Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach liver and blood, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Alabama. ble." At Stark's he found a large crowd of the new men, who welcomed him heartily, plying him with countless questions and harking to his maudlin tales of this new country which to him was old. He had followed the muddy river from Crater lake to the delta, searching the bars and creek beds in a tireless quest till he knew each stream and tributary, and, like Gale, he had lived these many years ahead of the law, where each man was his own court of appeals and where crime was unknown.

"Oh, there's lots of countries worse'n this," he declared. "We may not be very handsome to the naked eye, and we may not wear our handkerchiefs in our shirt cuffs, but there ain't no widlers and orphans doin' our washin', and a man can walk away from his house, stay a month and find it there when he comes back."

"Those days are past," said Stark. "There's too many new people coming in for all to be honest."

"They'd better be," said Lee aggressively. "We ain't got no room for stealers. Why, I had a hand in makin' the bylaws of this camp myself, 'long with John Gale, and they stipulated that any person caught robbin' a cache is to be publicly whipped in front of the tradin' post; then, if it's winter time, he's to be turned loose on the ice barefooted, or, if it's summer, he's to be set adrift on a log with his shirt off."

"Either would mean certain death," said a stranger—"frost in winter, mosquitoes in summer!"

"That's all right," another bystander declared. "A man's life depends on his grub up here, and I'd be in favor of enforcing that punishment to the letter."

"All the same, I take no chances," said Stark. "There's too many strangers here. Just to show you how I stand, I've put Runnon on guard over my pile of stuff, and I'll be glad when it's under cover. It isn't the severity of punishment that keeps a man from going wrong; it's the certainty of it."

"Well, he'd sure get it, and get it proper, in this camp," declared Lee, and at that moment, as if his words had been a challenge, the flaps of the great tent were thrust aside, and Runnon half led, half threw a man into the open space before the bar.

"Let's have a look at you!" he panted. "Well, if it ain't a nigger!"

"What's up?" cried the man crowding about the prisoner, who crouched, terror-stricken, in the trampled mud and moss, while those playing roulette and "bank" left the tables, followed by the dealers.

"He's a thief," said Runnon, mopping the sweat from his brow. "I caught him after your grub pile, Stark. He dropped a crate of hams when I came upon him and tried to run, but I dropped him." A trickle of blood from the negro's head showed how he had been felled.
