An Oregon man was visiting Westminster abbey. "I suppose," said an Englishman whom he met there, "that you have no such place as this in Oregon." The Oregon man admitted as much. "Well," replied the Oregonian, "we first appoint a commission to find out if they are really dead, and if the commission decides that they are we send them to the legislature."

Gold Hill is bragging a lot about a squash grown on the Del Rio ranch near that city weighing 78 pounds which they claim to be the champion of the valley, because the biggest one shown in the Medford exhibit weighed only 68 pounds. A "Peach" and "Some Pumpkins."

Uncle Tom Kelsoe, the popular popcorn man, is proud of the productiveness of Central Point soil, and well he may be. On a young peach tree in his garden, at Sixth and Maple streets, grew this season ten fine peaches which measured an even foot in circumference and weigh an even pound each. In the same garden, and in the shade of the little peach tree, he also produced a squash which measures just five feet around. That's some pumpkins, even if it is a squash.

Central Point People Should Try This.

Mary A. Mee states that any one who has constipation, sour stomach or gas on the stomach, should try simple buckthorn bark, glycerine, etc., as compounded in Adler-ika, the new German Appendicitis remedy. A SINGLE DOSE brings relief almost INSTANTLY and Central Point people are surprised how QUICKLY it helps. This simple remedy antiseptizes the digestive organs and draws off the impurities. Mary A. Mee, Druggist.
