A Correction

The statement published in last week's Herald to the effect that the building and furniture of the Y. M. C. A. "as it now stands has cost almost \$10,000, all of which had been paid or pledged before the opening, but \$1,200," was an error. That amount only represented the floating indebtedness, and is in addition to a loan of \$3000, which was negotiated some time ago, and is secured by a mortgage on the property.
