

CENTRAL POINT HERALD

VOL. 4 CENTRAL POINT, OREGON, THURSDAY, MAY 6, 1909. NO. 3

Council Meeting.

At the regular council meeting Monday evening the following councilmen were present, with Mayor Leever in the chair: Kyle, Jacobs, Hatfield and Pattison. In the absence of Recorder Jones Councilman Hatfield acted as clerk of the meeting. The following bills were audited and allowed:

T. M. Jones, books and supplies	\$19 00
Verne Magruder, work	15 00
Will Wright, work	5 50
H. A. Scott, work	2 00
Williams Bros., lumber	3 05
Lee Ingram, work	4 00
Herald, advertising	8 00
L. Hatfield, rebate on poll tax and exp.	1 25
Jas. Shields, salary as marshal	19 17
I. J. Purkeypille, same	21 65
R. R. Electric Co, street lights	6 90

The water committee reported having engaged Alfred Gillett to sink city well to water level at rate of \$3.25 per foot for first 40 feet. Work is progressing rapidly. An order was made to have I. J. Purkeypille secure lumber and erect a shed for the protection of the motor while the work is under way.

Mrs. Merley Wins Out.

The land contest case of the government vs. Rev. Josiah Merley, deceased, which was defended by the widow, has been decided in favor of Mrs. Merley. Judge Pentz was so notified by the Roseburg land office, who inclosed their decision in the case.

This ends another of the cases which were brought against homesteaders in the Big Butte district and said to have been caused by the outgrowth of a spirit savoring more or less of persecution and malice. All of the cases tried so far have been won by the defendants.

The May Day Ball.

The May Day ball given by the members of the Rogue River Band in the opera house last Friday night was one of the most enjoyable affairs of the kind ever held in Central Point. A good sized crowd was present but the crush was not so great as to interfere with the pleasure of the dance which lasted until a late hour.

The grand march started at 9:00 o'clock the music for that number being furnished by the full band and was declared by the dancers to be all right. During the remainder of the evening the music was furnished by Hazelrigg's superb orchestra. An elegant supper was served in the banquet hall at midnight. The affair netted the band over \$50 which will be added to the uniform fund.

Job work of all kinds neatly done at this office. Call and see samples.

The Rogue River Band

In the Rogue River band Central Point has a musical organization of which the town may well be proud. The organization now has 26 members and is said to be the largest cornet band in the state outside of Portland. A. W. Moon, the leader and teacher is well qualified for the position he holds as is evinced by the rapid progress the boys have made since the band was organized only a few months ago. Such an organization is a splendid advertisement for the town and the boys are entitled to good strong backing from every business man and citizen.

Whooping Cough.

This is a more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKeig of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by Mary A. Mee.

A Good Game.

The Central Point Cubs and the Jacksonville second team played a good game on the local diamond Sunday afternoon, resulting in a score of 5 to 3 in favor of the Cubs.

Tommy Kincaid and Sam Marshall proved themselves the invincible kid battery of the coast in this game, although Sam came out with a broken collar bone and will be off duty for some time in consequence. Jacksonville was full of confidence when they arrived in town, but there was nothing to it when the final finish came. The game was close and interesting, however, until the last inning, when the score stood 3 to 3, with Central Point to the bat for the last whirl. The Cubs ran in a score, making them one to the good, but so great was the momentum of the machine that they could not stop themselves until it stood 3-5, thus spoiling a close score.

The lineup follows:

CUBS	POS.	JACKSONVILLE
Kincaid	p	Hope
Marshall	c	Dunford
Wilkinson	1st	Cronmiller
Griffith	2nd	Thompson
Welch	3rd	Smith
Peart	ss	Coleman
DeVore	rf	Tucker
Holmes	lf	Wendt
Ross	cf	Preacher

Umpire, W. E. Price.

Damage Done at Crater Lake.

Word has been received that all the buildings at the station of the superintendent of Crater Lake park have been destroyed, or damaged by the heavy snows of the past winter, says the Medford Tribune. F. W. Arant, the superintendent of the park, will leave for there at once to determine the extent of the damage and to make arrangements for repairing and saving the house furnishings and supplies stored in the building.

It is reported that the snow is still ten feet deep at the station, which is four miles from the rim of the lake. Parties who were in that vicinity during the winter gave it as their opinion that the snow reached a depth of 25 feet. The buildings in the park were built especially to withstand the heavy snows. The house was a two-story structure with an exceptionally steep roof. The barn was built on similar lines and the cabin in which the Crater Lake company had all of its camp equipment stored, was built of logs and was designed to stand an enormous weight. It is the opinion of Arant that not much can be done with the buildings until the snow gets off, which will be the latter part of this month. If the damage is as bad as reported it will aggregate several thousand dollars.

