 Mr. and Mrs. Fred H. Hopkins and sons, Frederic and William started Sunday afternoon on a trip to the Panama Canal Zone. They expect to be absent from the city for about a month.
 The high school basket ball team went to Medford Monday evening and engaged the Medford Business College team in a game in which our boys easily had the best of the contest. The score stood 26 to 7 in favor of the Central Pointers at the conclusion of the play.
 Damage suits growing out of the explosion in the quarry at Jacksonville early last summer in which six men were killed has been settled out of court by the payment of damages by the contractors, Twoby Brothers. The terms of the settlement are not made public.
 Ellis are out advertising an auction sale at the W. C. Owen residence on Sixth and Manzanita street for Saturday afternoon, January 11, at 2:00 o'clock sharp. Household goods, dishes and cooking utensils with stoves and numerous other articles are to be put up. George L. Neale will cry the sale.
 W. E. Kahler and son Ed have purchased the 80-acre farm of H. J. Stewart in Sams Valley. The price paid is not given out but it is understood that tract has been under option at \$3,500.00. The place has about fifty acres under cultivation and a nice family orchard and is rented at present so the new owner will not move out this winter.
 The men of the Methodist church are to serve a chicken pie supper at the Y. M. C. A. building next Monday evening. The menu is a la cafeteria and besides the chicken pie contains such tempting items as escoloped potatoes, cranberry sauce, salad, hot rolls, pie cake and coffee. Supper will be ready at 5:30.
 Two car loads of extra fancy Ben Davis apples from the F. V. Beckworth Orchard was loaded at this station Tuesday to be shipped to Germany. From eleven acres of this orchard 6000 boxes of apples were picked and packed this season. This orchard, under the foremanship of George Pankey, is one of the best paying properties in the valley.
 Dates have been fixed for the annual convention of the American Association of Nurserymen in Portland next June 18, 19 and 20. As this is the week following the Rose Festival, an effort will be made to have the visitors come early in order to attend the flower fete. It is expected that from 400 to 500 Eastern members of the association will attend. The Pacific Coast Association of Nurserymen meets here at the same time, convening one day earlier to transact business of the organization.
 There is strong talk that the Pacific & Eastern road is really to be connected with the Hill lines and that a road will be built from Eagle Point down the Rogue River to the coast. A survey over the route has recently been completed and indications point to the fact that such a course is at least seriously considered by some company. However, as yet there is no definite statement from any one in authority that such a line will be built and while the advantages of such a road are very apparent the building of the same is not at all assured. It seems to have always been the general supposition that when the Hill road was extended to the coast it would cross this valley in the most direct line to the seaboard. The survey which has started the rumor of a line down the river would indicate that other plans are considered and that railroad companies in running their lines pay but scant attention to any local predictions, interests or desires. About the only thing that is certain in the matter is that the Hill road will build to the coast when it gets good and ready and that it will run the line just where it wants to. Any other plan considered is merely conjecture.

NEWS FROM OUR NATIONAL CAPITAL

Congress Must Hold Night Sessions to Pass Many Large Measures in Time

Washington.—With final adjournment of the 62d congress two months away, the house is confronted by a jammed calendar and the supply bills which promise weary days and sleepless nights for the legislators.
 Only a single appropriation bill, the legislative, executive and judicial supply measure, has been passed by the house. The Indian appropriation bill is now under consideration and it should be completed this week. The big appropriation measures which involve a vast amount of detail likely to cause lengthy discussion, are still to come. The postoffice appropriation bill has been reported from the committee and is awaiting action by the house.
 Members of the house are looking forward to about a month of night and day grinding just before the conclusion of the session and the leaders are already making plans to hold a quorum of members that work may be rushed through.
Tariff Hearing Begun
 The ways and means committee of the house on Monday began its series of hearings on the all important subject of tariff revision. The hearings will be by schedule, beginning with chemicals, oils and paints, with subsequent dates arranged for the hearings of the various other schedules and the free list. In this way it is expected that most of the preliminary work may be in hand by the end of February, so that the work may then begin on the drafting of the measure or measures for tariff reduction in readiness for the extra session beginning in March.
Manufacturers Oppose Revision Plan
 A score of manufacturers, importers and representatives of other interests affected by customs charges aired their grievances before the house committee on ways and means in the first of a series of hearings preliminary to the sharp revision of the Payne-Aldrich tariff law in the coming extra session of congress.
 The discussion ranged from poker chips to sponges and from caustic potash to laundry soap. The burden of the arguments was the maintenance of the present tariff instead of the changes proposed by the democrats along the line of the terms of the chemical tariff revision bill put through both houses to a White House veto last year.
Real Dissolution is Court Demand
 The plan proposed by Union Pacific Railroad attorneys for "dissolving" the Union Pacific and Southern Pacific railroad by allowing the Union Pacific stockholders to have the exclusive privilege of buying the Southern Pacific stock now owned by the Union Pacific railroad corporation was curtly but positively rejected by the supreme court of the United States.
 The court took the position that a corporation only is another name for the stockholders, and to allow the Union Pacific stockholders to buy the stock now held by the Union Pacific Railroad company, the corporation of which they are the stockholders, would amount to nothing effectual. This action is regarded as a highly important precedent in anti-trust legislation.
State Power Over Railways Curbed
 The power of the states over railroads and express companies suffered a hard blow when the supreme court held that since the passage of the Carmack amendment to the interstate commerce law in 1906, the states had ceased to have the right to annual contracts between railroads and shippers limiting the liability for the loss of interstate shipments.
 Another serious blow was delivered when the court held that the states, since the passage of the interstate commerce acts, and particularly the Hepburn law in 1906, had no power to penalize railroads for failure to furnish cars for interstate shipments.
National Capital Brevities.
 The navy department has awarded contracts for eight new submarines to cost \$500,000 each.
 The death of Senator Davis, of Arkansas, probably means that Senator Chamberlain will become chairman of the public lands committee when the democrats reorganize the next senate.
 The house committee on merchant marine began hearings Tuesday to investigate the methods and practices of domestic and foreign steamship lines, particularly as to any agreements, pools or combinations with railroads.
 The inauguration of the parcel post on New Year's day was an unqualified success and so complete had the arrangements been made that not a hitch was reported from any point. Among the articles sent and received were brindle pups, sides of bacon, eggs, fruit, horse collars and like articles. One firm in Chicago purchased \$17,000 worth of stamps.
