Y. M. C. A. Notes

The "Meteors", the boy's basket ball team at the Y. M. C. A. were at Ashland last Friday evening where they played a return game with the Barraca team, which they defeated here a few weeks ago. The game Friday evening brought defeat to the local boys, the score being 21 to 28. Losing the game was not the result of inferior playing, but because the greater weight of the Ashland boys won over our boys. At the end of the first half the score was 12 to 13 in favor of Central Point. The aggressiveness of the first half however, could not be kept up in the second. The boys played a snappy clean game and only for the handicap in weight would have easily won. The Ashland team show great improvement due to the good work of Coach Douglas. Both officials were Ashland men, at Central Point's request, and their work was entirely satisfactory.

The standing of the teams in the shuffling tournament is as follows.

Team	Won	Lost	Percent
Beebe-Shields	8	2	800
Bacon-Minuth	8	2	800
Tuttle-Sturtevant	4	1	800
Cowley-Kahler	3	2	600
Lindsay-England	2	3	400
Isaacson-Hatfield	3	12	200
Barnett-Kahler	1	4	200
Young-Aldrich	1	4	200

The men are enjoying the sport and some expert players are being developed.

The boys of the Y. M. C. A. are requested to meet at the building at 7:30 on Friday evening Jan. 10th when a boys' club will be organized. Immediately following this work will be begun in the gymnasium, socials arranged, hikes taken and other things that will interest the boys.

Lawyers from various parts of the state and members of the legislature from almost every county in Oregon are expected to attend the meeting in the federal courtrooms in Portland on the afternoon of Friday, January 10, to discuss the proposed laws for revision of the judicial system of the state.

More than 20 county assessors were at Salem last week in a conference with the state tax commission relative to the showing recently made by railroad companies as to alleged discrimination in taxation as to corporation. The schedules filed by the companies were gone over, analyzed and criticized by the assessors.

Because the 17-year-old daughter of Charles F. Beck at Klamath Falls spurned his attentions, George Gowan entered the Beck home, went into the kitchen and exploded a stick of dynamite which wrecked the building, injured five members of the family and received wounds himself which will probably result in his death.

City authorities have negotiated with owners to take over an additional 40 acres in the Ashland canyon district, near the upper intake, deeming this action necessary further to protect the purity of Ashland's water supply. Gradually the incorporation is obtaining control of the entire watershed of the Ashland creek district.

Mr. and Mrs. G. B. Quim of Eagle Point were in the city Thursday on their way to Grants Pass on a short business trip.

Mrs. W. C. Owens and children left Thursday afternoon for Long Beach, California, where they expect to locate. Mr. Owens will remain in this city for a few months and then join them there.

While driving in from the McKillop home west of town in company with his daughter, Miss Agnes Dunlap, and Miss Davison, the horse A. J. Dunlap was driving began kicking and in the mixup that followed the dashboard of the rig was demolished and Miss Davison has a tooth broken by a blow in the mouth. However, the animal was quieted before any serious damage was done and while the accident resulted in considerable pain to Miss Davison it is considered fortunate that nothing of a worse nature happened.

T. L. Ragasdale, wife and daughter of Grandview, Idaho, arrived in the city Thursday for a visit at the home of Mr. and Mrs. B. F. Peart, in this city. Mr. Ragasdale and Mrs. Peart are brother and sister.

It would appear that considerable dissatisfaction is felt by Gold Hill citizens over the action of the mayor and council of that city in retaining L. S. Noe as marshal pending his trial for the part he took in severely beating "Dode" Shoemaker while trying to make an arrest Christmas night. It seems to be the opinion that the marshal overstepped his authority and judging from the attitude of the newspaper of that city the citizens would like to see him taken off the force pending his trial.

Livestock Association Seeks to Aid

Certain measures believed to be of benefit to the state as a whole are favored by the Oregon Purebred Livestock Association, which will present them to the coming session of the Legislature. Among these is the Livestock Sanitary Bill which has the approval of the Grange, the woolgrowers, dairy association and the Consumers League. The association also asks that \$50,000 out of the Panama-Pacific Exposition appropriation be set aside for livestock premiums to go to Oregon exhibitors.

An appropriation of \$10,000 is asked for purchasing livestock for the Oregon Experiment Station; this is to be a continuing appropriation. It is recommended that the premium fund for livestock at the State Fair be raised and that an annual appropriation of \$3,000 be made for the annual dairy show at Portland. It is also thought best to do away with district fairs and establish a county fair in each county. It is recommended that no state fair be held in 1915, but that this state join with the Panama-Pacific Exposition to hold the biggest stock show at San Francisco ever known.

"It looks to me like a big time that night," Friday evening, January 17, when the band boys give their dance.