Entertainment At Agate.

The closing exercises of the higher room of the Agate public school were held last Saturday evening being enjoyed by a large audience of patrons of the school as well as many visitors from other districts. The large new school house, completed there last summer, is so arranged that the partitions can be lifted through the ceiling leaving the entire building in one large assembly hall.

The Central Point band was present and furnished music for the occasion and the efforts of the boys were much appreciated.

A combination musical and flag drill was one of the striking features of the program, every nation being represented by a young lady bearing the flag and singing the national air of the country she represented.

Besides the band some 25 or 30 persons from town were present and all unite in declaring the affair a most enjoyable one.

The Jacksonville Post has changed hands J. W. Barnes having sold his interest in the paper to D. W. Bangshaw, recently from the state of Washington. The Herald extends greetings to the scribe and wishes him all kinds of prosperity in his new venture.

County Judges In Conference.

(Special Correspondence.)
The Oregon palate is never without a relish for a good warm soaking, growing rain, but never did it taste more like a full meal than during the last days of dry, record-breaking April. "Raise more hogs and get more wealth by sending the Oregon Brand of packing house products to every market of the world" is the motto that should be announced from every school and pulpit and be emblazoned on the walls of every commercial organization in the state.

The Horse and Cattle Sale in Portland has opened the eyes of livestock breeders in every part of the United States and Canada to the fact that Oregon is the best market for good things in that line in the United States.

Without regard to the exact spot in which they may reside, Oregon people are beginning to realize fully the tremendous benefit of the Annual Rose Festival, which this year begins June 7th, continuing until the 12th. This Festival emphasizes to people at a distance the extremely favorable climatic conditions which make possible the production of the finest roses in the world.

County Judge J. B. Messick of Baker county, upon the request of several county courts of the state, has issued a call for a state meeting of the county courts and county commissioners, at which it is expected to perfect a state organization similar to those existing in other states. Judge Lionel R. Webster of Multnomah county will act as chairman of the reception committee, with power to name his associates. The gathering will convene at the convention hall of the Portland Commercial Club at 10 o'clock Tuesday morning, June 7, and continue through the day. An arrangement has been made for the county courts and judges to secure a point of vantage to witness the Rose Festival parade Monday night and also the one Tuesday afternoon. Tuesday morning the convention will close its session, devoting the afternoon to the festivities. County commissioners, sheriffs and engineers have derived great benefit from their organizations throughout the entire United States, and it is certainly meet that the county courts and county commissioners, who practically handle the public affairs of each county, should get together for the benefit of each other's experience.

Oregonians don't wish anybody hard luck, but they never get sufficiently sympathetic when the fruit crop fails in the older states to "mark down" the price at which we "hold up" the balance of the world for its best apples.

Ed Farra and Lee Ingram returned Tuesday from the Elk creek mines, where they took a load of supplies. W. C. Leever and J. W. Merritt, two of the owners of the property, expect to leave for the mine in a few days to arrange for extensive development work during the coming summer.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lameness, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by Mary A. Mee.

"How many cigars do you smoke in a day?" the doctor inquired of his patient, to which Burne-Jones had carelessly replied, "Oh, I think about six." "Well," replied his adviser, "for the present you had better limit yourself to three." And in detailing the incident to me afterward Burne-Jones added, with a chuckle, "You know, my dear Carr, I never did smoke more than three."

Nicotine.
"If excessive smoking alone could cause heart degeneration," writes a correspondent of the London Mail, "such cases would be common instead of extremely rare. The fact is that only an almost infinitesimal amount of nicotine is absorbed in smoking. An ordinary sized cigar or an ounce of smoking tobacco contains enough of this virulent poison to kill two men. The only reason all smokers are not killed at once is that the nicotine is destroyed in the combustion of the leaf."

Procrastination.
"Why is procrastination said to be the thief of time?" asked the teacher. "Cause it takes a fellow so long to say it," answered the bright boy at the foot of the class.—Chicago News.

Central Point vs Grants Pass.

Manager Grieve took his aggregation of acrobatic athletes to Grants Pass Sunday and while the knowing umpire of the friendly encounter was wise to the proper dope by which to land his own team on the winning side of the page, the game was a good one, and by all manner of right figuring belonged to the Pointers but then, you know, it's good for the boys to get "skinned" once in a while, even if they can't be beaten. There was times when there was blood on the moon and it looked 'mighty billious for a quiet Sunday afternoon but the level heads held down the scrappers and there was no blood spilled. Two three favor the Pass was the score.

