

**Observation Cars.**

On and after November 15, 1907, the observation cars between Portland and Oakland California, on trains Nos. 15 and 16 will be carried through instead of being cut out, as heretofore, at Roseburg.

Southbound, under this new arrangement, passengers holding proper transportation and Pullman accommodations may occupy these cars on the night leaving Portland until reaching Eugene at 12:32 a. m.

FRED PARKER, Agt. S. P. Co.,  
31st Central Point, Oregon.

**Born in Iowa.**

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proved very successful and is constantly growing in favor.—ENNIS BROS. This remedy is for sale by Mary A. Mee.

**Methodist Church Services.**

Preaching services every Sunday at 11 a. m. and every other Sunday evening at 7:30.

Sunday School every Sunday morning at 10:00.

Epworth League at 6:45 every Sunday evening.

Junior Epworth League at 3 p. m. every Sunday.

Prayer meeting every Thursday evening at 7:30.

**For a Sprained Ankle.**

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by Mary A. Mee.

**Ten Dollars Reward**

for information leading to the recovery of a team of work horses, described as follows:

One light-brown horse, carries head high, collar mark, shod, weight about 1300. One dark-bay, brand half moon on left shoulder, small star on forehead, barefooted, weight about 1100, in good condition.

J. A. LARSON,  
Care Southern Oregon Supply Co.,  
7th Grants Pass, Oregon.

**No Need of Suffering from Rheumatism.**

It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. For sale by Mary A. Mee.

**Summer Excursion Rates to Newport.**

To afford an opportunity to the people of this locality to visit the coast during the Summer months, the Southern Pacific Company will sell round trip excursion tickets from Central Point to Newport and Yaquina Bay points for \$10.00 for the round trip daily from June 1st to October 15th. These tickets are good for return passage for six months from date of sale. Tickets good only for continuous passage each way, except in cases of serious illness of ticketholder or member of his family, when stop-overs or extension of limit may be arranged. **Sore Nipples.**

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Mary A. Mee.

**New Clubbing Offer.**

For a limited time we offer the Central Point Herald and the Thrice-a-Week World (New York) each one year for \$2.15. This means 208 papers at a cost of only a cent apiece.

Central Point is going to improve more during the present year than in any year in its past history. You will need the Herald to keep posted on what is doing at home.

A presidential election is coming on this year and you will need the Thrice-a-Week World to keep you posted on national affairs, especially regarding the political situation in New York. Better subscribe today.

**English as the World Language.**

Only two of the delegates to the Hague peace conference last year spoke English when addressing the assembly. One German used his native language, and others spoke in the official medium adopted, French, heretofore recognized as the key language of the world, although it was strange to the majority of delegates and gave an advantage to the small group of French delegates and Belgians, for whom it is the mother tongue. The users of English at the conference were our Mr. Choate and a delegate from one of the Balkan countries. Needless to remark that the choice in selecting delegates in many countries fell upon the ones who could speak French, and other qualifications were secondary. In General Horace Porter we had a representative who was at once able in all respects and at home with the official language of the assembly. But he is one of the few distinguished men in public life who are masters of French. The Esperantists hope to supplant French with the new medium as a universal language because the range of French, in spite of its recognized position as the key language, is limited.

However, Esperanto may have to dispute the field with English if the statistics marshaled in the World's Work by E. H. Babbitt have any significance. Says Mr. Babbitt, "English will be the vernacular of a quarter instead of a tenth of the people of the world and be read by half instead of a quarter of the people who can read," and that before the year 2000 dawned. Already half the newspapers of the world are printed in English, and probably three-fourths of the newspaper readers read in English almost exclusively. But Mr. Babbitt's strongest contention for the supremacy of English lies in the fact that it is the pioneer language in new territory, territory destined to rapid and immense development.

**A Short Christmas.**

"Christmas day is only three hours long in the Finnish town of Tornaa," said a traveler. "I spent last Christmas there. At sunrise I got up to see my presents and to read my Christmas mail, and night had fallen before I got through breakfast."

**The Nedjee Horse.**

A thoroughbred Arabian horse could on an ordinary course be easily distanced by a European racer, but for endurance of fatigue, docility and for speed maintained at long distances, so long as to appear incredible, the Nedjee horse acknowledges no equal. A good Nedjee will canter for twenty-four hours in summer and forty-eight in winter without requiring drink.
