is in business at Niagara, and came to the coast on a pleasure trip this Winter, but a few days in this vicinity "fixed him plenty" and he now expects to close up his affairs as soon as possible in Dakota and come here to reside.

The Cubs Win Form Jacksonville.

The Central Point Cub baseball team went to Jacksonville Sunday and played the Jacksonville Junior team on their diamond. The Cubs are a strong team and have declared they will defeat every school boy ball team in the valley before the season is over. They did pretty well in the game Sunday, winning by a score of 15 to 11, but are expected to do better next Sunday, when they cross bats with the Eagle Point second nine on the Eagle Point diamond.

New Telephone Device.

Clarence Treuett, manager of a telephone company at Lewiston, Idaho, has invented a device that will do away with the annoyance of party line telephone service. With it in use it will be impossible to take down a receiver and listen to a conversation between two other subscribers at the same time it will be possible to carry on ten separate conversations over the same wire at the same time without one interfering with the other. It will be a godsend to persons wishing privacy in regard to their business affairs but will work a hardship on the professional "rubber" fiend.

Chamberlain for Senator.

Governor George E. Chamberlain has formally announced himself as a candidate for United States senator from Oregon and declares himself as standing squarely on Statement No. 1 and the direct primary law. The Governor says he has been importuned by many friends in both parties to make the race, and pledges himself to place country above party, if elected, and to serve the country at large, the state of Oregon and the people generally without regard to partisan politics.

Brings in Fine Stock.

T. M. Stanley, who recently moved here from Saratoga, Wyoming, brought with him a small herd of full blood Red Polled cattle, which are said by competent judges to be the best lot of cattle in this valley. The Red Polled is a dual-purpose breed of cattle, being excellent both for general dairy purposes and for beef. Mr. Stanley has 27 head of these cattle and will make a specialty of breeding a fine strain of this excellent stock.

Mr. Stanley also brought with him a fine full blood registered Black Percheron stallion, coming 4-year old, that is said to be the finest appearing horse in the country. He weighs 1850 pounds and is pretty as a picture. Mr. Stanley has moved all his stock and goods to the Aikin farm on Rogue river, which he recently purchased and is getting settled down to business.

A Mysterious Mound of Earth

A mysterious looking mound of newly dug earth was the cause of some excitement in Gold Hill on Tuesday evening and until the investigations of Coroner Kellogg were completed it was thought that some one had been murdered and their body buried in the mound. The mound was reported to the coroner by John Noe, who lives on the old Masterson place on old Gold Hill. There is an old cabin on the river bank near this place and as Mr. Noe was coming in to town he discovered what looked very much like a newly made grave, and bearing evidence of being made at night as there was candle spasm laying around on the leaves and grass. Mr. Noe came to town immediately and reported the find to Mr. Kellogg who went to the scene and opened up the mound of earth but nothing was found to indicate that a crime had been committed. The mound was two feet wide and about six feet long. The theory is now that some one was hunting for a buried treasure and that they did their searching at night to avoid discovery. There are many stories of buried treasure in this locality and it is supposed that some one was fooled into believing that it was located there. The place was an ideal spot for anything of this kind and any one with an imaginative nature could be easily talked into anything of this kind.—Gold Hill News.

Killed by Streetcar.

Vernon Fansher, son of Mr. and Mrs. L. W. Fansher, of Medford, was almost instantly killed last Thursday evening in Portland by being struck by a streetcar. Deceased was about 19 years old and had been in Portland for several months, where he was employed by the streetcar company. The family resided in Central Point about a year ago, where the unfortunate young man was well known and had many friends. Mr. and Mrs. Fansher were apprised of the sad accident and left the same evening for Portland to arrange for the funeral.