The game was a good one however, in spite of the umpire, being 2 to 2 at the end of the eighth, and that is good enough for anybody.

A breakdown in our wireless system prevents us giving the game in detail with lineup, star plays, etc. The boys go to Medford next Sunday to show the team up there a few new stunts. The game promises to be a good one and every Central Pointer who takes pride in seeing his home team win should be in the grand stand when the curtain rises. Grieve and Daniels both swear the game will be a humdinger and that is what the fans are looking for.

NOTICE.

To whom it may concern:—
This is to certify that November 7, 1908, I resigned as Manager of the Jerry Lumber & Mining Co. and therefore take this method of notifying all who may be interested in its affairs that I am not responsible for any of the present acts of said Co.

1-4t WALTER H. BOTTORFF.

Mrs. Eli Jones received from her nephew, E. B. Haas, of the U. S. S. Louisiana, a collection of 15 souvenir spoons from the countries visited by the battleship fleet in its trip around the world. The spoons came from Trinidad, Peru, Moji, Rio Janeiro, Australia, Honolulu, China, Japan, Smyrna, Auckland, N. Z., Ceylon, Egypt and are at once a unique and valuable collection.

T. M. Jones returned from Portland Tuesday morning after spending a couple of weeks there taking a course in embalming. The course of instruction was given by Prof. W. P. Hohen-schuh, president of the Western College of embalming, of Iowa City, Iowa, and the diplomas issued are the same as though the class took the regular course in that instruction. Mr. Jones received his diploma and afterwards passed the State examination and received a state license as a recognized embalmer.

B. H. Harris, manager of the Butte Falls Lumber Co., was in town Saturday looking after business interests. Mr. Harris says his mills are now turning out a large amount of fine lumber and the company is prepared to supply the trade of this section at reasonable prices. A new road has been built from Butte Falls to Eagle Point, making the mills easy of access for heavy teaming. Read the company's new ad in this issue.

Fishin'

Dr. Pollnitz and John Ross a fishin' went Tuesday and the following description of the trip, written by the doctor, gives a faint idea of the good time they had.

Divers kinds of recreation by the sons of men are taken, but there's one that beats all others out of sight: Just to follow your ambition and to spend the day in fishin' in the springtime when they never fail to bite. Down beside the creek or river with a can of worms or liver and a set of fishing tackle all complete, you can spend a day of pleasure past the power of words to measure: With sport as this no other can compare. Lay aside your business worry and your strivings mercenary, pick a day when indications all are right. 'Tis the time to 'woo the finny,' perch or catfish, scale or skinny, 'it is spring-time and the fish will surely bite.

Mark Applegate, who has been at the Elk creek mines all winter in charge of the work now being carried on, came in Monday. Mr. Applegate reports that the main cook house and bunk house at the mines were destroyed by fire a few days ago together with most of their contents. There were only three or four men at the mine at the time and they had some hot work fighting fire and keeping it from spreading into the adjacent forest. Fortunately for the owners, two wagon loads of supplies did not reach the mine until the day after the fire, and the loss was consequently less than it might have been.

The Ladies' Aid of the Christian church will serve ice cream, cake and lemonade on the afternoon of May 22. The Ladies' Aid will sew for the following prices: Round apron with ruffle, 25 cents; apron with long sleeves, 35 cents; plain shirtwaist, 35 cents; Mother Hubbard, 50 cents; comfort tacked for 50 cents; quilting per spool, \$1.00. The Society has 27 yards of good rag carpet at 40 cents per yard, also one wool and one silk quilt for sale.

Do It Now.

Now is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by Mary A. Mee.

REPORT OF THE CONDITION OF CENTRAL POINT STATE BANK

at Central Point, in the State of Oregon, at the close of business, April 28, 1909.

RESOURCES.

Loans and discounts	\$39,176.45

County of Jackson, } ss
I, J. O. Isaacson, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.
J. O. ISAACSON, Cashier.
CORRECT—Attest: W. C. LEEVER,
I. C. ROBNETT,
Directors.
Subscribed and sworn to before me this 5th day of May, 1909.
S. A. PATTISON,
Notary Public.

Word reached here a few days ago of the death of Constance Heatherly in a hospital at Los Angeles, California, Wednesday of last week. The young man was about 19 years old and was a grandson of Mrs. W. A. Owen of this city. Details of the sad affair have not yet reached here, but it is understood he was in the hospital as a result of an injury to his foot and it is surmised death was caused by blood poison.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by Mary A. Mee.
