O'GARA SAYS SPRAY NOW

April 7th Last Date for Spraying;
Then Inspectors Take Charge.

Professor O'Gara has issued the following notice to spray:

"It will be only a short time when fruit trees will be blooming, and before this time comes, all persons owning, renting or otherwise having charge of city property, upon which fruit trees, vines and shrubs are growing, must have these fruit trees, vines and shrubs sprayed with lime-sulphur solution. This is in accordance with the horticultural regulations of this state, and is an order given by the district commissioner of this district. If a tree, vine or shrub is worth having at all, it is surely worth keeping clean. It is our duty as citizens to observe the sanitary laws and regulations both as to our own health and the health of plants we grow. Fruit trees, vines, rose bushes, etc., must be sprayed regardless of their proximity to residences or other buildings. If owners feel that the spray will mar the paint on the buildings, then some arrangement should be made to protect the buildings when the spraying is done.

"All spraying must be done by April 7, which is the limit set for owners to have this work done. After that date, the inspectors will either spray or cut down the trees at their discretion and at the owner's expense. This decision has been made and will be upheld by the district commissioner of horticulture and the county commissioners of this county.

"Those who wish to spray their own trees may do so, but the strength of the spray must be not less than 4.5 degrees Beume. Naturally, those who spray for themselves will get their lime-sulphur from the Fruit Growers' association. This spray may be diluted by adding nine gallons of water to one gallon of the concentrated lime-sulphur solution. Those who are not prepared to do their own spraying may drop a note to Mr. Joseph Derry, corner Twelfth and Holly, Medford. Mr. Derry has a gasoline power outfit, and will do the work as directed by this office.

"This is the only notice that will be given. We hope everyone will feel it his duty to comply within the time limit set.
P. J. O'GARA,
Deputy Commissioner."

Misses Campbell & Schiebler have just received a large assortment of the taffette wired ribbon—very much in demand by the young girls for hair bows. It is 25 cents per yard. We also have a new line of tailored waists, and our assortment of trimmed and untrimmed hats are complete.

C. P. A "CITY" NOW MOREWATERBONDS

Grim and Lindsay Win for Council
NO Division for Recorder

At the municipal election held Monday the voters of the town declared in no uncertain terms that they, almost unanimously, stand for progress in bold type, both the charter amendments having carried by overwhelming majorities. D. C. Grim and H. W. Lindsay were likewise elected to the city council for three-year terms by big votes and J. W. Jacobs was re-elected as city recorder without a dissenting vote.

The vote on the charter amendment giving the council power to issue additional water bonds to the amount of \$15,000 for the purpose of extending the present water system was the best index of the election that question bringing out the heaviest vote of the day. Out of 1106 votes cast 95 were for the amendment and only 11 against it while on the amendment proposing to change the official name of the municipality from "town" to "city" 97 electors voted "yes" while only six indicated their desire to remain in the village class.

But little interest was shown in the matter of giving the west side representation on the council, Mr. Farnum, the west side candidate, receiving the lightest vote of the day.

The vote in full follows:
For councilmen—Lindsay, 87; Grim, 71; Farnum, 34.

For recorder—Jacobs, 97.
For additional water bonds—Yes 95; No, 11.

For changing name to "City of Central Point"—Yes, 97; No, 6.

Services at the Christian Church.

The mid-week prayer meeting on Thursday evening promptly at 7:30.

The topic for study on March 16 is "Our Debt to Presbyterianism," Luke 9:51-56; Eph. 2:11-22.

Christian Endeavor every Sunday evening at 6:30.

The teachers' training class meets on Thursday evenings, with T. M. Jones, teacher. Your presence will be welcomed at these hours of study.

At the Bible school 90 per cent of the attendants have had their bibles with them the last two Lord's days. The school opens at 10 o'clock sharp.

The topic for the morning sermon March 19 will be, "First Things First," and for the evening, "The Cost of Discipleship." We welcome you to these services. GIFFORD ERNEST, Minister.

Ed Welch and family, of Woodville, visited relatives here last week.

FRIENDS GREET NEW MINISTER

Rev. Ernest and Wife—Receive
Warm Welcome.

A pleasant social affair was that at the Christian church Tuesday evening when members of that church and many other citizens extended a welcome to Rev. and Mrs. Gifford Ernest, who recently arrived here from Wallowa county to take charge of the pastoral work in that congregation.

An excellent program of musical and literary selections was tendered by the young people of the congregation. T. M. Jones extended a welcome to the new pastor and his wife on behalf of the Christian church. Rev. T. J. Hazleton bid a neighborly welcome on behalf of the Methodist church and W. A. Cowley spoke on behalf of the Y. M. C. A. Rev. Ernest then responded to these words of warm welcome extended to himself and family after which coffee and cake were served and a pleasant social hour was passed.

