J. S. Howard, of Medford, was in town Tuesday, when he closed a deal with J. W. Merritt for the sale of his corner lot adjoining the Merritt property. The consideration was in excess of \$600.00.

Jacques, the "Man of Mystery," with his able assistants, gave a series of excellent entertainments at the opera house, closing last night. The way he made the boys chase butterflies and fight hornets was a corker. The show is good.

Mrs. A. Bails recently returned from a visit to their former home in Nebraska. The crops in that section were very good the past season, including the cyclone crop. It is always remarked in that country that a cyclone season insures a good corn crop.

A. L. Aikins returned Saturday evening from a trip to Portland and Newport. He went to the latter place to enjoy a few days' duck shooting, but found the shooting poor for the reason that the weather has so far been too mild to bring the ducks in to the hunting territory.

A lady resident of west Central Point who has been without street light ever since she has resided there has expressed herself as rating the members of the street committee as the three handsomest men in town since their unasked-for action in giving her neighborhood a necessary convenience.

C. E. Clark came down from Talent Tuesday, where he has been employed in the Page orchard. Charlie informs the Herald that a recent item in this paper which spoke of him as "foreman" of the Page orchard was the cause of him losing his job there, the real foreman, Ray Wilson, almost exploding with wrath when he read the item. The Herald will say that Mr. Clark never stated to it that he was foreman at Page's, the writer having gotten that impression from some other source when he went to Talent several months ago. The dignity of some people is sometimes very easily injured.

Talent Odd Fellows Organize

About 25 members of the local Odd Fellow lodge went up to Talent last Saturday afternoon to assist in the institution of a new lodge of the order at that thriving town. The party went up on the afternoon train returning on the 10:00 o'clock train Sunday morning.

The new lodge, which is officially known as Talent Lodge, No. 211, I. O. O. F., started off with 31 members, 5 of whom were charter members, three admitted by card from other lodges and 23 initiates who had to get acquainted with the goal on that occasion. The work of instituting the new lodge was begun at 7:00 o'clock Saturday evening after which the members of the new organization elected their officers who were promptly installed into their respective chairs by District Deputy Grand Master T. M. Jones, of this city.

The 23 applicants were then elected to membership and duly initiated into the order by the work team of the Jacksonville lodge. The Central Point work team then conferred the First degree, the Medford team put on the Second degree and the Ashland team put on the work of the Third degree. The team work was all said to be very fine. The Central Point team in their new regalia for that particular work, and with their excellent training, received many compliments from visitors present.

The officers of the new lodge are: Wilson, N. G.; Patterson, V. G.; Gardner, Secretary; Conway, F. S.; Wimer, Treasurer.

The new lodge starts off under favorable auspices and expects to grow and prosper as time rolls on.

The Central Point football team (champions of southern Oregon) are arranging for a game with the Glendale team for Christmas day, on the local field. Lookout for hills with further announcement.

A letter recently received by A. Bails from J. L. Arnett, who, with Mrs. Arnett, is visiting at his old home in West Virginia, states that his health has not improved as much as they hoped for and that in consequence they will not return to Oregon as soon as they expected. They expect to go to New York City to consult a specialist before coming back West.

Old newspapers for sale at the Herald office. Bundle of twenty-five for 5 cents.

Warner Place Sold.

R. H. Campbell, recently from Oklahoma, has purchased the H. Warner place northwest of town, the deal having been closed last Saturday morning. The place contains 37 acres and the price was \$150 per acre. Mr. Campbell will take possession of the place at once and will put out most of it to fruit. He is a practical orchardist and expects to make that his business here. He is highly pleased with the valley and has plenty of faith in its future. The sale was made through the medium of the Central Point Real Estate Co., of which C. S. Sanderson is manager.

E. A. Heffer and L. A. Grant, of the Medford Dancing Academy, will be here tomorrow (Friday) evening and will conduct a class here if they can secure a class of not less than fifteen members, ladies and gentlemen. Build Cement House.

B. J. Aydlett, the cement man, is figuring on erecting a cement house here in the Spring for his own occupancy. Mr. Aydlett says a modern home can be built from cement at less cost than the same size building can be built of wood, and once built it will practically last forever. He believes that once such construction is started here it will speedily become popular.
