Hopes To Defeat Lafean Box Bill

That he is making headway and is very hopeful of defeating the LaFean apple bill now pending before congress, is the word sent back by C. E. Whisler to Prof. P. J. O'Gara regarding his efforts in Washington to defeat the bill, says the Mail-Tribune. Mr. Whisler has been in Washington for some time as the representative of the Rogue River Valley fruitgrowers.

Mr. Whisler's letter is dated January 12 and at the time he was in Norfolk, Va., attending a meeting of the National League of Commission Merchants. He expected to leave the following day on his return to Washington.

In regard to the LaFean bill, Mr. Whisler says: "I am now beginning to make substantial headway on the LaFean bill and am most hopeful as to the ultimate result."

Grocers of the state will gather at Eugene January 26th and 27th for the annual convention of the Oregon Retail Grocers' Association. There is a splendid program of deep interest to the dealers in foodstuffs and the attendance is expected to be the largest in the history of the state association. Problems coming up in the grocery business will be discussed and mutual help gained from the interchange of ideas of the various dealers.

A big convention of the coming year for Portland is that of the Ancient Order of Hibernians. The annual gathering of the national body will be held there July 19-21 and it is thought the greatest meeting in the history of the order in America will occur at that time. There are 1400 accredited delegates who will be in attendance, and in addition many other members and their friends will make the trip to the Northwest. It is expected that no less than 20,000 visitors will be attracted to the North Pacific Coast by this convention.

Wool growers of the country will gather at Portland in 1911, bringing to that city a convention representative of a great industry. Delegates to the recent convention of the wool men at Ogden from the Pacific Northwest were a unit for Portland as the next meeting place and they captured the gathering without serious opposition. Ninety per cent of the wool growers of the country are members of the organization, and the convention will bring thousands of visitors to Portland.

Portland, Or., Jan. 18.—Portland is entertaining today what is said to be the biggest excursion party ever organized in the Northwest and which includes 225 residents of Spokane, the Coeur d'Alene country, Walla Walla and the Palouse country and of the Canadian provinces of Alberta and Saskatchewan. The party occupies a special train of Pullmans and is bound for California. It was organized by the Spokane Chamber of Commerce and the Walla Walla Commercial Club in connection with the Harriman lines, it having become the custom to run a midwinter excursion to California each year. While in Portland the excursionists are being entertained by the Portland Commercial Club.

Right Now

Is the time to buy city property while the price is right. If you have a few hundred dollars lying idle you could make no better move now than to put it in city property. Let us talk it over

W. E. WHITESIDE
FOR A SQUARE DEAL

Squeamish Sentiment.

A woman came into the general store with a jar of butter. She desired to exchange it for another jar of butter. In churning her butter she had discovered a mouse in the churn.

"It didn't injure the butter," she said to the storekeeper, "and to anyone who did not know the circumstances it would taste all right."

Taking the woman at her word, the merchant carried her jar into the back room, transferred her butter to another jar; and the gratified customer took back her mouse butter with a thousand thanks for the accommodation.

There is a great deal of needless trouble in the world on account of squeamish sentiment.

Put in Jail

very accurately describes any one's feelings who is confined to the house with an attack of rheumatism, lumbago, stiff joints or muscles. Ballard's Snow Liniment will cure the trouble, relieve the pain and make you as supple as a two-year-old. Sold by Mary A. Mee.

Table Rockets.

The residents of Table Rock filled the school house Tuesday evening, Jan. 11th, to greet Rev. E. F. Zimmerman and Rev. T. J. Hazelton, who are working in the interests of the Anti-Saloon League. Mr. Zimmerman's presentation of the case against the liquor traffic was a strong one and was well received. The stereopticon pictures delighted the young people, who were present in large numbers. With the churches, the women and the children against them, it looks as if the dispensers of the "Oh be joyful" were up against it.

There will be a box social held in the Agate school house next Saturday evening and, as the proceeds will go towards buying a bell for the district, it is hoped the boys will take well-filled pocketbooks along and bid liberally.

Rev. Howlett filled his appointment here Sunday morning.

Prof. Davis visited Jacksonville last Saturday to interview Supt. Wells in the interests of the school.

A Sprained Ankle

As a rule a man will feel well satisfied if he can hobble around on crutches in two or three weeks after spraining his ankle, and it is often two or three months before he is fully recovered. This is an unnecessary loss of time as by applying Chamberlain's Liniment as directed a cure may as a rule be effected in less than one week's time and in many cases within three days. Sold by Mary A. Mee.