Will Plat New Addition.

Another evidence of what is doing in Central Point is the purchase Saturday, by J. O. Isaacson, of the A. A. Sage tract, containing a little more than seven acres. The tract, which is better known as the Freel place, is situated in the southwest corner of the city limits and is very desirable property. Mr. Isaacson will have the tract platted into city lots at once and will put it on the market under proper building restrictions to insure a first-class residence district.

Concrete Walls Rising. Structure
to be Rushed to Completion

Jones & Hefler, concrete contractors, are busy with a force of men pushing up the walls of the L. M. C. A. building and already a considerable showing has been made. The foundation has been in place for some time and now the walls of the superstructure are receiving attention. Some changes are being made in the original plans as the work proceeds one of which is the location of the heating plant. This was at first provided for on the first floor of the building but it was discovered that by very little excavating the plant could be located in a sub-basement to excellent advantage. It is now expected the building will be completed and fully equipped before September 1.

Teachers Chosen.

So far, seven teachers have been selected for the Central Point public schools for the coming year, out of a possible complement of twelve. Prof. F. F. Cooper has been retained as principal for another year, as have Mrs. Purkepile, Mrs. Ross, Miss Harr and Miss Goode in their respective grades. Miss Deathe, recently from North Dakota, and now teaching in the Griffin Creek district, has been employed to take charge of the Third grade and Miss Elizabeth Beaver of Ashland, has also been employed, but her position in the school has not yet been assigned.

A number of the present teachers did not apply for positions here for the coming year.

Y. M. C. A.

Mr. Harry Tuttle, of Medford, made a very interesting and helpful address before the men's meeting in the Town Hall Sunday afternoon. Mr. Tuttle is very much interested in Y. M. C. A. work and would like to see a good Association in his own city. He used to be actively engaged in the work as a General Secretary.

Mr. N. Sutherland, who is spending the winter in Central Point, will be the speaker at the men's meeting in the Town Hall next Sunday afternoon.

WAGNER SELLS ASHLAND TIDINGS

Portland Men Take Charge of Ash-
land's Semi-Weekly Paper.

PORTLAND, March 14.—R. B. Bennett, a local newspaper man, has bought the Ashland Tidings, one of the old established papers of southern Oregon. His brother, L. S. Bennett, will be associated with him as business manager of the paper. R. B. Bennett has been on the editorial staff of a local paper for about two years as court reporter and telegraph editor. He graduated from Yale college in the class of 1906 and came west after having engaged in newspaper work in the east for several years. He will assume editorial management of The Tidings. His brother, who has been connected with large printing houses in New York and Portland, will act as business manager. They will assume ownership the first of next week and intend to conduct the paper along progressive lines.

CITY AND STATE BOOST TOGETHER

Portland Gives Outside Towns Due
Credit—Country Press Praised.

Portland, Or., Mar. 13.—A prominent feature of the report of the Promotion Committee of the Portland Commercial Club that has just been made to the business men who maintain the work deals with the splendid spirit shown by the whole state in co-operating with this city. Tributes to the state press were paid, for it was realized that without its help little could be accomplished in the big development movement under way throughout the Pacific Northwest.

It was conceded that the editors are the best boosters there are. Heads of the Portland newspapers attended the biennial dinner of the Club and helped with suggestions for furthering the work. They are among the most active ones in this city in the cause, and the same is true of the editors throughout Oregon; their work is incessant and is very effective.

The report of Manager C. C. Chapman of the Promotion Committee of the Club gives due credit for this valuable work. The co-operation of the various commercial bodies of the state through the Oregon Development League was mentioned with appreciation, as was the assistance of other Coast cities, in helping along movements of mutual welfare.

Portland business men who have contributed to the funds of the Promotion Committee were shown that their support has been a great benefit in building up the state at large as well as their own city, and the detailed work shows the funds have been well spent.

Chairman Johnson of the promotion Committee emphasized the great future of Portland and the Northwest and showed the need for continued effort along lines so far followed. The work of the Inquiry Bureau of the Commercial Club, the convention and industrial bureaus and the press bureau was reviewed and progress noted in all the varied activities. Greater progress for the future is the purpose of the Promotion Committee and this ambition extends throughout the state.

Millinery Opening Mar. 23-24-25.

I wish to state to the ladies of Central Point and vicinity that I have just returned from San Francisco with a full line of the latest and most popular hats of the season and cordially invite you to call and inspect them. I also have a nice line of shirt waists, collars, etc., at reasonable prices. We will also show the latest novelties in trimmed hats during the Spring Opening, on Thursday, Friday and Saturday, March 23-24-25.
