

**Boy's Life Saved.**

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured him and believe that saved his life—WILLIAM H. SRAOLING, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by Mary A. Mee.

**Observation Cars.**

On and after November 15, 1907, the observation cars between Portland and Oakland California, on trains Nos. 15 and 16 will be carried through instead of being cut out, as heretofore, at Roseburg.

Southbound, under this new arrangement, passengers holding proper transportation and Pullman accommodations may occupy these cars on the night leaving Portland until reaching Eugene at 12:32 a. m.

FRED PARKER, Agt. S. P. Co.,  
311f Central Point, Oregon.

**Twenty-Five Cents is the Price of Peace.**

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by Mary A. Mee.

**Methodist Church Services.**

Preaching services every Sunday at 11 a. m. and every other Sunday evening at 7:30  
Sunday School every Sunday morning at 10:00  
Epworth League at 6:45 every Sunday evening  
Junior Epworth League at 3 p. m. every Sunday  
Prayer meeting every Thursday evening at 7:30

**Help for Those Who Have Stomach Trouble.**

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all the medicine I bought before.—SAMUEL BOYER, Folsom, Iowa. This medicine is for sale by Mary A. Mee. Samples free.

**Illegal Hunters Arrested.**

C. T. Reynolds, Thomas G. Belderback and J. F. Reynolds of Woodville were arrested July 4 in their camp, Salt Works, on Evans creek, 30 miles from Woodville, for violation of the game laws by Game Warden Harry G. Messler. Venison was found in their camp, and at the trial at Gold Hill Wednesday Reynolds pleaded guilty and paid \$25 fine and costs. The others were released upon their own recognizance.—Medford Tribune.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.**

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by Mary A. Mee.

**New Clubbing Offer.**

For a limited time we offer the Central Point Herald and the Thrice-a-Week World (New York) each one year for \$2.15. This means 208 papers at a cost of only a cent apiece.

Central Point is going to improve more during the present year than in any year in its past history. You will need the Herald to keep posted on what is doing at home.

A presidential election is coming on this year and you will need the Thrice-a-Week World to keep you posted on national affairs, especially regarding the political situation in New York.

**GREAT SHOW OF PONIES.**

The breeding classes at the New York horse show indicate the increased and constant interest that the ponies maintain at this great exhibition. They were forward in large numbers, and the quality is increasing each year, and the action shown by these miniature horses is really the marvel of the whole show. The interest evinced in the little fellows is of the very greatest, and they are one of the most attractive features of this exhibition.

The first class in the breeding division called for stallion and three of his get not exceeding 14.1. For this prize several candidates appeared, and pride of place was awarded to Dilham Prime Minister, formerly owned by Eben D. Jordan, now the property of Fred Pabst of Wisconsin. He was represented by three of his daughters—Dainty Eccles, Lady Eccles and Lady Dilham, this last mare being the sensation of the New York show of this year and probably the best pony in harness in the world at the present time. It is extremely doubtful if any sire could show three daughters the equal of these three ponies.

The class for stallions not to exceed 14.2 was probably one of the best ever shown. The ponies were distinctly high class, and several of them had been London champions. First prize was awarded to the stallion Little

EVERYBODY'S FAVORITE.  
[A study in Shetland character.]

Ruby. This is a black brown pony about 13.3, which was the champion at the International at Olympia in March and has also been champion at the London hackney show in previous years. He had been brought to this country by Messrs. Carr for the New York exhibition. It is extremely doubtful whether such extravagant action as displayed by this pony has ever been seen in America, not even excepting the famous Berkeley Bantam and Forest King. His hocks moved with all the precision and regularity of the piston of an engine, and their flexion was truly remarkable. His fore action was also excellent, and altogether he is probably the most sensational pony we have yet seen among the imported ones. He is smooth in his outline, good in shoulder, round in barrel, full in his quarters and carries his dock gayly.

**Shetland Ponies.**  
Shetland stallions were a good collection, somewhat larger than has been shown at the Garden for several years. Ellerslie of Ellerslie just barely beat Grand Duke. Ellerslie is a very level pony, upheaded in carriage, with good style and action.

There were quite a number of other good ponies in this class, and the interest that is being manifested in Shetlands in New York is of such character that Shetland men are standing in their own light by not giving the Garden as great an exhibit of these children's pets as can be seen in the world.

The Breeder's Gazette, Chicago, is the source of the foregoing interesting comment and illustration, and the same journal notes the large number of both stallions and mares registered in volume 7 of the American Shetland Stud Book, just issued, as proof that the breeding of Shetland ponies is at this time an industry which is constantly increasing.

**Dairy Work.**

Upon a good dairy farm a sixteen-year-old boy will do as well as a thirty dollar a month man. If the barn is clean and well lighted and the work systematized the objections so often raised against dairy work will be entirely overcome, says A. J. McGuire of the Minnesota experiment station in Kimball's Dairy Farmer. On our farm all the feeding and milking are done at the same time each day. Regularity and system cost nothing and return large dividends in the way of better production and absence of friction in doing the work. Each morning at 5:15 our dairy work is begun and each evening at 4, winter and summer. The cows are fed twice a day and watered once a day. With the exception of watering, the dairy work is finished at 7 o'clock in the morning. This is until 4 in the afternoon for other work. Our work is always done by 6 o'clock in the evening. Dairying becomes burdensome when it is added to a full day's work of some other kind. If you will make the dairy work part of the day's work there will be less objection and more profit.

**Maintenance of Beef Cows.**

At the Illinois experiment station the corn plant, fed either in the form of shock corn or silage, supplemented with a limited amount of clover hay, proved satisfactory rations for wintering beef breeding cows. Under the conditions of this experiment silage produced 41 per cent greater gain in live weight than an equal acreage of shock corn.

**Over Thirty-Five Years.**

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Mary A. Mee.

**DIARRHOEA**

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

**Chamberlain's Colic, Cholera and Diarrhoea Remedy**

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year.

In the world's history no medicine has ever met with greater success.
